

Overall Description

Karl Miller Center (KMC) is a split-level mixed-use building with retail on the ground level southeast and northwest corners. KMC forms a solid metal rectangle on the south half of the block, but forms suspended wood rectangles intersecting with a glass pyramid on the north side. **The primary building circulation is not orthogonal. The primary building circulation forms a single helix spiral. Stairs and corridors are irregularly placed. Persons with disabilities are urged to rely on the building elevators near the center of the building to navigate its spaces.** ADA accessible entrances may be found on the northeast corner (the Montgomery and 6th Avenue corner), on the south, Harrison Street, side toward the east corner and down a short ramp, and on the west, Broadway, side north of center. Social seating, lounge seating, and study tables may be found in nearly all public circulation spaces. Note: On the east, 6th Avenue, side of KMC the first floor is on ground level, but on the west, Broadway, side of KMC, the second floor is on ground level.

On Floor 1 of KMC the main building entrance is located on the northeast corner of the building. This entrance opens into the central atrium lobby L160. The main lobby L160 occupies the central axis of the north wing of the building. Lobby L160 is bordered on the north toward the west by classroom 180, near the middle by classroom 185, and toward the east by classroom 190. Lobby L160 is bordered on the east by the main entrance. Lobby L160 is bordered on the south by corridor C115 with access to rooms 150 and 155 and retail lobby L110. Lobby L160 is bordered on the west toward the northwest by room 175 and toward the south by social stairs S100. Note: the circulatory stairs intended for transit up the social stairs are against the south wall, the remaining stairs functioning as lounge seating facing east out the atrium.

The retail lobby L110 is bordered on the north by corridor C115 with access to rooms 150 and 155 and the main lobby L160. Lobby L110 is bordered on the east toward the north by retail space 110 and toward the south by retail space 120. Lobby L110 is bordered on the south by the ramp down from the south, Harrison Street, entrance. Lobby L110 is bordered on the west at the south end by room 130, toward the south by room 135, near the center by men's restroom 140 and women's restroom 145, and at the north end by the short ramp down from the elevator lobby.

The first floor elevator lobby is bordered on the north at the west end by the corridor to room 102 and stairwell S101, in the middle by elevator E101, and at the east end by elevator E102. The first floor elevator lobby is bordered on the east by a short ramp down to lobby L110. The first floor elevator lobby is bordered on the south by rooms 103 and 104.

Restrooms

On Floor 1 of KMC restrooms are located to the west of retail lobby L110. Men's restroom 140 and women's restroom 145 are located near the center of the west wall of lobby L110. The men's restroom 140 is to the south and the women's restroom 145 is to the north.

Wheelchair Accessible Entrances and Exits

On Floor 1 of KMC all entrances are fully ADA accessible. Wheelchair users can enter the main entrance on the northeast corner, the Montgomery and 6th Avenue corner, of the building.

Alternatively, wheelchair access to Floor 1 of KMC can be made via the south, Harrison Street, entrance near the southeast corner of the building.

Elevators

On Floor 1 of KMC elevators E101 and E102 are centrally located in the elevator lobby to the west of the retail lobby L110, southwest of the main lobby L160. These elevators provide access to all floors.

Stairs

Social Stairs S100 are located in the center of the central atrium that transects the north wing of the building. These stairs provide access to floors 1 and 2 ONLY. Stairwell S101 is located to the north of the elevator lobby, at the north end of the east wall of the corridor that runs north from the elevator lobby. This stairwell provides access to all floors. Stairwell S102 is located near the center of the south, Harrison Street, facade. This stairwell provides external egress from floors 2 through 6 to Harrison Street.
