- ACTG 485 counts toward the accounting elective requirements for the post-bac certificate and undergraduate degree requirements, and is strongly encouraged for students who plan to take the CPA. However, if you plan to take the CPA exam in Oregon, undergraduate degree seeking students will need to take a second elective in addition to ACTG 485 as it is NOT considered "accounting-related" for purposes of CPA exam eligibility.
- To prepare thoroughly for the CPA exam, we recommend that you take all of the following electives: ACTG 422, 485 & 493.
