

November Assessment Report

Assessment Committee:

Dave Bullock

Carolyn Carr

Christine Chaille

Serap Emil

Ann Fullerton

Cheryl Livneh

Deb Miller

Gayle Thieman

Steve Isaacson

We've got things to report!

- Update on data system
- Work on assessment tools
- New idea

Measurement Tools

For these transition points:

- Admission
- Midpoint (before major field/clinical experience)
- Completion of field/clinical experience
- Follow-up

First focus: Admissions

1. Review of all programs' admission procedures and measures
2. Two that all use:
 - Recommendations/letters of reference
 - Written personal statement
3. Cheryl drafted rubrics for both

Admissions Continued...

4. Consensus:

- Common rubric
- Common core components
- Program-specific items you can add.

Why?

- Looking for common dispositions
- Need to work from a common conceptual framework
- Aggregating data across programs

Admissions Continued...

5. Proposed: A task force on interviews & simulations
6. Next focus: Midpoint (practicum evaluations, grades, other?)

Other work on tools...

Work Sample Task Force:

Dave Bullock

Serap Emil

Micki Caskey

Julie Esparza-Brown

Chris Cartwright

Greta Krahn

Carolyn Carr

Leslie Munson

Work Sample Task Force

- Many great ideas shared
- Consensus: We should have a common way of evaluating them
- Met/not met not enough; agreement around either a 3-point or 4-point scale.
- We should have a similar task force for field experiences

New idea...
