Field Schools & Summer Capstone Opportunities

**WHOLE SYSTEMS LIVING IN THE COLUMBIA GORGE**

CRN: 81202, UNST 421, sec. 516
Instructor: David Hall, deh@pdx.edu

Dates: 6/24/19 - 7/21/19 - Only 1 month long!

**Instructor:** David Hall, deh@pdx.edu

**Description:** Partnering with the Little White Salmon Biodiversity Reserve (LWSBR), participants will help tend farm and two overnight site visits in the Columbia Gorge. Students will create multimedia materials to support sustainability to be distributed to Portland schools and beyond. Class discussion centers on the first two books in the Northwest Earth Institute series, Voluntary and the Center for Earth Leadership (CERL) empower individuals and organizations to transform culture toward a sustainable and enriching future. Working with established green teams and enrichment programs, students develop and facilitate sustainability activities for youth. Our partner groups, The Northwest Earth Institute (NWEI) and forest lands while exploring relationships among science, culture, stewardship and community development. LWSBR is committed to providing a place-based, systems-aware learning environment.
