

Overall Description

The Lower Basement level of the Richard and Maurine Neuberger Center (RMNC) consists of both a parking garage surrounding the building that holds mechanical spaces. The parking garage holds 85 parking spots and has sidewalk stair access on each corner. A bicycle area is located north, directly before the entrance to the building.

Restrooms

There are no restrooms in the Lower Basement. Use the elevator to access restrooms on the first floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access to the lower basement can only be made by elevator or walking the parking ramp.

Elevators

Elevators BE280 and BE281 are located centrally within the building on each side of the corridor and provide access to the Upper Basement and Floor 1. Floor 1 elevators provide access to all levels.

Stairs

Stairwell BS102 is located at the end of the corridor in the south half of the floor. This stairwell has access to all floors.

Overall Description

The Upper Basement level of RMNC consists of both a parking garage surrounding the building that holds mechanical spaces. The parking garage holds 85 parking spots and has sidewalk stair access on each corner. A bicycle rack area is located south, directly before the entrance to the building. Vehicle entry to the parking garage is located on SW Market Street.

Restrooms

There are no restrooms located on this level. Restrooms can be accessed on the upper floors.

Wheelchair Accessible Entrances and Exits

Wheelchair entry into the building can be made via the Upper Basement level. Wheelchairs enter on SW Market Street using the vehicle ramp and follow the pathway to the back entry on the east side of the building to the elevators.

Elevators

Four elevators are located centrally within the building on each side of lobby BL100. Elevators E180 and E181 provide access to the Lower Level Basement and Floor 1. Elevators E182 and E183 provide access to Floor 1.

Stairs

Stairwell S102 is located at the end of the corridor in the south half of the floor. This stairwell has access to all floors.

Overall Description

Floor 1 of the Richard and Maurine Nueburg Center (RMNC) is accessible through the main entrance from the sidewalk of SW Fourth Avenue. The main lobby V100 is located at the front of the building with access from the sidewalk via an external staircase. The lobby serves as an informational space, often with a receptionist who can help answer any questions. The lobby is bordered by room 109 to the north and room 110 to the south. Moving east through the lobby to L100 provides access to the elevators, restrooms, and all other rooms on this floor.

Restrooms

Restrooms are located in corridor C103 just east of the lobby and elevators. 130 is the women's restroom located to the north and 125 is the men's restroom located south. Room 124 is a single-occupancy, all-gender restroom.

Wheelchair Accessible Entrances and Exits

Wheelchair access to the first floor is gained through taking the elevators. Entry to the building via wheelchair is made by entering the Upper Parking Level on Market Street, following the pathway to the east side of the building, and taking the elevators up.

Elevators

Four elevators are located centrally within the building on each side of lobby L100. Elevators E180 and E181 provide access to the basement levels. Elevators E180, E182, and E183 can access Floors 1 through 9.

Stairs

Three sets of stairwells are present on Floor 1 and can be accessed from the lobby. S101, the north stairwell, provides access to all floors of the building. Stairwells S103 and S102 are accessed through a small vestibule V102; S102 leads up all the way to Floor 9 and S103 leads down to the basement levels.

Overall Description

On RMNC Floor 2, the elevators are located centrally in the building. The elevator lobby, L200, is bordered to the west by the entrance to suite 260 and to the east by suite 210. There are two corridors that can be accessed from the elevator area. C203 is the corridor located east of the elevator area and has access to the women's restrooms, north stairwell, room 206, and private entrances to 260 offices and 210 offices. C201 is the corridor located west of the elevator area and has access to the men's restrooms, south stairwell, and private entrance to the suite 260 offices.

Restrooms

The women's restroom is located in C203 to the east of the elevators, while the men's restroom is located in C201 to the west of the elevators. There are no gender neutral restrooms on this floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 2 is made by elevator and can be accessed from Floor 1 and the Upper Basement level.

Elevators

Three elevators are located centrally within the building on each side of lobby L200. Elevators E280, E282, and E283 can access Floors 1 through 9.

Stairs

There are three stairwells on Floor 2. S201, the north stairwell, provides access to all floors of the building and can be found in corridor C203. S202 and S203 are the two stairwells off of corridor C201. S202 provides access to Floors 1 through 9. S203 is just south of S202 and provides access to Floors 2 and 3 only.

Overall Description

On RMNC Floor 3, the elevators are located centrally in the building. The elevator lobby, L300, is bordered to the west by corridor C301 leading to suites 360 and 380; the men's restroom in 202; and stairwells S302 and S303. The elevator lobby is bordered to the east by corridor C303 providing access to suites 312, 314, 416, 320, 322, 326, and 340; women's restrooms in 304 and 324; men's restroom in 318; and stairwell S301.

Restrooms

There are four restrooms on Floor 3. Men's restrooms are located off both of the main corridors in rooms 303 and 318. Women's restrooms are located off both of the main corridors in rooms 304 & 324.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 3 is made by elevator and can be accessed from Floor 1 and the Upper Basement level.

Elevators

Three elevators are located centrally within the building on each side of lobby L300. Elevators E380, E382, and E383 can access Floors 1 through 9.

Stairs

There are three stairwells on Floor 3. S301, the north stairwell, provides access to all floors of the building and can be found in corridor C303. S302 and S303 are the two stairwells off of corridor C201. S302 provides access to Floors 1 through 9. S303 is just south of S302 and provides access to Floors 2 and 3 only.

Overall Description

On RMNC Floor 4, the elevators are located centrally in the building. The elevator lobby, L400, is bordered by corridors C401 and C405 providing access to the offices, stairs, and restrooms.

Restrooms

There are three restrooms on Floor 4. A single-occupancy, all-gender restroom is in room 405 and the women's restroom is in 404 both off of corridor C403 to the east of the elevators. The men's restroom is in room 403 off of corridor C401.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 4 is made by elevator and can be accessed from Floor 1 and the Upper Basement level.

Elevators

Three elevators are located centrally within the building on each side of lobby L400. Elevators E480, E482, and E483 can access Floors 1 through 9.

Stairs

There are two stairwells on Floor 4. S401, the north stairwell, provides access to all floors of the building and can be found in corridor C403. Stairwell S402, the south stairwell, provides access to Floors 1 through 9 and can be found in corridor C401.

Overall Description

On Floor 5 of RMNC, the elevators are located centrally in the building. The elevator lobby, L500, is bordered to the west by corridor C501 leading to suite 518; the men's restroom in 520; a single-occupancy all-gender restroom in 522; and stairwell S502 and S303. The elevator lobby is bordered to the east by corridor C500 providing access to suites 501 and 541; a kitchen lounge in 542; the women's restroom 543; and stairwell S501.

Restrooms

There are three restrooms on Floor 5. A single-occupancy, all-gender restroom is in room 522 and the men's restroom is in 520 both off of corridor C501 to the east of the elevators. The women's restroom is in room 543 off of corridor C500.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 5 is made by elevator and can be accessed from Floor 1 and the Upper Basement level.

Elevators

Three elevators are located centrally within the building on each side of lobby L500. Elevators E580, E582, and E583 can access Floors 1 through 9.

Stairs

There are two stairwells on Floor 5. S501, the north stairwell, provides access to all floors of the building and can be found in corridor C500. Stairwell S502, the south stairwell, provides access to Floors 1 through 9 and can be found in corridor C501.

Overall Description

On RMNC Floor 6, the elevators are located centrally in the building. The elevator lobby, L600, is bordered to the west by corridor C601 leading to suite 650; the men's restroom in 603; a single-occupancy all-gender restroom in 601; and stairwell S602. The elevator lobby is bordered to the east by corridor C603 providing access to suite 630; the women's restroom in 604; and stairwell S601.

Restrooms

There are three restrooms on Floor 6. A single-occupancy, all-gender restroom is in room 601 and the men's restroom is in 603 both off of corridor C601 to the east of the elevators. The women's restroom is in room 604 off of corridor C603.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 6 is made by elevator and can be accessed from Floor 1 and the Upper Basement level.

Elevators

Three elevators are located centrally within the building on each side of lobby L600. Elevators E680, E682, and E683 can access Floors 1 through 9.

Stairs

There are two stairwells on Floor 6. S601, the north stairwell, provides access to all floors of the building and can be found in corridor C603. Stairwell S602, the south stairwell, provides access to Floors 1 through 9 and can be found in corridor C601.

Overall Description

On RMNC Floor 7, the elevators are located centrally in the building. The elevator lobby, L700, is bordered to the west by corridor C701 leading to suite 730; the men's restroom in 703; a single-occupancy all-gender restroom in 701; and stairwell S702. The elevator lobby is bordered to the east by corridor C709 providing access to offices; the women's restroom in 704; and stairwell S701.

Restrooms

There are three restrooms on Floor 7. A single-occupancy, all-gender restroom is in room 701 and the men's restroom is in 703 both off of corridor C701 to the east of the elevators. The women's restroom is in room 704 off of corridor C709.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 7 is made by elevator and can be accessed from Floor 1 and the Upper Basement level.

Elevators

Three elevators are located centrally within the building on each side of lobby L700. Elevators E780, E782, and E783 can access Floors 1 through 9

Stairs

There are two stairwells on Floor 7. S701, the north stairwell, provides access to all floors of the building and can be found in corridor C709. Stairwell S702, the south stairwell, provides access to Floors 1 through 9 and can be found in corridor C701.

Overall Description

On RMNC Floor 8, the elevators are located centrally in the building. The elevator lobby, L800, is bordered to the west by corridor C801 leading to suite 850; the men's restroom in 803; a single-occupancy all-gender restroom in 801; and stairwell S802. The elevator lobby is bordered to the east by corridor C803 providing access to offices; the women's restroom in 804; and stairwell S801.

Restrooms
