

Overall Description

The Basement level of the University Center Building (UCB) consists of a parking garage with a driving-ramp in the center that leads to the upper level of parking. The basement-level parking garage holds 102 parking spots and there is an elevator and stair vestibule on the north and south ends.

Restrooms

There are no restrooms on the Basement level. Use the north or south elevators to access restrooms on the third and fourth floors.

Wheelchair Accessible Entrances and Exits

From the basement level, there are three designated wheelchair-accessible parking spaces along the northside of the building. There is a ramp and sidewalk that leads to the north elevator, E052. To enter and exit the basement floor itself, the centralized driving-ramp connects to the first floor parking area that is accessible via the northside of the building. The basement level can also be accessed via the southside of the building and down two levels of driving-ramps.

Elevators

Two elevators are located on the north and south walls of the building. Elevator E051 to the south provides access to all floors; and Elevator E052 to the north provides access to the first, third and fourth floor.

Stairs

Stairwells S001 and S002 are located on the south and north sides of the building. Access to the stairwell is through a door just right to the elevators E051 and E052. These stairwells access Floors 1 through 4.

Overall Description

On the First Floor of UCB, there is a parking garage with 57 parking spaces, a bike garage in 161, and elevator access on the north (E152), east exterior of the building (E153), and on the south wall within the parking garage (E151). Stairwell access to all building floors can be accessed externally from the north side (S102) and internally next to the south elevator E151. Along the north exterior of the building there are non-campus office spaces down a ramp (120), there are food carts and dining tables on the far exterior of the northeast corner, and the entrance of the parking garage entrance between the two located off of Harrison street where there is also a parking booth attendant in 107.

Restrooms

The nearest publicly accessible bathrooms can be reached on the third floor via the north and south elevators (E151, E152) and the stairwells S101 and S102.

Wheelchair Accessible Entrances and Exits

Wheelchair accessible entrances and exits can be found through the north elevator vestibule (C101) and the east elevator vestibule (V101). There is no ADA parking nor ramped entrance to the south elevator within the First Floor parking garage. ADA parking can be found down the centralized ramp to the basement floor.

Elevators

There are three elevators on the First Floor. The east elevator E153 is located externally in V101 next to the food carts. It accesses all parking garage levels and the fourth floor. The north elevator in the externally located vestibule C101 leads to all floors except the second floor. The internally located south elevator leads to a street-level exit on the second floor and to all other floors of UCB.

Stairs

Stairwells S101 and S102 are located on the south and north sides of the building respectively. Access to the southside stairwell S101 is through a door just right of elevator E151 and the north stairwell S102 is located through a door on the outside of the building west of C101. These stairwells access floors 1 through 4.

Overall Description

On the Second Floor, the parking garage on the eastside has 35 parking spaces, elevator E253 along the east wall and the stairwell S203. Centrally located are the driving-ramps that connect up and down to the First Floor and Third Floor parking garage. The Second Floor parking garage can be accessed from the southside of the building off of Hall street. Along the southside wall is the entrance to the elevator lobby L201 that connects to all floors of the building. On the southwest corner of UCB is a ramp and stairs to the entrance of Student Health and Counseling (SHAC).

Restrooms

The only restrooms on the second floor are through the SHAC facilities, L200. The nearest generally accessible bathroom is on the Third Floor via the E251 south elevator or the stairwell S201.

Wheelchair Accessible Entrances and Exits

From the street along the southside of UCB is the entrance to the lobby of Elevator 251 that connects to every floor. To get into the SHAC Lobby L200, there is a ramp along Hall street that leads up to the SHAC entrance. In the Second Floor parking garage there is one ADA parking space that is situated right next to Elevator E253.

Elevators

Along the south exterior of UCB is the entrance to the Elevator 251 lobby; this elevator connects to all floors. Elevator 253 centralized along the east wall within the parking garage has access to all parking garage floors and the Fourth Floor office spaces.

Stairs

The north stairwell S202 continues between its First Floor entrance to the Fourth Floor but can only be accessed by those admitted into SHAC from the first floor. The east stairwell S203 located directly south of the elevator (E253) connects from the Second Floor to the Fourth Floor. The entrance and exit of the south stairwell S201 is through a door just west of the parking garage entrance.

Overall Description

On Floor 3 of UCB, there is a 14 space parking garage with elevator and stairwell access along the east wall and a card-access entry into the third floor offices at the south end of the parking lot. The north elevator E352 and south elevator E351 are at either ends of corridor C300 which provides access to all suites, the women's restroom in 305, men's restroom in 304, and stairwells S301 and S302. Along the north section of corridor C300 are suites 340 and 320 to the east and suite 335 to the west. Midway down C300 are the restrooms and water fountain. At the south end of C300 is suite 300 and 301 to the west, and corridor C307 that leads east to suites 308, 309, and 310.

Restrooms

Restrooms are centrally located along the corridor C300; the women's restroom in 305 and the men's restroom in 304. There is no gender-neutral bathroom on this floor.

Wheelchair Accessible Entrances and Exits

The north elevator E352 provides access to the Third Floor via the First Floor lobby. The south elevator E351 provides access via the Second Floor lobby. In the Third Floor Parking garage there are two ADA parking spaces on either side of Elevator E353 and a card-access door into corridor C307B.

Elevators

The north elevator E352 and south elevator E351 are situated at each end of the corridor C300. The north elevator E352 accesses all floors except for the second floor. The south elevator E351 and east elevator E353 in the parking garage access all floors.

Stairs

The north stairwell S302 and south stairwell S301 access all floors and are located to the right of the elevators. Above the fourth floor stairwell is roof access only. The east stairwell S303 to the right of the elevator accesses floors 1 through 4.

Overall Description

On Floor 4 of UCB, there are three elevators and stairwells on the far north, south, and east walls of the floor connected by corridors C411, C407 and C410. Corridor C411 cuts through the west half of the floor heading south from the north elevator E452 to suites 430 and 435 along the west wall and suites 440 to the northeast, lobby L400 to the southeast, and the men and women's restrooms in rooms 489 and 488 midway down the corridor. Corridor C407 connects to suites 450, 442, and corridor C403 that accesses the east elevator E453 and stairwell S403. Corridor C410 accesses suite 420 to the southwest and the south elevator E451 and stairwell S401.

Restrooms

The restrooms are centrally located along the corridor C411; the women's restroom in 488, the men's restroom in 489, and an all-gender restrooms in 403A.

Wheelchair Accessible Entrances and Exits

Elevators E452 and E453 along the north and east walls respectively provide entrance and exit on the first floor. The south end elevator (E451) provides entry and exit to the second floor.

Elevators

Elevator E452 along the north wall accesses all floors except the second floor. The south (E451) and east (E453) elevators access all floors of UCB. The east elevator is reached through corridor C407, through a doorway, and a right turn down corridor C403.

Stairs

There is a stairwell located to the right of each elevator in the north (S402), east (S403), and south (S401) ends of the corridors.
