

Overall Description

The Basement Floor of the Urban Center Building is only accessible through room 190 on the first floor of the campus bookstore and down the stairwell S005. The open space of room 90 is full of bookshelves and class materials, with a service desk centralized across from the stairwell S005. There is also an elevator E042 that connects the basement level to the first floor. Beyond room 90, more west, are various offices and storage.

Restrooms

There are no public restrooms on this floor. The nearest restrooms are on the Second Floor of the Urban Center Building.

Wheelchair Accessible Entrances and Exits

Wheelchair access to the Basement Floor can be made through the entrances of the First Floor to room 190 and down elevator E142 in the northwest corner.

Elevators

There is an elevator E042 in the northwest end of room 090.

Stairs

The stairwell S005 in the northeast area of room 090 connects to Floor 1 of the campus bookstore.

Overall Description

The main part of the Urban Center Building can be accessed on the south side from the Urban Plaza into corridor C101 or from SW Mill Street on the north entrance into vestibule V101. Immediately east of corridor C101 is the stairwell S101 and the elevators E140 and E141 further north along the same wall. The disconnected room 190 houses the campus bookstore which can be accessed from the north or south entrances. The stairwell S105 within 190 goes downstairs to where class materials can be found. The various other spaces on the western section of the First Floor are not campus jurisdiction and house multiple eateries.

Restrooms

There are no public restrooms on this floor. The nearest restrooms can be found on the Second Floor in the main section of the Urban Center Building.

Wheelchair Accessible Entrances and Exits

Wheelchair access can be made on the west entrance to corridor C101 where there is an ADA door-opener button, and from the north entrance off of SW Mill Street and up the wheelchair lift in vestibule V101 in order to access the elevators and corridor C101.

Elevators

There are two elevators E140 and E141 located just north of corridor C101. These elevators access all floors of the Urban Center Building. Elevator E142 in the campus bookstore in room 190 can be accessed along the west wall near the northwest corner and it accesses only the basement floor.

Stairs

The stairwell S101 immediately east of corridor C101 accesses all seven floors of URBN. In room 190, the campus bookstore, the stairwell S105 leads down to the basement level where class materials can be found.

Overall Description

The Mezzanine Floor encompasses the upper floor of the campus bookstore in M190 and the southwest entryway of the Urban Center Building. The southwest entryway ML101 has an elevator ME143 and stairwell MS107 connecting to the Second Floor with the glass-enclosed landbridge to the main building.

Restrooms

There are no restrooms on the Mezzanine level. The nearest restrooms can be found on the Second Floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access into the Mezzanine floor can be made up the ramp south of the southwest building entrance and use the elevator ME143 to access the Second and Third Floors.

Elevators

The elevator ME143 is in the northwest corner of the Mezzanine lobby ML101. This elevator accesses the Second and Third Floors.

Stairs

The stairwell MS107 in the southwest lobby ML101 of the Urban Building connects to the Second Floor.

Overall Description

On Floor 2 of URBN, the elevators are located centrally in the main section of the building. Directly across from the elevators E240 and E241 is the men's restroom in 215A and the women's restroom in 216A. Just south of the elevators is the main stairwell S201. The lobby L200 connects to corridors C202, C204, C205, and C201 which lead to various classrooms, computer labs, and the glass enclosed corridor C201A that connects to the southwest section of URBN with classrooms, study spaces, and two all-gender bathrooms in 200 and 201.

Restrooms

There are multiple bathrooms on the Second Floor of URBN. Centrally located in the main building is the men's restroom in 215A and the women's restroom in 216A. There are two single-occupancy restrooms in the southwest section of URBN in rooms 200 and 201. Another all-gender single-occupancy bathroom is in 251, at the west end of corridor C204, but it requires PSU key-card access to enter.

Wheelchair Accessible Entrances and Exits

Wheelchair access to the Second Floor can be made via the elevators E240 and E241 in the main section of URBN from the First Floor or the southwest section using elevator E243 from the Mezzanine level. The glass-enclosed corridor connects the southwest section of URBN to the main part of the building.

Elevators

There are three elevators on the Second Floor of URBN. Centrally located in the main building are elevators E240 and E241 which access all floors from the first to the seventh; they can be found just north of the staircase S201. The elevator E243 in the vestibule V201 of the southwest section of URBN accesses the Mezzanine floor to the second and third.

Stairs

The main stairwell S201 is centrally located in the URBN building just south of the elevators E240 and E241 and accesses all seven floors. Stairwell S202 in the far southeast end of corridor C205 and Stairwell S203 at the northwest end of corridor C202 are exit-only stairwells. Stairwell S204 in the far southwest corner in lobby L201 connects to all floors from the Mezzanine to the rooftop garden. Stairwells S107 and S207 connect the Mezzanine Level to the Second and Third floors.

Overall Description

On Floor 3 of URBN, the elevators are located centrally in the main section of the building. Directly across from the elevators E340 and E341 is the men's restroom in 315A and the women's restroom in 316A. Just south of the elevators is the main stairwell S301. The lobby L300 accesses suite 350 to the north and conference rooms 310, 311, and 312 to the south. Heading west through corridor C301 to the glass enclosed corridor C301A there are classrooms 305, 304, 303, elevator E343, two all-gender bathrooms, and stairwells S304 and S307 leading down.

Restrooms

Centralized in the main building, there is a men's restroom in 315A and the women's restroom in 316A. There are two all-gender bathrooms in the southwest corner of URBN in rooms 301 and 302.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 3 is made by elevators E340 and E341 from the First Floor and elevator E343 in the southwest corner of URBN from the Mezzanine Floor.

Elevators

The elevators E340 and E341 situated just north of the main stairwell S301 access all seven floors of the main building. Elevator E343 is at the south end of corridor C300 in the southwest corner of the Urban Building.

Stairs

South of the centrally located elevators E341 and E340 is the main stairwell S301 that accesses all seven floors. At the west end of corridor C302A is exit-only stairwell S303. At the southwest corner of the building is stairwell S304 that connects to the rooftop patio and exits to the Mezzanine level. Stairwells S307 and S207 along corridor C300 lead down to the Mezzanine level and southwest entryway of the building.

Overall Description

On Floor 4 of URBN, the elevators are located centrally in the main section of the building. Directly across from the elevators E440 and E441 is the men's restroom in 415A and the women's restroom in 416A. Just south of the elevators is the main stairwell S401. The lobby L400 accesses suite 450 to the north and corridor C401 to the south where there are the conference rooms 410, 411, and 412 and the entrance to the rooftop patio to the west.

Restrooms

Centralized in the main building, there is the men's restroom in 415A and the women's restroom in 416A. There are no all-gender restrooms on this floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 4 is made via elevators E440 and E441 from the First Floor main entrances.

Elevators

Wheelchair access to Floor 5 is made by elevators E440 and E441 and can be accessed from Floor 1.

Stairs

The main stairwell S401 at the end of corridor C401 connects and accesses all seven floors. Stairwell S403 at the west end of corridor C402A provides exit-only to the First Floor. Stairwell S404 on the southwest end of the rooftop patio provides exit to the Mezzanine Level.

Overall Description

On Floor 5 of URBN, the elevators are located centrally in the building. Directly across from the elevators E540 and E541 is the men's restroom in 515A and the women's restroom in 516A. North of the elevators, corridor C502A accesses suite 550, 540, and 530. Just south of the elevators is the main stairwell S501. Along corridor C501, there are the conference rooms 510, 511, and 512.

Restrooms

The men's restroom in 415A borders corridor C501 and the women's restroom in 416A borders corridor C502A. There are no all-gender restrooms on this floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 5 is made by elevators E540 and E541 and can be accessed from Floor 1.

Elevators

The elevators E540 and E541 situated just north of the main stairwell S501 access all seven floors of the main building.

Stairs

The main stairwell S501 is located south of the elevators at the end of corridor C501 and accesses all seven floors. Stairwell S503 is exit-only to the west of the First Floor.

Overall Description

On Floor 6 of URBN, the elevators are located centrally in the main section of the building. Directly across from the elevators E640 and E641 is the men's restroom in 615A and the women's restroom in 616A. North of the elevators, corridor C602B accesses suite 650. Just south of the elevators is the main stairwell S601. Along corridor C601, there are the conference rooms 610, 611, and 612.

Restrooms

The men's restroom in 615A borders corridor C601 and the women's restroom in 616A borders corridor C602A. There are no all-gender restrooms on this floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 6 is made by elevators E640 and E641 and can be accessed from Floor 1.

Elevators

The elevators E640 and E641 situated just north of the main stairwell S601 access all seven floors of the main building.

Stairs

The main stairwell S601 is located south of the elevators at the end of corridor C601 and accesses all seven floors. Stairwell S603 is exit-only to the west of the First Floor.

Overall Description

On Floor 7 of URBN, the elevators are located centrally in the main section of the building. Directly across from the elevators E740 and E741 is the men's restroom in 715A and the women's restroom in 716A. North of the elevators, corridor C702B accesses suite 750, 770, and 780, and corridor C702A accesses suite 720 and exit-only stairwell S703. Just south of the elevators is the main stairwell S701. Along corridor C701, there is the conference room 710.

Restrooms

The men's restroom in 715A borders corridor C701 and the women's restroom in 716A borders corridor C702A. There are no all-gender restrooms on this floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access to Floor 7 is made by elevators E740 and E741 and can be accessed from Floor 1.

Elevators

The elevators E740 and E741 situated just north of the main stairwell S701 access all seven floors of the main building.

Stairs

The main stairwell S701 is located south of the elevators at the end of corridor C701 and accesses all seven floors. Stairwell S703 is exit-only to the west of the First Floor.

Overall Description

The URBN Roof is restricted access. It is reached by means of the southeast stairwell, S801, or the west stairwell, which ascends from Floor 7.
