

### **Overall Description**

On Floor 1 of the Native American Student & Community Center, there are no elevators, but most building services are on this floor. The main lobby L101 is bordered to the southwest by stair 101 leading ONLY to the roof terrace and overlook. The main lobby L101 is bordered to the southwest by vestibule V102 leading to the main gathering room 110; corridor C103 with access to the men's restroom 120 and the women's restroom 130. Corridor C103 is bordered to the northwest by the men's restroom 120 and the women's restroom 130 and to the southwest by corridor C104 with access to suite 140; rooms 150, 160, 170, and 180; sunken gathering space room 104A; and northwest lobby L105 with access to street and corridor C101. Corridor C104 is bordered to the north by rooms 160, 170, and 180, to the south by suite 140; room 150; and sunken gathering space room 104A, and to the west by lobby L105 with access to the street and corridor C101. Corridor C101 is located on the northwest corner of the building with access to the roof terrace and overlook.

### **Restrooms**

Two restrooms, a male and female restroom, are located on this floor byway of corridor C103 to the southwest of V102 and main lobby L101. Room 120 is the men's restroom located to the north, and room 130 is the women's restroom located to the west.

### **Wheelchair Accessible Entrances and Exits**

Wheelchair entry into the building can be made on the north street-level entrance on the first floor. Wheelchair entry into the building can also be made on the west entrance via an external ramp. The roof terrace and overlook can only be accessed via an external ramp on the northwest corner through corridor C101.

### **Elevators**

NASCC has no elevator, but is fully accessible via the ramps at the northwest corner of the building.

### **Stairs**

Stairwell S101 is located to the southeast of the main lobby L101 and to the left. This stairwell is for access to the roof terrace and overlook.

**Overall Description**

Stair S201 is bordered to the west by the roof 200 with access to roof terraces and park overlook via ramp. Corridor C200 is bordered to the south by the park overlook with access to the roof terraces via ramp.

**Restrooms**

Floor 2 of NASCC has no restrooms. Use the ramp in corridor C101 to access restrooms on Floor 1.

**Wheelchair Accessible Entrances and Exits**

Wheelchair access to park overlook is made via ramp in corridor C101 and C200. Wheelchair access to roof terraces is made via ramp from park overlook.

**Elevators**

Building has no elevators, but the floor may be accessed via a ramp in corridor C101 and C200.

**Stairs**

Stairwell S201 is located to the east of the roof. This stairwell has access to Floor 1.

**Overall Description**

The NASCC Roof is restricted access.
