

**Overall Description**

The Basement level of Parking Structure Two is closed to public usage.

**Restrooms**

There are no restrooms located in the Basement of Parking Structure Two or University Services Building.

**Wheelchair Accessible Entrances and Exits**

Wheelchair access to the Basement can be made by using the University Services Building elevator from Floor 1. Access is restricted to authorized users by keycard-controlled doors.

**Elevators**

There is no elevator access to the Basement except for authorized users traveling from University Services Building.

**Stairs**

Stairwell S3 is an exit only stairway located in the northwest corner of the Basement

## **Overall Description**

The vehicle Entry Level into Parking Two is on the west side of the building off of Broadway. The Basement includes retail space as well as parking. Within the parking space, there are two ADA spaces, and a secured space for registered bike storage. The garage also has access to the University Services Building towards the south side of the garage, but is not ADA accessible.

## **Restrooms**

There are no restrooms located in Parking Structure Two. Restrooms are located in the adjoining University Services Building when existing the parking level's south entry. The only wheelchair accessible restroom off of Parking Two are on University Service's ground floor (111E) and fourth floor (401 & 403).

The retail area of the building includes a single-occupancy, all-gender restroom public usage of which is at the discretion of the tenant.

## **Wheelchair Accessible Entrances and Exits**

Wheelchairs enter on SW Broadway using the sidewalk and traveling up the vehicle ramp.

Wheelchair access to the parking levels via the University Services Building is limited to the roof level. Access to lower levels from the roof must be made via the vehicle ramp.

Wheelchair entry into the retail space can be made via the front entry on the west, Broadway, side.

## **Elevators**

Access to the elevator is in the adjoining University Services Building which connects to all floors. Only the roof level of the parking structure is accessible by wheelchair from the elevator.

All users can reach the elevator by entering on the east-side (6th Avenue) of the building, taking a left (south) at corridor C105, right (west) at corridor C103, and traveling about 65 feet straight to the elevator lobby.

## **Stairs**
