

Overall Description

The Shattuck Hall Annex is a single-level, exterior structure consisting of one classroom (102) located along SW Broadway and at the northeast corner of Shattuck Hall. It is connected to the main building via stair S2.

Restrooms

There are no restrooms in the Annex.

The nearest restrooms are located in the main building along the north side of the First Floor just west of the elevator E129; women's restroom 113 and men's restroom 114.

Wheelchair Accessible Entrances and Exits

There are two wheelchair accessible entries along the north wall of the Annex where there are two sets of double-doors.

Elevators

The nearest elevator, E129, is within the main building just north of the S2 stairwell leading to the Annex. It provides access to all floors.

Stairs

The stairwell S2 centered along the west wall of the Annex connects to the First Floor of Shattuck Hall. The outside stairwell on the northwest corner of the Annex travels up to the main level of the Park Blocks pathway.

Overall Description

Floor 1 of Shattuck Hall has an H-Shaped corridor (C101, C102, C103) connecting several suites and classrooms (104, 107, 112, 130, 137, 146, 153, 155), stairwells (S101, S102, S103, S104), the Elevator E129, the men's restroom in 114, women's restroom in 113 along the north corridor C101, and the Annex building just outside of the far northeast corner

Corridor C101 is at the north end of the building and has the only wheelchair accessible entry on its west side. On the north side of C101 from the west entry are rooms 101, 107, women's restroom 113, men's restroom 114, and vestibule V122 leading into a series of small rooms, the elevator, and stairwell S102. Vestibule V122 leads into the elevator vestibule V117 with the elevator in the southeast corner of the vestibule, Room 117 to the north, and Room 116 to the west. On the south side of C101 from the west entry are stairwell S101, rooms 104, 110, and corridor C102. At the east end of C101 is stairwell S102.

Corridor C102 runs north and south connecting corridors C101 and C103. On the east side of C102 are vestibule v130 leading into rooms 125 and 130; and room 135. On the west side of C102 are rooms 112 and 137.

Corridor C103 is at the south end of the building. On the west end of C103 is stairwell S104. The northside of C103 has room 104 and corridor C102. At the east end of C103 is stairwell S103 and an entrance. On the southside of C103 are rooms 155, 153, and 145.

Restrooms

The restrooms are in corridor C101:

- The women's restroom is room 113
- The men's restroom is room 114

Wheelchair Accessible Entrances and Exits

Wheelchair access in and out Shattuck Hall can only be made via the First Floor northwest entrance along the Park Blocks path.

Elevators

There is one elevator (E129) located on the northeast corner of Shattuck Hall down Corridor C101 and through two sets of double doors into vestibules V122 and V117 before the stairwell S102.

Stairs

Along the Park Blocks main entrance of Shattuck Hall, there are two stairwells that straddle the courtyard that enter into the building and connect to stairwells S101 and S104 on the northwest and southwest corners. All the stairwells access floors 2 and 3.

At the east end of corridor C101 is stairwell S102.

At the east end of corridor C103 is stairwell S103

Overall Description

On Floor 2 of Shattuck Hall, the C-Shaped corridor (C201, C202, C203) connects to several suites and classrooms (201, 207, 210, 211, 212, 233, 235, 237, 239, 242, 244, 249, 250, 255), stairwells (S201, S202, S203, S204), the Elevator E229 in the far northeast corner, and the men's restroom in 204 and women's restroom in 206 in the northwest corner before stairwell S201.

On the northside of corridor C201 are rooms 201, 207, 211C, 211, 217, and corridor C229 to the elevator. At the east end of C201 is stairwell S202. On the southside of C201 are stairwell S201, men's restroom 204, women's restroom 206, a ramp into room 210, and corridor C202.

Corridor C202 runs north to south connecting corridor C201 at its north end and corridor C203 at its south. To the west of C202 is lecture hall 212. To the east of C202 are the School of Architecture's offices in suites 235 and 237.

Corridor C203's northside has stairwell S204, rooms 250 and 244. On the east end of C203 is stairwell S203. The southside of C203 are rooms 255, 249, 242, and 239.

Restrooms

The men's restroom in 204 and women's restroom in 206 are located near the stairwell S201 in the northwest end of corridor C201. There are no gender-neutral restrooms on the Second Floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access in and out of Shattuck Hall can only be made via the First Floor northwest entrance along the Park Blocks path, and then taking the E129 Elevator up to the Second Floor.

Elevators

The one elevator, E229, on the Second Floor is located in the far northeast corner, north of the S202 stairwell through corridor C229 and vestibule V223. It accesses all floors, though special card access may be needed to reach the Third Floor.

Stairs

There are four main stairwells located at each corner of the building: Northwest (S301), Northeast (S302), Southeast (S303), and Southwest (S304). These stairwells access all floors of the building.

There are two stairwells that connect the Park Blocks Shattuck Hall courtyard to room 212 through vestibules V212 and V204. There is another stairwell off of the northeast corner S202 that exits to outside onto the street level.

Overall Description

On Floor 3 of Shattuck Hall, the C-Shaped corridor (C301, C302, C303) connects to several studios and rooms 300, 311, 354, stairwells (S301, S302, S303, S304), the Elevator E329 in the far northeast corner, and the men's restroom in 306 and women's restroom in 304 in the northwest corner before stairwell S301. Special card access may be required for this floor.

The northmost corridor is C301 and to its west end is stairwell S301. To the north of C301 are studios A, B, and C; room 311; and vestibule V329 leading to the elevator. At the east end of C301 is stairwell S302. To the south are women's restroom 304, men's restroom 306, studio L, and corridor C302.

The north to south corridor C302 connects corridors C301 and C303. To the east of C302 are studios D, E, and F. On the westside of C302 is room 300.

The southmost corridor is C303 and to its west is stairwell S304. On the north of C304 are rooms 354, 348, studio K, and corridor C302. At the east end of C303 is stairwell S303. On the south of C304 are studios G, H, I, and J.

Restrooms

The men's restroom in 306 and women's restroom in 304 are located near the stairwell S201 in the northwest end of corridor C301. There are no gender-neutral restrooms on the Third Floor.

Wheelchair Accessible Entrances and Exits

Wheelchair access in and out of Shattuck Hall can only be made via the First Floor northwest entrance along the Park Blocks path, and then taking the E129 Elevator up to the Third Floor. Special card access may be required.

Elevators

The one elevator, E329, on the Third Floor is located in the far northeast corner, north of the S302 stairwell through corridor C329 and vestibule V323. It accesses all floors, though special card access may be needed to reach the Third Floor.

Stairs

There are four main stairwells located at each Northwest (S301), Northeast (S302), Southeast (S303), and Southwest (S304) corner of Shattuck Hall. These stairwells access all floors.

There is another stairwell off of the northeast corner S302 that exits to outside onto the street level.
