

Overall Description

George C. Hoffmann Hall is a single-story building with a mezzanine. On the main floor, floor 1, of George C. Hoffmann Hall, the main entry lobby L101 is on the east end of the building. Lobby L101 is bordered on the west by corridor C105 with access to lecture hall 109, men's restroom 104, and women's restroom, on the north by room 108, on the east by the dual double entry doors from the Walk of Heroines, and on the south by room 102. Additional corridors to the northwest and southwest of the lobby L101 provide direct access to the lecture hall 109. A stairwell S101 in the southwest corner of lobby L101 provides restricted access to the mezzanine level.

Corridor C105 is bordered on the west by lecture hall 109, on the north by the vestibule V106 to women's restroom 106 on the north wall of the vestibule, on the east by the main entry lobby L101, and on the south by the vestibule V104 to men's restroom 104 on the north wall of the vestibule.

Lecture hall 109 is bordered on the west at the south by vestibule V111 with access to room 112 and the southwest building exit, in the middle by the stage with northern and southern ascending stairs and a southwestern chair lift E137, and at the north by vestibule V114 with access to room 113 and the northwest building exit, bordered on the east by corridor C105 with access to men's restroom 104, women's restroom 106, and the main entry lobby L101.

Restrooms

Restrooms are located in the building core off of the corridor C105 to the north of the lobby L101 and main building entry. Room 108A is a single occupant all-user restroom located to the North of the entrance. Men's restroom 104 is located on the west wall of the south vestibule V104 of corridor C105. Women's restroom 106 is located on the west wall of the north vestibule V106 of corridor C105.

Wheelchair Accessible Entrances and Exits

Wheelchair entry into Hoffmann Hall can be made through either of the main dual double entry doors on the east facade of the building.

Elevators

Hoffmann Hall does have a passenger elevator. Chairlift E137 in the southwest corner of the lecture hall stage provides wheelchair access to the stage.

Stairs

A single stairwell S101 provides restricted access to the mezzanine level. This stairwell is located in the southwest corner of the main entry lobby L101 off the south corridor.

Overall Description

The mezzanine level is restricted to authorized persons who can access it via stairwell S101 from lobby L101. Doors on the north and south of the mezzanine 201 provide restricted access to roof.

Restrooms

Mezzanine level contains no public services.

Wheelchair Accessible Entrances and Exits

Mezzanine level is not accessible, and contains no public services.

Elevators

Hoffmann Hall does have a passenger elevator.

Stairs

A single stairwell S201 provides restricted access to the mezzanine level. This stairwell is located in the southeast corner of the mezzanine 201.
