

Overall Description

Floor 1 of Joseph C. Blumel Residence Hall (BLU) consists primarily of a ground floor parking garage as well as the dormitory entry lobby and support spaces. The first floor of Blumel forms the shape of an L, occupying the northwest, northeast, and southeast quadrants of the block. The ground floor parking garage is accessed on the north side of the building, toward the east end of the block. ADA parking is near the middle of the parking garage and provides access to the building lobby to the east of the ADA parking. The main building lobby L101 is located on the northeast corner of the building with the main entrance facing northeast and a secondary garage parking entrance to the west of the lobby, facing west, toward the ADA parking. Blumel Hall is a residential building. Keycard is required to access floors 3 through 10. Tenth floor penthouse is not publicly accessible and contains no public services.

On Floor 1 of Blumel, the entry lobby L101 is located on the northeast corner of the building. The lobby L101 forms a 45 degree elbow shape with the main entrance to the northeast and the parking entrance to the west. Lobby L101 is bordered on the north by room 107, on the northeast by the main entry doors, on the south toward the southeast by a single-occupancy restroom, room 102, and suite 103 and toward the south by room 101, elevators E144 and E145 with access to floors 1 through 9, and stairwell S101 with access to all floors.

Restrooms

One single-occupancy restroom is located to the southeast immediately upon entering the main lobby L101 through the main entry doors. From the parking entry door, this restroom can be found to the northeast, directly to the left of the door to suite 103.

Wheelchair Accessible Entrances and Exits

Wheelchair entry to the first floor of Blumel can be made via the main entrance on the northeast corner of the building. Alternatively, wheelchair entry to the first floor of Blumel can be made via the parking entrance to the west of the main entry lobby L101 and directly east of the ADA parking. Elevators E144 and E145 with access to floors 1 through 9 are located on the south wall of the main entry lobby, toward the west parking garage entrance.

Elevators

Elevators E144 and E145 with access to floors 1 through 9 are located on the south wall of the main entry lobby, toward the west parking garage entrance. Blumel is a residential building. A keycard is required to access floors 3 through 9.

Stairs

Stairwell S101 is located at the far west end of the south wall of the main entry lobby L101. This stairwell provides access to all floors. Stairwell S102 is located to the southeast on the south wall of the first floor parking garage. This stairwell provides access to all floors. Stairwell S103 is located to the northwest on the west wall of the first floor parking garage. This stairwell provides

access to all floors. Stairwell S104 is located to the southeast near the center of the south wall of the first floor parking garage. This stairwell provides access to floors 1 and 2 only. Blumel is a residential building. A keycard is required to access floors 3 through 10. The tenth floor penthouse is not publicly accessible and provides no public services.

Overall Description

Floor 2 of Joseph C. Blumel Residence Hall (BLU) consists primarily of a second floor parking garage as well as a second floor parking garage dormitory entry lobby and support spaces. The second floor of Blumel forms the shape of an L, occupying the northwest, northeast, and southeast quadrants of the block. The second floor parking garage is accessed on the north side of the building, at the west end of the block. ADA parking is near the middle of the parking garage and provides access to the parking lobby to the east of the ADA parking. The second floor parking lobby L201 is located immediately east of the second floor ADA parking. Blumel Hall is a residential building. Keycard is required to access floors 3 through 10. Tenth floor penthouse is not publicly accessible and contains no public services.

On Floor 2 of Blumel, the parking lobby L201 is located in the northeast quadrant of the parking garage, where the two legs of the L meet, immediately east of the second floor ADA parking. Lobby L201 is bordered on the south by elevators E244 and E245 with access to floors 1 through 9 and on the west by the parking garage entry door. A stairwell S201 with access to all floors is accessible from outside the lobby, also immediately to the east of the ADA parking, near the center of the west wall of the elevator core.

Restrooms

There are no public restrooms on Floor 2. Public restrooms can be accessed on Floor 1.

Wheelchair Accessible Entrances and Exits

Wheelchair entry to the second floor of Blumel can be made via the parking entrance to the west of the second floor parking lobby L201 and directly east of the ADA parking. Elevators E244 and E245 with access to floors 1 through 9 are located on the south wall of the second floor parking lobby L201.

Elevators

Elevators E244 and E245 with access to floors 1 through 9 are located on the south wall of the second floor parking lobby L201. Blumel is a residential building. A keycard is required to access floors 3 through 9.

Stairs

Stairwell S201 is accessed from outside the second floor parking lobby L201 on the west wall of the elevator core, immediately east of the ADA parking. This stairwell provides access to all floors. Stairwell S202 is located to the southeast on the south wall of the second floor parking garage. This stairwell provides access to all floors. Stairwell S103 is located to the northwest on the west wall of the second floor parking garage. This stairwell provides access to all floors. Stairwell S104 is located to the southeast near the center of the south wall of the second floor parking garage. This stairwell provides access to floors 1 and 2 only. Blumel is a residential

building. A keycard is required to access floors 3 through 10. The tenth floor penthouse is not publicly accessible and provides no public services.

Overall Description

Floor 3 of Joseph C. Blumel Residence Hall (BLU) forms a jagged L-shape, occupying the northwest, northeast, and southeast quadrants of the block. Stairwell S301 and elevators E344 and E345 emerge into the third floor lobby L301. Blumel Hall is a residential building. Keycard is required to access floors 3 through 10. Tenth floor penthouse is not publicly accessible and contains no public services.

The third floor lobby L301 is bordered on the north toward the west by dormitory suite 321, bordered on the east by dormitory suite 301, bordered on the south toward the east by corridor C301 with access to dormitory suites 303 through 315, stairwell S302, and suite 302, near the center by elevators E344 and E345, and toward the west by stairwell S301 with access to all floors, and bordered on the west by corridor C302 with access to dormitory suites 322 through 333, stairwell S303, and room 320.

Corridor C301 is bordered on the north by the third floor lobby L301, bordered on the east toward the north by dormitory suites 303, 305, and 307, near the middle by dormitory suite 309, and toward the south by dormitory suites 311, 313, and 315, bordered on the south by stairwell S302 with access to floors 1 through 9, and bordered on the west toward the south by dormitory suites 312 and 314, near the middle by dormitory suites 308 and 310, and toward the north by suite 302 and dormitory suites 304 and 306.

Corridor C302 is bordered on the north toward the west by dormitory suites 331 and 333, near the middle by dormitory suites 327 and 329, and toward the east by dormitory suites 323 and 325, bordered on the east by the third floor lobby L301, bordered on the south toward the east by room 320 and dormitory suites 322 and 324, near the middle by dormitory suites 326 and 328, and toward the west by dormitory suites 330 and 332, and bordered on the west by stairwell S303 with access to floors 1 through 9.

Restrooms

There are no public restrooms on Floor 3. Public restrooms can be accessed on Floor 1.

Wheelchair Accessible Entrances and Exits

On Floor 3 of Blumel, wheelchair users arrive via elevators E344 and E345 into elevator lobby L301.

Elevators

Elevators E344 and E345 with access to floors 1 through 9 are located on the south wall of the third floor elevator lobby L301. Blumel is a residential building. A keycard is required to access floors 3 through 9.

Stairs

Stairwell S301 is located at the west end of the south wall of the third floor lobby L301. This stairwell provides access to all floors. Stairwell S302 is located at the south end of corridor C301 in the east wing. This stairwell provides access to floors 1 through 9. Stairwell S303 is located at the west end of corridor C302 in the north wing. Blumel is a residential building. A keycard is required to access floors 3 through 10. The tenth floor penthouse is not publicly accessible and provides no public services.

Overall Description

The Floor 4 of Joseph C. Blumel Residence Hall (BLU) forms a jagged L-shape, occupying the northwest, northeast, and southeast quadrants of the block. Stairwell S401 and elevators E444 and E445 emerge into the fourth floor lobby L401. Blumel Hall is a residential building. Keycard is required to access floors 3 through 10. Tenth floor penthouse is not publicly accessible and contains no public services.

The fourth floor lobby L401 is bordered on the north toward the west by dormitory suite 421, bordered on the east by dormitory suite 401, bordered on the south toward the east by corridor C401 with access to dormitory suites 403 through 415, stairwell S402, and suite 402, near the center by elevators E444 and E445, and toward the west by stairwell S401 with access to all floors, and bordered on the west by corridor C402 with access to dormitory suites 422 through 433, stairwell S403, and room 420.

Corridor C401 is bordered on the north by the fourth floor lobby L401, bordered on the east toward the north by dormitory suites 403, 405, and 407, near the middle by dormitory suite 409, and toward the south by dormitory suites 411, 413, and 415, bordered on the south by stairwell S402 with access to floors 1 through 9, and bordered on the west toward the south by dormitory suites 412 and 414, near the middle by dormitory suites 408 and 410, and toward the north by suite 402 and dormitory suites 404 and 406.

Corridor C402 is bordered on the north toward the west by dormitory suites 431 and 433, near the middle by dormitory suites 427 and 429, and toward the east by dormitory suites 423 and 425, bordered on the east by the fourth floor lobby L401, bordered on the south toward the east by room 420 and dormitory suites 422 and 424, near the middle by dormitory suites 426 and 428, and toward the west by dormitory suites 430 and 432, and bordered on the west by stairwell S403 with access to floors 1 through 9.

Restrooms

There are no public restrooms on Floor 4. Public restrooms can be accessed on Floor 1.

Wheelchair Accessible Entrances and Exits

On Floor 4 of Blumel, wheelchair users arrive via elevators E444 and E445 into elevator lobby L401.

Elevators

Elevators E444 and E445 with access to floors 1 through 9 are located on the south wall of the fourth floor elevator lobby L401. Blumel is a residential building. A keycard is required to access floors 3 through 9.

Stairs

Stairwell S401 is located at the west end of the south wall of the fourth floor lobby L401. This stairwell provides access to all floors. Stairwell S402 is located at the south end of corridor C401 in the east wing. This stairwell provides access to floors 1 through 9. Stairwell S403 is located at the west end of corridor C402 in the north wing. Blumel is a residential building. A keycard is required to access floors 3 through 10. The tenth floor penthouse is not publicly accessible and provides no public services.

Overall Description

Floor 5 of Joseph C. Blumel Residence Hall (BLU) forms a jagged L-shape, occupying the northwest, northeast, and southeast quadrants of the block. Stairwell S501 and elevators E544 and E545 emerge into the fifth floor lobby L501. Blumel Hall is a residential building. Keycard is required to access floors 3 through 10. Tenth floor penthouse is not publicly accessible and contains no public services.

The fifth floor lobby L501 is bordered on the north toward the west by dormitory suite 521, bordered on the east by dormitory suite 501, bordered on the south toward the east by corridor C501 with access to dormitory suites 503 through 515, stairwell S502, and suite 502, near the center by elevators E544 and E545, and toward the west by stairwell S501 with access to all floors, and bordered on the west by corridor C502 with access to dormitory suites 522 through 533, stairwell S503, and room 520.

Corridor C501 is bordered on the north by the fifth floor lobby L501, bordered on the east toward the north by dormitory suites 503, 505, and 507, near the middle by dormitory suite 509, and toward the south by dormitory suites 511, 513, and 515, bordered on the south by stairwell S502 with access to floors 1 through 9, and bordered on the west toward the south by dormitory suites 512 and 514, near the middle by dormitory suites 508 and 510, and toward the north by suite 502 and dormitory suites 504 and 506.

Corridor C502 is bordered on the north toward the west by dormitory suites 531 and 533, near the middle by dormitory suites 527 and 529, and toward the east by dormitory suites 523 and 525, bordered on the east by the fifth floor lobby L501, bordered on the south toward the east by room 520 and dormitory suites 522 and 524, near the middle by dormitory suites 526 and 528, and toward the west by dormitory suites 530 and 532, and bordered on the west by stairwell S503 with access to floors 1 through 9.

Restrooms

There are no public restrooms on Floor 5. Public restrooms can be accessed on Floor 1.

Wheelchair Accessible Entrances and Exits
