Outcome for the day:
Each subcommittee will have a two year work plan in place that will lead to the sustainability of family connections practice in Oregon.

Our goal is that each task force member will leave the meeting:
- Familiar with the accomplishments and progress of the initiative to date
- Engaged in their role on assigned subcommittee
- Knowledgeable about the work plan for each subcommittee
- Confident that they have made a meaningful contribution to the Family Connections initiative and that their voice has been heard
