See the PSU Bulletin for a list of courses required for our undergraduate degree programs.
- If a student retakes a course in which they received a grade lower than a C-, the assigned grade during the first time they took the course will be excluded from the calculation. The grades in all subsequent attempts will be included in the calculation.

Admission Criteria
- All students who have a selective GPA of 3.0 or higher will be admitted.
- Students who meet our admission requirements but have a selective GPA below 3.0 will be considered for admission by a committee.
- We do not give preference to any group of students. Students with transfer credits are treated the same as students who complete their courses at PSU.
