Electrical Engineering and Computer Engineering
2019 Admission Requirements
For students applying for 300-level ECE course admission Fall 2019

Terms of Admission & Deadlines
Before students can begin taking 300 level ECE courses, they must be admitted to the program and satisfy the course prerequisites.

- The application deadline for admission to the program during fall term is April 15.
- If you are not a current PSU student, you must also apply to PSU. You need not, however, apply to PSU before applying to the degree program.
- For transfer students, the PSU application requires official transcripts; unofficial transcripts are sufficient for the degree program application.

Application Requirements
Only students who meet the following requirements by April 15 are eligible to apply for admission to our electrical engineering or computer engineering programs:

- Completed at least ten of the following courses:
  - MTH 251, MTH 252, MTH 253, MTH 261
  - PH 211 or PH 221, PH 214
  - ECE 101, ECE 102, ECE 103, ECE 171, ECE 221
- Selective GPA of at least 2.25
- Received a letter grade of C or above in every course required for the degree

Application Recommendations
We recommend that students complete the following courses before applying for admission:

- MTH 256
- CH 221, CH 227
- PH 212 or PH 222, PH 215
- ECE 172, ECE 222
- Freshman Inquiry or for transfer students WR 121 and COMM 220

Selective GPA Calculation
- The selective GPA is calculated from all lower and upper division math, science, and engineering courses that are required for one of our undergraduate degree programs and that have been completed with a letter grade by the time of application. See the PSU Bulletin or the course plan for a list of courses required for our undergraduate degree programs.
- If a student retakes a course in which they received a grade lower than C-, the assigned grade for the first attempt will be excluded from the calculation. The grades in all subsequent attempts will be included in the calculation.

Admission Criteria
- All students who have a selective GPA of 3.0 or higher will be admitted.
- Students who meet our admission requirements but have a selective GPA below 3.0 will be considered for admission by a committee.
- We do not give preference to any group of students. Students with transfer credits are treated the same as students who complete their courses at PSU.
