MME Admission Requirements
For students gaining 300-level ECE course admission FALL 2017

Terms of Admission & Deadlines
- Fall admission only
- Application deadline is May 15
- If not a current PSU student apply first to PSU (http://www.pdx.edu/admissions/)
- MME application is on department website (http://www.pdx.edu/mme/bsme-application-0)

Minimum Eligibility for Consideration
- Freshman Inquiry (for those who began PSU as freshmen) or WR 121 and COMM 220 (for transfer students) must be completed prior to fall
- All required/shaded classes must be completed prior to fall 2017 with a C (not C-) or above and a 2.25 or higher GPA (excluding Freshman Inquiry or, for transfers, WR 121 and COMM 220); this is the Selective Admission GPA

Selective Admission
- Selective Admission will not be calculated for any student until Spring Grades are posted
- Admission will be offered to the top students (approximately 90), including conditionally admitted students, based on their Selective Admission GPA
  - Conditionally admitted students may complete up to 2 missing shaded/required courses during summer. If the student does due diligence and cannot locate the necessary course(s) at PSU or local community colleges, it is possible the condition may be extended through end of fall. Extension must be approved by MME Faculty Advisor, Derek Trethewey. Official transcripts must be provided to both PSU Admissions Office and MME Department once grades post to determine if the condition was met.
- Notification of admissions status will be sent after July 15, 2017

Required classes
- All required/shaded classes must be completed prior to fall 2017
- No more than 2 shaded/required courses may be in progress during summer 2017 (excluding Freshmen Inquiry or, for transfers, WR 121/COMM 220).
  - Example: OK= summer 2017 classes Math 256, PH 223/216, and COMM 220 (3 classes, only 2 are required)
  - Not OK= summer 2017 Math 256, PH 223/216 and ECE 241 (3 classes, all 3 are required courses, which is one too many)

Repeated Classes
- Standard PSU repeat/replace policy applies to Selective Admission GPA:
  - If a student earned a D+ or below in a class the first time, then only the repeated (second) grade will be used in the Selective GPA calculation
o If a student earned a C- or above in a class the first time, then both the first grade and the second (repeated) grade will be used in the Selective GPA calculation
o Should a class be taken a third time it does not replace the second attempt regardless of either grade

Additional testing/bridge classes
- No test required
- Students who did not complete ME 120, 121 and 122 at PSU are strongly encouraged to take the summer bridge course ME 299 Sensors and Controls. ME 299 may be required as a condition of admission by the MME Admission Committee.

Pass/No Pass
- Required classes must be taken for a grade (not P/NP)
- If a student earns a NP in a required class it will be calculated in selective admission GPA as an F and the course must be taken for a grade

Additional Information (exceptions, preferences, etc.)
- No preference given to PSU students versus students who completed required/shaded courses elsewhere

Department Communication
- Fall 2018 admission requirements available spring 2017 (in time for fall 2017 registration in May 2017)
