Approve Agenda
The agenda was approved.

Approve Minutes of March 10, 2010 Meeting
Chair Jaramillo moved, Ms. Hedrick seconded, and the subcommittee unanimously approved the minutes of the LECC Community Relations Subcommittee meeting on May 12, 2010.

Update on Perspectives on Profiling Training
Ms. Covelli informed the committee that the trainings have been constantly receiving positive feedback. There have been requests for additional training this year, to take place in Astoria, Hood River, Milwaukie, and Umatilla Tribal.

Dr. Renauer and Ms. Covelli sent a proposal to the current grant monitors, to request funds for our trainers to attend an advanced Perspectives on Profiling training at the Wiesenthal Center. They have accepted this proposal and the trainers will be attending the advanced training this June. The Staff is also working to create a “trainers notebook” of current racial profiling events and case law, that can be used as examples during the training sessions. *Action: Dr. Renauer and Ms. Covelli*

**Perspectives on Profiling Follow-up Survey**
Dr. Renauer reported we need to assess what impact the trainings are having on officer attitudes to further our evaluation efforts. The committee will begin the follow-up survey efforts once the survey has been approved by Portland State University’s IRB. Once the survey has been approved it will be tested with Marion County Sheriff’s Office and St. Helens Police Department. The surveys will be conducted both online and in person during a briefing, in order to find out which method of administration will give us the best response rate. This process will most likely begin in mid-June. *Action: Dr. Renauer and Ms. Covelli*
