Mike Stafford LECC staff

LECC Data Review Subcommittee Members Excused
None

Guests
No guests attended this meeting

Welcome / Introductions
Mr. Fidanque chaired and welcomed everyone to the subcommittee meeting, since Scott Akins was attending the meeting via teleconference.

Approve Agenda
The agenda was approved.

Approve Minutes of May 12, 2010
Major Durbin moved, Chair Akins seconded, and the subcommittee unanimously approved the minutes of the LECC Data Review Subcommittee meeting on July 14, 2010.

Status Update on Analysis of Data from Law Enforcement Agencies
The subcommittee further discussed the three step plan below, developed at the previous meeting, designed to increase stop data collection and outreach efforts.
The discussions lead to the following work plan:

1) Step 1:

1 LECC Data Review Subcommittee
Meeting Minutes – July 14, 2010
a. Data Review Committee needs to form agreements on what analyses & data collection they want done and what they see as the benefits.

b. Develop a PowerPoint or video demonstrating what some departments have gained from stop data analyses and how they've been able to use the analyses to address public concerns, etc.

2) Step 2:
   a. Identify select Administrators or departments that may be interested in data collection.
   b. Justice Peterson could personally invite the selected administrators to a lunch meeting to create the initial discussion and presentation of our efforts.

3) Step 3:
   a. Discuss with select County Commissioners and City Council members the pros and cons of approaching data collection through their advocacy.

Committee members agreed that Step 1, part A is still unfinished and may require an entire day’s discussion coming to agreement. Dr. Renauer will prepare a draft of Step 1 part A for the September meeting, committee members should comment on the draft before the meeting.

Action: All members of Data Review Committee

Dr. Chaiken explained to the subcommittee that he received the OSP data and that there was more data for 2008-2009 than in the past. This new data differentiates search types, which should make for more thorough analysis. Dr. Chaiken will conduct the analyses that have been used for the OSP data in the past and submit a report to the LECC. He will then explore the new search codes and the data by district. Any analysis of nighttime vs. daytime stop will be conducted by PSU staff at a later date. Action: Dr. Chaiken

Other Business / Open Comments from Data Review Subcommittee
None

Public Comments
None

Adjournment
The meeting was adjourned at 10:47 a.m.
