# ***CONGRATULATIONS TO THE PSU CLASS OF 2021***

---

Dear Members of the PSU Class of 2021,

Commencement is the result of your hard work and dedication, and the contributions of the family members, friends, mentors, and educators who supported you on your journey. Please take a moment to thank them.

Members of the Class of 2021, you join a network of nearly 193,000 proud PSU alumni. I encourage you to take everything you have learned at PSU to improve the lives of others. I look forward to the day your success stories will inspire future graduating classes.

As you celebrate, please know how proud we are of you, your academic achievements, and your commitment to contributing to others. We hope you will stay in touch as members of our PSU family.

Go Viks!

Stephen Percy  
President

The appropriate degrees and diplomas will be awarded to those candidates who have successfully completed all requirements by the end of spring term.*

# PORTLAND STATE UNIVERSITY

---

Portland State University serves as a center of opportunity for more than 26,000 students and a cornerstone for more than 193,000 alumni worldwide. The strength of the University is its world-class faculty, who serve the University and the community through teaching, research and public service.

Research at Portland State has more than doubled in the past decade, achieving new degrees of excellence through investments such as the \$24 million National Institutes of Health (NIH) research and training

grant that will fund the Enhancing Crossdisciplinary Infrastructure Training at Oregon (EXITO) program. Portland State contributes an annual impact of \$1.44 billion to the regional economy.

Located in Portland, one of the nation's most livable cities, the University's innovative approach to education combines academic rigor in the classroom with field-based experiences through internships and classroom projects with community partners.

The University's 50-acre downtown campus exhibits a commitment to sustainability with many Leadership in Energy and Environmental Design (LEED) certified buildings, while many of the more than 200 bachelor's, master's and doctoral degrees incorporate sustainability into the curriculum. PSU's motto, "Let Knowledge Serve the City," inspires the teaching and research of an accomplished faculty whose work and students span the globe

## HISTORY

---

Portland State University opened in 1946 as the Vanport Extension Center to meet the educational needs of veterans home from World War II. The first campus was a portion of Vanport, a wartime housing project that was destroyed by a flood in 1948 when a dike broke along the Columbia River.

The campus was moved to north Portland in the fall of 1948, and in 1949 the

Oregon Legislature made "Vanport College" permanent. Three years later, the campus moved to its present location along downtown Portland's South Park Blocks, occupying the former Lincoln High School building. It was then known as the Day Division of the Portland State Extension Center.

The Legislature created Portland State College as a four-year, degree-granting

institution in 1955. Graduate work was added in 1961, doctoral programs began in 1968 and the institution became Portland State University in 1969.

The University has grown from an initial enrollment of 1,410 students in 1946 to become Oregon's largest urban research university.

## OUR VISION, MISSION, AND VALUES

---

### OUR VISION

Portland State University leads the way to an equitable and sustainable future through academic excellence, urban engagement and expanding opportunity for all.

### OUR MISSION

- We serve and sustain a vibrant urban region through our creativity, collective knowledge and expertise.
- We are dedicated to collaborative learning, innovative research, sustainability and community engagement.
- We educate a diverse community of lifelong learners.
- Our research and teaching have global impact.

### OUR VALUES

- We promote access, inclusion and equity as pillars of excellence.
- We commit to curiosity, collaboration, stewardship and sustainability.
- We strive for excellence and innovation that solves problems.
- We believe everyone should be treated with integrity and respect.

# ACADEMIC COSTUME

One of the most colorful features of the academic procession is the appearance of graduates, faculty, and guests of the University in full academic costume. The design of the gown; the color of the tassel on the cap; and the pattern, length and colors of the hood all have long histories and special significance.

American universities, unlike those of England and Europe, have adopted a standard code of academic costume. According to the code, the bachelor's gown worn by Portland State University graduating seniors has straight sleeves and is worn closed. Gold, silver and green cords are worn by honors graduates. The master's gown has long, pointed sleeves with the forearm being seen through a slit at the elbow of the sleeves. The doctor's gown is faced with velvet and has bell-shaped sleeves. Each sleeve carries three bars of velvet. The tassel on the cap indicates by color the college or school conferring the degree.

In addition to the cap and gown, candidates for advanced degrees wear the academic hood, the traditional garment

signifying high scholarly attainment. The doctoral hood carries the colors of the college or school conferring the degree on the outside and PSU's colors of green and white on the inside.

One legend, which deals with the origin of the cap and gown, reveals that a venerable teacher in ancient Greece promised wealthy parents that their sons would be "appropriately dressed" when presented at a banquet honoring the completion of their academic studies. However, when the young men entered the banquet hall dressed in simple sackcloth robes and carrying mortar boards, the mark of common workmen, a startled cry arose from the audience. "Let me explain," said the teacher as he raised his hands for silence. "Your sons are dressed in clothing of the mason, for their destiny is to build. Some will build cities, some will build lives—perhaps one of them may even build an empire. But all will be builders on the solid foundation of knowledge."

# **FACULTY AND STAFF EXCELLENCE AND ACHIEVEMENT AWARDS**

---

The PSU Faculty and Staff Excellence and Achievement Awards acknowledge individuals who have achieved outstanding scholarship and accomplishments at Portland State University, and are one example of how we honor, recognize and incentivize the ongoing excellence of PSU faculty and staff, both through scholarship and dedication to PSU students.

## **BRANFORD PRICE MILLAR AWARD FOR FACULTY EXCELLENCE**

*David H. Peyton, Ph.D.*

**DAVID H. PEYTON, PH.D.**, is a professor in the Department of Chemistry in the College of Liberal Arts and Sciences. He is the author of more than 70 publications on structural biology, malaria drug discovery and development, and the toxicity of tobacco-related products. He is known at the national and international levels as a leading expert in the application of nuclear magnetic resonance spectroscopy to problems relating to public health.

Peyton received his doctorate from the University of California at Santa Barbara in 1983, then held postdoctoral research positions at the Cornell University Medical College (now called Weill Cornell Medicine) and at the University of California at Davis before coming to Portland State University in 1987. He is a regular reviewer of submitted journal articles in the fields of biochemistry, analytical chemistry, environmental chemistry, physical chemistry, parasitology, inorganic chemistry and pharmaceutical chemistry; a member of the joint Scientific Advisory Committee for the NIH South Asia and India International Centers of Excellence for Malaria Research; and was the recipient of the Sigma Xi Columbia-Willamette Chapter “Outstanding Scientific Researcher Award (Chemistry)” in 2011.

A major research program in the Peyton lab has been drug development leading to overcoming the effects of drug

resistance, particularly in malaria. This was a shift in research direction from developing NMR methods and application to biomolecular interactions, to medicinal chemistry. In 2008, Peyton co-founded DesignMedix, Inc., in 2008 to help discover and develop the drugs to overcome resistance, bringing even more focus to his medicinal chemistry research. In another major project, collaboratively carried out with the Strongin and Pankow laboratories at PSU, Peyton studied aerosols from electronic cigarettes, as well as smoke from cigarettes and other tobacco products. This work brings together aspects of the physiology of nicotine addiction with its physical state, as well as the larger aspects of public health priorities and impact on policy. Thus, public health has become the overarching theme of the Peyton laboratory.

*The Branford Price Millar Award is given annually to a faculty member in a tenure-track or tenured appointment who has demonstrated excellence in the areas of scholarship, instruction, university service and public service, and whose performance in the area of scholarship and research is judged to be exceptional.*

## GEORGE C. HOFFMANN AWARD

*William Parnell, Ed.D. (2005)*

**WILL PARNELL, ED.D.**, is a professor in early childhood education, department chair of Curriculum and Instruction, and a pedagogical liaison to the Helen Gordon Child Development Center at Portland State University. His specialty areas are rethinking readiness in the early years, disrupting traditional early childhood research, creating learning designs, and documenting and making young children's learning visible.

Parnell currently serves as president of the National Association of Early Childhood Teacher Educators, consultant for the International School of Beijing Early Years, and founder of the Inventing Remida Portland project. Parnell finished his doctorate in education at PSU in 2005, and has been researching Reggio-inspired practices related to making listening and learning visible and valued; and working with children's creative expression, representational work and Remida creative reuse materials. His most recent research centers on meaning-making through early childhood education arts-based narrative-building processes that informs classroom practices. Parnell has presented and written many journal articles and book chapters about his research. He has co-edited and authored three books: "Making Meaning in Early Childhood Research," "Disrupting Research in Early Childhood Education," and "Rethinking Readiness in Early Childhood Education." His other scholarly research articles and book chapters focus on children,

teachers and parents' lived experiences and he is actively working with many doctoral candidates in the U.S. and Australia.

Parnell has been an educator and researcher in the field of early childhood education/teacher education since 1986 with a significant background in teaching and leadership. His background includes work in lab schools, parent cooperatives, and public-school settings and he has consulted around the globe from across the U.S and Canada to countries like Beijing, Australia, Bulgaria and Denmark. He has also started many schools for young children, working with architects on place-making, space planning and pedagogy in architectural design.

*The Hoffmann Award is given annually to a faculty member in recognition of distinguished contributions to the University in the areas of instruction, university service, and scholarship which are done in the spirit of humanism, civility, and collegiality, with particular dedication to students and loyalty to the University. These values were especially cherished by the late George C. Hoffmann, a distinguished dean and professor of history at Portland State University.*

## KENNETH W. AND ELSIE W. BUTLER AWARD FOR LIBRARY FACULTY SERVICE

*Richard M. Mikulski, Ph.D.*

**RICK MIKULSKI, PH.D.**, is an assistant professor in the PSU Library, where he serves as the government documents and social sciences librarian. He joined PSU in 2018 and is a liaison to the College of Urban and Public Affairs, which allows him to work closely with students and faculty in the departments of Economics, International and Global Studies, and Public Administration. He also provides data management services to the university community and is the coordinator of PSU's Federal Depository, which contains state, federal and international government documents and maps.

Mikulski received his M.L.S. (library science) and Ph.D. (history) from the University at Buffalo (SUNY). His areas of scholarship include government information and data, scholarly communication and culture, and the history of education. His current research examines the development of scholarly communities and academic cultures, which in turn shape scholarship values, research practices and the transmission of information. Mikulski is currently on the editorial boards of the *Journal of New Librarianship* and *DttP: Documents to the People*, and is the editor of *H-Education*. He is also a member of the Depository Library Council, which is the advisory committee to the Government Publishing Office.

---

*The Butler Award for Library Faculty Service was established in 1999 to recognize outstanding performance by a faculty member of the Branford P. Millar Library. This annual award—supported through a gift by professor emeritus Kenneth W. Butler and Elsie W. Butler—is granted to librarians who demonstrate excellence in their service to students, faculty and the community.*

## MARY H. CUMPSTON AWARD FOR SERVICE TO STUDENTS

*Marcy Hunt, Ph.D.*

**MARCY HUNT, PH.D.** is the director of Counseling Services at the Center for Student Health and Counseling (SHAC). She received her Bachelor's degree from the College of Wooster and her doctorate in Counseling Psychology from the University of Oregon. As a licensed psychologist, Hunt has spent her career serving students in university counseling centers with prior leadership as the counseling services director at Baldwin Wallace University in Ohio.

Since 2010, Hunt has served Portland State University with a mission to center mental health as a core facet to student success and wellbeing. Within SHAC, she and her team have created innovative practices to increase student access to mental health care, such as same- or next-day access to counseling consultation appointments; expanding transgender health and mental health care services; enhancing group therapy, psychoeducation workshops, Mindful Moment for classrooms/meetings; and most recently, successfully transitioning all counseling services, including LD/ADHD evaluations, to a telehealth platform.

Hunt has made connections across divisional and departmental lines to promote student and faculty/staff wellbeing through her involvement in the CARE Team, Interpersonal Violence Task Group, Healthy Campus Initiative, University Public Safety Oversight Committee, Student Experience Committee and the Reimagine Campus Public Safety

Committee. She has consistently contributed to and promoted a culture of care across campus through her mentoring of students and intentional collaborations with colleagues in Student Affairs, Enrollment Management, Academic Affairs, Global Diversity and Inclusion, Finance and Administration, Office of Information Technology and Athletics.

Dana Tasson, associate vice provost for Student Health and Well-Being, wrote "[Hunt] has enhanced our community by setting an example of how to adopt a culture of care and help-seeking in our daily work, and through her generous mentoring has helped countless students and colleagues through difficult times. I often think of [Hunt] as one of the key people who 'takes care of' our community. However, it might be more accurate to say that she helps us learn how to better take care of each other."

*The Mary H. Cumpston Award for Service to Students is given annually to an academic professional or university administrator, without academic rank, who has demonstrated excellence in the area of service to students. Mary H. Cumpston was a beloved colleague who truly embodied the meaning of excellence in service to students at Portland State University..*

## PSU FOUNDATION PHILANTHROPIC CULTIVATION AWARD

*Ethan Sperry, DMA*

**ETHAN SPERRY, DMA**, is in his eleventh year as director of choral activities at Portland State University, where he conducts the world-renowned Chamber Choir and leads undergraduate and graduate programs in conducting. He earned a bachelor's degree in philosophy from Harvard College and a masters and doctoral degree in choral conducting from the University of Southern California.

Before moving to Oregon, Sperry served for 10 years on the faculty of Miami University in Ohio and has also served as artistic administrator of the Arad Philharmonic Chorus in Romania and Conductor of the Coeur Regional de Guadeloupe, the only Symphonic Chorus in the French West Indies. Currently, he is the artistic director and Conductor of the Oregon Repertory Singers, one of America's most distinguished adult choruses.

Under his direction in 2013, the Portland State Chamber Choir became the first American Choir ever to win the Grand Prix at the Seghizzi International Choral Contest in Italy, and in 2017 they became the first American choir to win the Grand Prix at the Bali International Choral Festival, the largest choral gathering in Asia. A prolific arranger of world music for choirs, Sperry is the editor of the Global Rhythms series for Earthsongs Music, one of the bestselling choral series in the world, and is also published by Hal Leonard. He serves as a consultant for the KM Music Conservatory in Chennai, the first classical music school in India, which opened in 2009.

Sperry has been deeply involved in all aspects of the cultivation, solicitation and stewardship of support for the choral program and voice students. Sperry has been a close partner to the PSU Foundation in building a case around priorities for the choirs and voice student support and has raised more than \$400,000 for voice student scholarships since 2017 and an additional \$3 million for choir and voice area programs, projects and initiatives, and other voice student scholarships.

---

*The Portland State University Foundation Philanthropic Cultivation Award is given annually to a PSU faculty or staff member in recognition of their role as a partner in cultivating philanthropic support for a priority program within their unit.*

## ADJUNCT FACULTY EXCELLENCE AWARD FOR RESEARCH

*Molly Wallace, Ph.D.*

**MOLLY WALLACE, PH.D.**, teaches in Portland State University's Conflict Resolution program and serves as contributing editor of the Peace Science Digest. Her research and teaching interests include nonviolent action; unarmed civilian peacekeeping/protection (UCP); demilitarized security; conflict resolution/transformation; military desertion/defection; transitional justice, reconciliation, and peacebuilding; the relationship between weapons and protection/vulnerability; the legitimization of political violence; humanitarian negotiation; gender and global politics; and ethics of war and peace. Her recent book, "Security Without Weapons: Rethinking Violence, Nonviolent Action, and Civilian Protection," published with Routledge in 2017, explores nonviolent alternatives for civilian protection in war zones, and she has published research in *Critical Studies on Security, Global Society and International Politics*. She regularly presents at the International Studies Association and in 2017 was invited to deliver a keynote lecture at the Rethinking Pacifism for Revolution, Security and Politics conference at the University of Otago, Aotearoa/New Zealand.

Wallace earned her Ph.D. in political science from Brown University and her B.A. (magna cum laude) in Peace and Conflict Studies from Mount Holyoke College. At Brown, she was awarded the P. Terrence Hopmann Award for Excellence in Teaching and was recipient of the Watson Institute Graduate Program in Development Fellowship.

She currently teaches two courses at PSU—Introduction to Conflict Resolution and Reconciliation Processes—and especially values the diverse life experiences and forms of expertise that PSU students bring to the classroom. Beyond PSU, she has taught in the International Affairs and/or Political Science programs at Brown University, the University of New Hampshire, and Lewis & Clark College.

She is also a volunteer facilitator with Multnomah County's restorative dialogue program, she previously served as a volunteer mediator with the Community Mediation Center of Rhode Island and on the staff of conflict resolution and international affairs NGOs in Washington, D.C. More recently, she has also worked with the James Lawson Institute (as a facilitator) and USD's Kroc Institute for Peace and Justice (as an editor).

Wallace grew up in Salem, Oregon, and returned to Oregon in 2016. She and her spouse have two young kids and feel lucky to now live so close to grandparents and other family.

---

*The Adjunct Faculty Excellence Award for Research was created to recognize and honor the outstanding contributions of Portland State University adjunct instructors in the area of research.*

## ADJUNCT FACULTY EXCELLENCE AWARD FOR INSTRUCTION

*Christopher Allen, Ph.D.*

**CHRISTOPHER ALLEN, PH.D.** serves as a senior adjunct instructor in the psychology department at Portland State University. He has been teaching at Portland State University since 2011 and has twice been awarded the John Eliot Alan outstanding teaching award. Allen draws on a rich background of working in clinical psychology and organizational psychology and regularly teaches for PSU in the area of abnormal psychology and personality theory. More recently, Allen teaches classes on the psychology of happiness and Tibetan Buddhism, including live streaming virtual education abroad classes from Tibet and Nepal, along with his co-teacher and spouse, who was raised in Tibet.

Larry Martinez, associate professor and chair of the PSU Department of Psychology, said “Allen is an exemplary example of what I believe this award seeks to recognize. He isn’t just a great instructor. He’s a great instructor who is also innovative, tireless and dedicated to providing the very best educational experience for our students. He brings his wealth of knowledge and practical experience as a professional psychologist to the classroom in ways that weave effortlessly with lecture material to facilitate learning in ways that are extremely engaging and effective. I myself learned a great deal by observing his class, both about the lecture content and about impressively effective pedagogy.”

Allen would like to dedicate his award to his students and let them know he feels honored to be their teacher. He wishes them happiness and wants them to know that he sees their struggles and joys and appreciates being together on a learning journey with them. He would also like to dedicate this award to the passionate and devoted adjunct faculty members at Portland State University where he has served as an executive council member for the Portland State University Faculty Association union and has heard many important stories from across the university about the commitment and caring of adjunct faculty members. Finally, Allen would like to dedicate this award to the deans, department managers and office staff in the Department of Psychology who have made it possible to enjoy his years of teaching while keeping up with the paperwork and technology.

# COLLEGE OF THE ARTS

---

## STUDENT SPEAKERS

### *Hope Ferns*

**HOPE FERNS** is graduating with a Bachelor of Science in Graphic Design. She chose this major because she loves art, creating and designing. Art is a source of passion for Ferns, and something she always hopes to be doing. Throughout the last three years, Ferns has fallen in love with the graphic design program and its professors. One week after graduation, she will start the Graduate Teacher Education Program at PSU to pursue her goal of becoming an art educator.

Ferns cited her most memorable experience at PSU as submitting her sophomore portfolio. It was a tremendous accomplishment that all sophomores have to go through in the graphic design program to determine whether they can continue in the program. It was one of the hardest things she has ever had to do, but the relief she felt when she passed, she said, was “unreal.”

During her time as an undergraduate at PSU, Ferns worked for the Residence Hall Association, she received a scholarship while being a member and she eventually became the director of the organization.

Ferns feels fortunate to have a mother who is a PSU alumnus and, is also pursuing a master’s degree at PSU. She is extremely close with her mom and sister. As a student with a disability, Hope had to overcome leaving the comfort and protection of her mom’s house. It was hard to navigate at times, but she is thankful for the DRC, her professors and her mom.

Hope would like to thank her mom, her sister, and her partner, Tristan, for their support. She’d also like to thank all of the graphic design professors who cheered her on, listened to her cry, and pushed her to be the best designer and human she could be.

### *Anahi Ortiz*

**ANAHI ORTIZ** is graduating with a bachelor's degree in film. A first-generation college student and immigrant from Mexico, Ortiz has faced many obstacles on her path toward higher education. Throughout her years in schooling, she has often taken time off of school to work in order to fund her education. She’s overcome major challenges, including language barriers, health and learning difficulties. Ultimately, Ortiz attributes her struggles as a learning experience which made her resilient and determined to achieve her goals.

Ortiz is grateful for the Portland Transfer Finish Program and PSU Foundation hardship funds, which have allowed her to continue her education. She considers it a major privilege to go to university and she made the most of her time at Portland State by taking advantage of internship and extracurricular opportunities. Her passion for

photography and literature naturally drew her to filmmaking as an educational focus.

While attending PSU, she gained hands-on experiences in production and learned from the theoretical ideas that have helped shape her filmmaking practice and craft. Her most memorable experiences at school were the projects that allowed for collaboration with her peers, and the constructive feedback she received. After graduation, she will continue creating, working on her projects and being more involved in the film community.

Ortiz would like to thank all the faculty, staff, and peers at PSU, who have contributed to her success and made her time an inspiring, enriching, and welcoming experience. Finally, she would like to thank her mother, friends and family for their unwavering support.

## *Monserrat Vazquez-Fonseca*

**MONSE VAZQUEZ-FONSECA** is graduating with a Master of Architecture. She chose this unique program because she has always been inquisitive about the underserved and underrepresented people in communities surrounding Portland and is eager to learn how to approach architectural design with a focus on accessibility, sustainability, and equity. As a deaf child growing up in Mexico, Fonseca has first-hand experience of the obstacles facing people with disabilities. She is fascinated by inclusive designs such as educational structures that could better serve communities around the world. Her goal is to design educational buildings which are accessible to everyone, believing that a small thing can make a big difference.

While attending the School of Architecture, she was a recipient of the College of the Arts Scholarship, the Blick Art Materials Endowed Scholarship, and the Vocational Rehabilitation Service Scholarship. She

is grateful for the financial support of these generous programs especially as an out-of-state student who does not qualify for federal student aid. Fonseca's family is Mexican, and she is the first in her family to earn a bachelor's and master's degree. Her biggest challenge has been overcoming communication difficulties because not everyone is familiar with American Sign Language. She is always prepared with notes, paper and her phone so that she can interact with anyone, even remotely.

Her most memorable moments were chilling with her colleagues in Shattuck Hall late at night, having a great time, laughing and sharing stories while taking a break from their work. She would like to thank her family, whose incredible support and belief in her helped her break the glass ceiling in her education, her friends and colleagues for their encouragement, and the PSU community for compassionate and big-hearted support.

## *Ulises Zavaleta-Berdeja*

**ULISES ZAVALETA-BERDEJA** is graduating with an undergraduate degree in music education. He plans to attend the Graduate Teaching Education Program in the School of Education here at Portland State for a Masters in Education. Zavaleta-Berdeja immigrated to the United States at the age of 3. Zavaleta-Berdeja spent a large amount of time participating in student leadership, sports, academics and choir. After discovering his love for choral music early in his high school career, he decided to dedicate his time to the art.

During his time at Portland State, Zavaleta-Berdeja was awarded the Gregory K. and Mary Chomenko Hinckley Endowed Chamber Choir Scholarship. This scholarship comes with a full tuition remission. As a DACA student, paying for tuition would have been impossible. This scholarship, along with others, allowed Zavaleta-Berdeja to focus on his education and honing his skills as an educator and

conductor. Ulises has served as President to the Portland State Chamber Choir and President of the Portland Chapter of CNAFME.

Zavaleta-Berdeja would like to thank his parents, Juan Carlos Zavaleta Sr. and Zaima Berdeja, for their relentless support and endless love during his time at Portland State. He would also like to thank his older brother, Juan Carlos Zavaleta Jr., for paving the way for him into higher education. He would like to thank Harry Baechtel, his voice teacher for the past four years, for igniting his passion for classical singing. Zavaleta-Berdeja would also like to thank Greg and Mary Hinckley for their generosity and support for the choral program. Lastly, he would like to thank Ethan Sperry for all of his support and mentorship over the past four years. Sperry's influence will be one that lasts a lifetime.

## COMMENCEMENT ADDRESS

*Mario Milosevic, Art Director, Portland Trail Blazers '06*

**MARIO MILOSEVIC '06** enters his 16th season with the Portland Trail Blazers in 2020-21 where he serves as the organization's Art Director. Originally joining the team as a graphic design intern in 2005, Milosevic now leads art direction and design for all aspects of the organization's company-wide print, digital, broadcasting and retail platforms. During his tenure, Milosevic has led many major design projects, including the team identity rebrand efforts, new team uniforms and new court designs. He also launched the brand identity for the organization's NBA 2K League team Blazer5 Gaming and the Phil Knight Invitational basketball tournament (PK80) in partnership with Nike.

In 2018, Milosevic was selected as a finalist for the NBA Innovation Hub, where he presented his Smart Court

concept to the league's commissioner and senior leadership team in New York. His innovation led to the NBA's partnership with HomeCourt, the most advanced basketball training app. Born in former Yugoslavia, now Bosnia and Herzegovina, Milosevic's family escaped the war in 1992 and lived as refugees in Serbia before coming to the US in 1997. He is a Portland State University graduate with a Bachelor of Arts degree in Graphic Design. Milosevic lives in Beaverton and enjoys traveling and spending time with his family and friends. His favorite show is "Shark Tank," and he is always brainstorming new business and innovation ideas.

## STUDENT SPEAKERS

### *Dominic Flesey-Assad*

**DOMINIC FLESEY-ASSAD** is a graduating senior in the Career and Community Studies program at Portland State University. Flesey-Assad is an advocate for Special Olympics and Integrated Sports programs at Portland State and throughout Oregon. Outside of advocating for sports programs, Flesey-Assad is an accomplished athlete himself — he is dedicated to daily fitness and has participated in Special Olympics and intramural integrated sports. He has worked for the Portland State Viking Pavilion from 2019–21 and has been an integral participant in Portland State Athletics. Dually passionate about public speaking, Flesey-Assad has combined his interests and has been outspoken about disabled athlete rights. Flesey-Assad is a dedicated friend to those around him, bringing humor and joy to all situations.

After graduation, Flesey-Assad hopes to make a career working with the Integrated Sports program at Portland State or to work with Special Olympics supporting other disabled athletes.

With the support of the amazing team at CCS, Flesey-Assad has thrived at Portland State. He would like to send a special “thank you” to his family and friends, and the entire CCS team, especially Megan Mcfarland and Sue Bert. Flesey-Assad will continue to be an advocate for disabled student athletes and find humor in all the right places.

### *Amy Le*

**AMY LE** is graduating with a Master of Education degree with teaching endorsements in Biology and Special Education. As a part of the Secondary Dual Educator Program (SDEP) at Portland State, she has spent the past two years preparing herself for the career of an inclusive educator.

Through SDEP, Le was able to learn about the importance of incorporating the interests, needs and strengths of those around her to help make learning more culturally relevant but also worthwhile for those involved. In addition, through her program, Le was reminded of how her greatest strengths have always been in promoting the principles of humility, compassion and empathy in everything she does.

After graduation, she hopes to share her knowledge and skills through the role of a science teacher at Parkrose Middle School for the 2021-2022 school year.

She will also continue her community work as a youth leader for the Vietnamese Eucharistic Youth Movement in hopes that she can continue to support Vietnamese Youth in the Portland area, cultivate their Vietnamese identities, and strive to support their community through their talents and strengths.

Le would like to say “Cám ơn ba mẹ đã hy sinh cho con và nuôi con lớn.” She hopes that her parents know that she is thankful for their sacrifices and for raising her to be the person she is today. Le also thanks her sisters for holding her accountable and encouraging her to be strong in the face of adversity. Lastly, she would like to thank all of her friends and colleagues from the Vietnamese Eucharistic Youth Movement and the Secondary Dual Educator Program for inspiring her each and every day and just being the best support networks during this crazy journey.

## COMMENCEMENT ADDRESS

*Brett Bigham, M.S. (2002)*

**BRETT BIGHAM** is a graduate of the Portland State University College of Education and was the 2014 Oregon State Teacher of the Year. Bigham has been awarded the prestigious National Education Association Foundation Educator of Excellence award as well as being named the NEA LGBT Teacher Role Model of the Year.

In 2017, Bigham traveled to Bangladesh to mentor the country's first special education teachers. While there, he completed a book to help people with Autism visit the Bangladesh State Museum. Bigham has written more than 170 "Ability Guidebooks" to help visit cultural landmarks and events. These guidebooks began for his own classroom here in Portland, teaching how to visit Portlandia and ride the tram. There are now books in more than 40 countries and include titles such as "I Am Going to Visit the Parthenon," "I am Going to the Apartheid Museum," and "I Am Going to Hear Big Ben."

Bigham was named a Global Education Innovator by the MUGU Foundation of India for this work and was named an Ambassador by the Finnish education group HundrEd.

As a Leading Educator Ambassador of Equity for the Education Civil Rights Alliance, Bigham is a leading voice on equality issues in American education. During his year of service as Oregon Teacher of the Year, he was told by his

supervisor that if he said he was gay publicly, he would be fired. Following the White House Honoring Ceremony, where the Teacher of the Year from each state was honored by President Obama, Brett spoke up as an openly gay teacher for the rights of LGBTQ youth. He was subsequently fired and his fight to retain his job and his rights to free speech went all the way up to the Supreme Court in the form of an Amicus Brief by the Southern Poverty Law Center.

Bigham is the co-editor of the National Network of State Teachers of the Year Social Justice Book List, writes an educational column for the Portland State College of Education and has contributed essays to the books "Humans in the Classroom," "One Teacher in Ten in the New Millennium" and "Gender Diversity and LGBTQ Inclusion in K-12 Schools: A Guide to Supporting Students, Changing Lives." Bigham teaches K-5 special education in Portland, Oregon, and he cannot wait to see you out in the schools.

*William Parnell, Ed.D. (2005)*

**WILLIAM PARNELL, ED.D.**, is a professor in early childhood education, department chair of Curriculum and Instruction, and a pedagogical liaison to the Helen Gordon Child Development Center at Portland State University. His specialty areas are rethinking readiness in the early years, disrupting traditional early childhood research, creating learning designs, and documenting and making young children's learning visible. Parnell currently serves as president of the National Association of Early Childhood Teacher Educators, consultant for the International School of Beijing Early Years, and founder of the Inventing Remida Portland project.

Parnell finished his doctorate in education at PSU in 2005, and has been researching Reggio-inspired practices related to making listening and learning visible and valued; and working with children's creative expression, representational work and Remida creative reuse materials. His most recent research centers on meaning-making through early childhood education arts-based narrative-building processes that informs classroom practices. Parnell has presented and written many journal articles and book chapters about his research. He has co-edited and authored three books: "Making Meaning in Early Childhood Research," "Disrupting Research in Early Childhood Education," and "Rethinking Readiness in Early Childhood Education." His other scholarly research articles and book chapters focus on children, teachers and parents' lived experiences

and he is actively working with many doctoral candidates in the U.S. and Australia.

Parnell has been an educator and researcher in the field of early childhood education/teacher education since 1986 with a significant background in teaching and leadership. His background includes work in lab schools, parent cooperatives, and public-school settings and he has consulted around the globe from across the U.S and Canada to countries like Beijing, Australia, Bulgaria and Denmark. He has also started many schools for young children, working with architects on place-making, space planning and pedagogy in architectural design.

## STUDENT SPEAKERS

### *Gudelia Contreras Flores*

**GUDELIA CONTRERAS FLORES** is graduating with a bachelor's in Spanish, a minor in Black Studies and a certificate in World Language Pedagogy. For her, language is one of the main representations of a culture and she says obtaining a degree in Spanish provides her with an opportunity to keep her Hispanic culture alive.

Born and raised in Veracruz, Mexico, her path to earning a college degree began more than 30 years ago. Flores says two lessons from her parents have stayed with her through the years: “No matter what others tell you, always fight for what you want because you are strong,” and “Never leave anything halfway; if you start something, finish it.”

Flores has had to overcome a lot of obstacles before and while at PSU, but credits the support of her professors with helping her to succeed. She's been accepted into the Spanish graduate program and is ready to start a new adventure.

Flores would like to thank God; everyone at Clatsop Community College for the support they gave her, especially Eileen “Percy” Purcell; her parents, who unfortunately passed away before they could see her dream come true; and her children, Miguel and Daisy.

### *Natália Martins Schmidt*

**NATÁLIA MARTINS SCHMIDT** is graduating with a master's degree in Teaching English to Speakers of Other Languages. A teacher for more than a decade, she sought out opportunities to promote equitable education and inclusion in the English teaching field and found that Portland State's program was the best fit.

Schmidt is a first-generation college student from Brazil who was raised by very strong, hardworking women who always told her to prioritize education and did their best to support her. In addition to completing half of her graduate program remotely amid the pandemic, she had to overcome cultural, language and financial barriers to reach this point. She credits her village of family, friends and mentors for helping her to be successful.

After graduation, she's planning a visit to Brazil — her first in four years — before heading to Asia to work as an English teacher in academic programs.

Schmidt would like to thank her mother, grandmother, and aunt, who raised her; her husband, who reminded her every day that all of the hard work would be worth it; her professors, who challenged her to become a better educator and researcher; the University Studies community; and her peers in the Applied Linguistics department for their collaboration, laughs and fostering a loving and respectful community.

## COMMENCEMENT ADDRESS

### *Avel Gordly*

**AVEL GORDLY** is an activist and community organizer who in 1996 became the first African American woman to be elected to the Oregon State Senate. She served in the Senate from 1997 to 2009. Previously, she served for five years in the Oregon House of Representatives.

In 1974, she became the first person in her family to graduate from college, earning a degree in the administration of justice from Portland State University.

A key affiliation for Gordly was the Black United Front (BUF). A national civil rights group headquartered in Chicago, Portland's dynamic BUF was founded in 1979 by a core group of activists, including Ronald Herndon and the Rev. John Jackson. In addition to handling media work for the group, Gordly coordinated the Front's Saturday School, whose African American history program was tied to curriculum reform in the public education system. With the Front's spin-off, Portlanders Organized for Southern African Freedom, and in concert with the American Friends Service Committee (AFSC), Gordly helped score key anti-apartheid victories in Oregon during the 1980s.

Gordly was tapped to fill a vacancy created by a retirement in the legislature in 1991. Gordly was subsequently elected state representative from north

and northeast Portland in 1992, and she served until retiring in 2009. Her legislative record includes an array of initiatives that focus on cultural competency in education, mental health, and the administration of justice.

In 2008, Oregon Health Sciences University opened the Avel Gordly Center for Healing, dedicated to culturally specific mental health and psychiatric services. In 2009, Albina Head Start recognized Gordly's championing of funding for their programs state-wide by renaming its administrative headquarters in her honor. Gordly has received awards from groups such as the NAACP, the American Leadership Forum of Oregon, the Oregon Youth Authority, Delta Sigma Theta Sorority, the Oregon Commission for Women, and the Urban League of Portland. Gordly's memoir, *Remembering the Power of Words: The Life of An Oregon Legislator, Activist, and Community Leader*, written with PSU history professor Patricia Schechter, recounts her personal and professional journey and was published in 2011 by Oregon State University Press. She received an honorary doctorate from Portland State in 2017.

## HONORARY DEGREE RECIPIENT

*Ronald D. Herndon*

**RONALD D. HERNDON** a veteran Portland civil rights leader, was born in Coffeyville, Kansas, and moved from East Harlem to Portland in 1968 to attend Reed College. At Reed, he earned a B.A. in history in 1970 where he convinced the college to start a Black Studies program. His thesis was titled “Racism in the Portland Public Schools.”

The same year he graduated, Herndon opened the Black Educational Center Portland which offered educational opportunities for Black children in Portland. There, he served as director from 1970 to 1980. His leadership of that organization led to him becoming co-chair of the Portland chapter of the National Black United Front, which he co-founded in 1978, largely in response to the Portland Public School board's failure to implement recommendations by the Community Coalition for School Integration. Herndon is currently the director of Albina Head Start, he has held that position since 1975, and was the chairman of the National Head Start Association from 1993 to 2013. From 1988 to 2000 he served as the Executive Director of the National Association of Schools of Excellence.

Herndon is in his fifth decade fighting for racial and social justice both locally and nationally. Among his many accomplishments is the time he spent in the 1980s and 1990s battling federal plans to end the Head Start program nationally. Locally, he organized a boycott by 4,000

Black students in 1982 to keep Harriet Tubman Middle School open, led a march in support of Nelson Mandela in 1984, and publicly pressured Nike to open a store in Northeast Portland and commit to hiring from the neighborhood. As part of the deal, Nike underwrote a community-development organization that built or rehabbed more than 200 houses. He is the co-founder of 18 Portland community-based organizations including the Black United Fund, Work Force Center, Low Income Housing and Job Training, and the Community Economic Development Coalition.

# COLLEGE OF URBAN AND PUBLIC AFFAIRS

---

## STUDENT SPEAKERS

### *Noah Kurzenhauser*

**NOAH KURZENHAUSER** is graduating with a Bachelor of Science degree in political science, a minor in community development and a certificate in global studies. He is pursuing a Master of Arts in security policy studies at George Washington University's Elliott School of International Affairs in the fall.

His love for international affairs arose following both participation in and facilitation of multiple virtual and in-person exchange programs; working with students from around the world has led to incredibly transformative experiences, all of which illustrate to Kurzenhauser the salience of building cross-cultural relationships. This work began when Kurzenhauser started college at the age of 16, allowing a unique interweaving of both theory and practice. Taking Joshua

Eastin's course "Violence, Rebellion, and Civil War" spurred him to pursue a career in the transnational security field. From presenting research on regime change in the Middle East at academic conferences to writing a thesis on judicial purging, Kurzenhauser has found PSU to be instrumental in preparing him for his future career and academic endeavors.

Kurzenhauser would like to thank his family (Stephanie, Curt, Bela, Rose, and Candice), academic mentors (Drs. Eastin, Valdini, Asaadi, and Erev) and CUPA advisor (Lynell Spencer) for their support and continued guidance.

### *Tara Mussulman*

**TARA MUSSLUMAN** is graduating cum laude with a bachelor's degree in political science with an emphasis in public service and minor in civic leadership. At Portland State, Mussulman took great enthusiasm for CUPA's mantra of creating informed citizens who go on to create a better world. She dove in, with heart and head, to her studies and special projects. While at PSU, Mussulman served as an intern for a redistricting ballot measure, People Not Politicians, which believes redistricting should be a fair and transparent process #because democracy dammit. In 2020, Mussulman was selected and participated in the Center for Women's Leadership New Leadership Oregon program. Being an active Rotarian and leader within the community affirmed Mussulman as a natural fit for the civic leadership minor. She believes it is through civic engagement that we're able to make our democracy work.

Mussulman will attend PSU's Graduate School of Education for Secondary Education with an emphasis in social science. Tara looks forward to sharing the educational process with her future students as they engage together in subjects of history, government, and civic engagement.

Mussulman extends love and gratitude to John, Roxanne, family near and far, her professors, Portland Pearl Rotary and the campaign ladies.

## COMMENCEMENT ADDRESS

*Rukaiyah Adams, M.A., J.D.*

**RUKAIYAH ADAMS, M.A., J.D.** is the chief investment officer at Meyer Memorial Trust. Her job is to grow and use the endowment in ways that align with the values of Meyer Memorial Trust and ensure its long-term financial strength. Beginning in 2017, her team delivered an annual return, placing Meyer in the top 5% of foundations and endowments — where it remains to this day. At the same time, they increased assets managed by diverse managers by more than three times, to 40% of all assets under management (AUM), and women managers by 10 times, to 25% of AUM. In both performance and diversity, the Meyer endowment is among the best in the world.

Before joining Meyer, Adams ran the \$6.5 billion capital markets fund at The Standard, a publicly-traded company. At The Standard, she oversaw six trading desks that included several bond strategies, preferred equities, derivatives and other risk mitigation strategies.

Adams' work touches people throughout the state. From 2017 to 2020, she chaired the prestigious Oregon Investment

Council, which manages approximately \$100 billion of public pension and other assets for the State of Oregon. During her tenure as chair, the Oregon retirement fund delivered some of the best returns in the country. Adams believes competent and equitable stewardship of investment capital is a form of social justice.

Adams serves on the boards of directors of Albina Vision Trust, Self Enhancement, Inc. Foundation, Oregon Public Broadcasting and Oregon Health and Science University. Her 2016 Ted talk, "A Homegirl's Guide to Being Powerful," about her path to becoming a more thoughtful investor has been viewed over 10,000 times. She is known for connecting the dots between the many ways in which we think about capital and investing and the corresponding impacts on the urban form.

Adams holds a bachelor's degree from Carleton College, a Juris Doctorate from Stanford Law School, and a master's degree in Business Administration from the Stanford Graduate School of Business.

## STUDENT SPEAKERS

### *Alejandro Castaneda*

**ALEJANDRO CASTANEDA** is graduating Summa Cum Laude with a Bachelor of Science degree in Computer Science and a minor in Physics. He attended Portland State as a Western Undergraduate Exchange recipient. Growing up in Las Vegas, Nevada, Castaneda had experienced about 18 year's worth of heat and sun when he decided he was ready for a change. Alejandro was naturally drawn to an utterly new climate and fell in love with a city all too familiar with cloudy days, Portland, Oregon.

Throughout Castaneda's four years at PSU, he picked up interests in countless subjects. Favorites among them were natural language processing, algorithmic bias, model interpretability and UI/UX design.

In the same four years, he found himself involved with We in Computer Science, the Computer Science department's diversity and empowerment group, as president, vice president and mentorship program director. Castaneda completed a fellowship with Code2040, an organization empowering Black and Latinx technologists, and a mentorship with Out in Tech, an organization for LGBTQ+ tech leaders.

In the future, Castaneda says, "find me as a software engineer in New York! I'll likely be at the nearest pizzeria gobbling down a slice."

### *Katherine Keeling*

**KATHERINE KEELING** is graduating with a master's degree in civil engineering with a focus in transportation. She is a two-time recipient of the Dwight D. Eisenhower Fellowship Award, a two-time NITC Scholar, and first place winner of the ASCE Region Eight Student Essay and Technical Presentation. Throughout her undergraduate and graduate studies at PSU, she has been a leader in student clubs such as Students in Transportation Engineering and Planning (STEP-ITE) and Chi Epsilon (the civil engineering honor society). All while working as a research assistant, she is a proud member of the Graduate Employees Union. She looks forward to a career in advancing active transportation modes such as walking, bicycling, transit and e-scooters; and has spent the past year putting advocacy into action as the proud nanny of the Lewis family, teaching three young boys how to ride bicycles and/or towing them around on the back of her cargo bike.

Keeling's most memorable experience is helping the PSU team reach a first place victory in the 2019 Bill Kloos Traffic Bowl — a silly jeopardy-style trivia competition hosted by Portland-area transportation professionals. Her proudest accomplishment is arranging for 30 PSU students to receive scholarships to attend the Transportation Research Board's 100th Annual Meeting, a nationally recognized research conference which profoundly shaped her own experience as a transportation student.

She would like to thank Doctors Clifton, Figliozzi, Monsere, and Kothuri for inviting her to opportunities in research; and to her parents, John and Wanda, her beloved abuela, Sam, "Pizza Club," Rachel, and Bad Bop Brian for their unfailing support.

## COMMENCEMENT ADDRESS

*Jill Murfin, (B.S., 2005)*

**JILL MURFIN** is a proud Portland State University graduate (B.S. mechanical engineering '05) with a passion for motivating others. Her 16-year engineering career has included roles in engineering management, factory operations, product engineering and technical program management at both Intel and Nike.

Today, she manages teams of engineers and innovators who work to revolutionize the future of footwear at Nike. Her teams invent new machines and new materials, and reimagine how shoes are made to maximize both sustainability and athlete performance. As a leader in innovation, Murfin's role is to inspire her teams to think big and work together to overcome multifaceted challenges.

Inspiring the future generation of engineers is at the core of Murfin's mission. She mentors dozens of recent grads, has spearheaded more than 30

outreach events at local elementary schools, spoken at conferences across the U.S. on maximizing career opportunities and has been featured on television and podcast interviews. She served as president for the Society of Women Engineers (SWE) Columbia River Section, which received numerous awards including Outreach Excellence and Membership Retention.

In 2019, Murfin was recognized by the EverRiseWomen campaign as one of 60 women across five continents to watch as a powerful, diverse woman in the technical world.

Murfin is also an active wife and mother of two busy children.

## DOCTORAL DEGREES

### Hamad Asri Alanazi

Ph.D. Technology Management  
*Exploring Policies and Strategies for the Diffusion of Remote Patient Monitoring (RPM) for the Care of Senior Population*  
 Dissertation Chair: Tugrul Daim  
 Professor of Engineering and Technology Management

### Ahmed A. Alibage

Ph.D. Technology Management  
*Achieving High Reliability Organizations Using Fuzzy Cognitive Maps - The Case of Offshore Oil and Gas*  
 Dissertation Chair: Antonie Jetter  
 Associate Professor of Engineering and Technology Management

### Saeed Mohammed Alzahrani

Ph.D. Technology Management  
*Assessment of the Blockchain Technology Adoption for the Management of the Electronic Health Record Systems*  
 Dissertation Chair: Tugrul Daim  
 Professor of Engineering and Technology Management

### \*Nina Chaichi

Ph.D. Technology Management  
*Perceived Value of Technology Product Features by Crowdfunding Backers: The Case of 3D Printing Technology on Kickstarter Platform*  
 Dissertation Chair: Timothy Anderson  
 Associate Professor of Engineering and Technology Management

### Maoloud Yakhlif Dabab

Ph.D. Technology Management  
*An Assessment of the Decision-Making Units' Efficiency in Service Systems*  
 Dissertation Chair: Timothy Anderson  
 Associate Professor of Engineering and Technology Management

### \*Basem Elazzabi

Ph.D. Computer Science  
*Storing Intermediate Results in Space and Time: SQL Graphs and Block Referencing*  
 Dissertation Chair: David Maier  
 Maseeh Professor of Computer Science

### Graham Asher Freedland

Ph.D. Mechanical Engineering  
*Entrainment Processes for a Jet in Cross-flow: The Quantification of Turbulent Contributions and their Importance on Accurate Modeling*  
 Dissertation Chair: Raúl Bayoán Cal  
 Associate Professor of Mechanical Engineering

### Edwin Garces

Ph.D. Technology Management  
*Evaluating R&D Projects in Regulated Utilities: The Case of Power Transmission Utilities*  
 Dissertation Chair: Tugrul Daim  
 Professor of Engineering and Technology Management

### Abdulhakim Giadedi

Ph.D. Technology Management  
*A Scoring Model to Evaluate Offshore Oil Projects: Case of Eni and Mellitah Oil & Gas*  
 Dissertation Chair: Tugrul Daim  
 Professor of Engineering and Technology Management

### Travis Bradley Glick

Ph.D. Civil and Environmental Engineering  
*Methodologies to Quantify Transit Performance Metrics at the System-Level Using High-Resolution GPS, Stop-Level, and GTFS Archived Transit Data*  
 Dissertation Chair: Miguel Figliozzi  
 Professor of Civil and Environmental Engineering

### Alaa Waleed Hameed

Ph.D. Civil and Environmental Engineering  
*Dynamic Response of Highway Bridge Superstructures Subjected to Wave Action: Experimental Analysis and Numerical Modeling*  
 Dissertation Chair: Thomas Schumacher  
 Associate Professor of Civil Engineering

### Rasika Dhananjay Joshi

Ph.D. Electrical and Computer Engineering  
*Memristor Crossbar Array Testing Using Sneak Paths*  
 Dissertation Chair: John Acken  
 Research Associate Professor of Electrical and Computer Engineering

### Amani Mohammed Kaadoor

Ph.D. Technology Management  
*Determinants of Green Purchase Intentions of Saudi Consumers*  
 Dissertation Chair: Antonie Jetter  
 Associate Professor of Engineering and Technology Management

### Hawwa Falih Kadum

Ph.D. Mechanical Engineering  
*Mechanics of Canopy Turbulence*  
 Dissertation Chair: Raúl Bayoán Cal  
 Associate Professor of Mechanical Engineering

### Momtaj Khanam

Ph.D. Technology Management  
*A Market Diffusion Potential (MDP) Assessment Model for Residential Energy Efficient (EE) Technologies in the U.S.*  
 Dissertation Chair: Tugrul Daim  
 Professor of Engineering and Technology Management

\*Candidate for Spring graduation.

**Hoang Le**

Ph.D. Computer Science  
*Novel View Synthesis – A Neural Network Approach*  
Dissertation Chair: Feng Liu  
Associate Professor of Computer Science

**Bin Lin**

Ph.D. Computer Science  
*Automated Test Generation for Validating SystemC Designs*  
Dissertation Chair: Fei Xie  
Professor of Computer Science

**Sheng Y. Lundquist**

Ph.D. Computer Science  
Exploring the Potential of Sparse Coding for Machine Learning  
Dissertation Chair: Melanie Mitchell  
Professor of Computer Science

**Sucheta Mohapatra**

Ph.D. Electrical and Computer Engineering  
*Dynamic Through-Silicon Via Clustering in 3D IC Floorplanning for Early Performance Optimization*  
Dissertation Chair: Malgorzata Chrzanowska-Jeske  
Professor of Electrical and Computer Engineering

**Riyadh Hamad Muttaleb**

Ph.D. Civil and Environmental Engineering  
*An Analysis of Suspended Sediment Dynamics in a Partially Mixed Estuary*  
Dissertation Chair: David Jay  
Professor of Civil and Environmental Engineering

**Mohammad Nayemur Rahman**

Ph.D. Technology Management  
*Exploring the Factors Influencing Big Data Technology Acceptance*  
Dissertation Chair: Tugrul Daim  
Professor of Engineering and Technology Management

**Yasir Matloob Saeed**

Ph.D. Civil and Environmental Engineering  
*Use of Carbon Fiber Reinforced Polymer (CFRP) including Sheets, Rods, and Ropes in Strengthening and Repairing Long Reinforced Concrete Columns*  
Dissertation Chair: Franz Rad  
Professor of Civil Engineering

**\*Amir Shaygan**

Ph.D. Technology Management  
*Technology Management Maturity Assessment Model in Healthcare*  
Dissertation Chair: Tugrul Daim  
Professor of Engineering and Technology Management

**\*Milad Souri**

Ph.D. Civil and Environmental Engineering  
*Development of a Design Guideline for Pile Foundations Subjected to Liquefaction-Induced Lateral Spreading*  
Dissertation Chair: Arash Khosravifar  
Assistant Professor of Civil and Environmental Engineering

**Mathias Irwan Sunardi**

Ph.D. Electrical and Computer Engineering  
*Synthesizing Expressive Behaviors for Humanoid Robots*  
Dissertation Chair: Marek Perkowski  
Professor of Electrical and Computer Engineering

**Mohammad M.A. Taha**

Ph.D. Electrical and Computer Engineering  
*Memristive Architectures and Algorithms for Approximate Graph-based Inference*  
Dissertation Chair: Christof Teuscher  
Professor of Electrical and Computer Engineering

**Hans P. VanDerSchaaf**

Ph.D. Technology Management  
*Determinants of Student Information Technology Adoption*  
Dissertation Chair: Tugrul Daim  
Professor of Engineering and Technology Management

**Yu-Shan Wang**

Ph.D. Electrical and Computer Engineering  
*Analog Statistical Design for Manufacturability*  
Dissertation Chair: John Acken  
Research Associate Professor of Electrical and Computer Engineering

**\*Siyuan Yan**

Ph.D. Electrical and Computer Engineering  
*Spectrum Modeling of RF Amplifiers Based on Intercept Points with Measurement Improvements*  
Dissertation Chair: Fu Li  
Professor of Electrical and Computer Engineering

# SCHOOL OF SOCIAL WORK

---

## STUDENT SPEAKERS

### *Theresa Daykin*

**THERESA DAYKIN** is graduating with a bachelor's degree in social work and a minor in child, youth and family studies. Daykin's work as a special education assistant paired with her own struggles in navigating the mental health system led her to pursue a BSW so she could better assist and advocate for children, youth and families.

It was the therapists who helped her recover from a mental health crisis that encouraged her to work toward the goal of becoming a licensed clinical social worker. During her time at PSU, Daykin decided to return to the field of education, this time as a school social worker. In June, Daykin will begin PSU's Advanced Standing Master of Social Work program with a focus on child, youth, and families, including completing requirements for the School Social Work licensure.

Very little went according to plan in the past two years, and Daykin is very thankful

to have completed her internship with the staff at LifeWorks NW Rockwood who gave her every opportunity to experience the various aspects of social work which helped shape the direction she is taking in the MSW program. When asked, a member of her cohort describes her as "an awesome mother, dedicated educator, lover of animals and a social worker that believes in social justice and equity. A survivor and fierce woman who never gives up."

Daykin would like to thank her family, especially her daughters, Jolene and Madeline, who remind her every day that there is hope. She is grateful for her cohort who walked this path of unexpected turns with her, and the instructors and advisers for their grace and compassion. Last, but not least, she thanks her friends and everyone who encouraged her and reminded her that quitting, even when everything seemed to be going wrong, was not an option, and her service dog, Bayek, who has been there through it all.

### *Hang Pham*

**HANG PHAM** is a first-generation college student graduating with a master's degree in social work, specializing in child, youth and families. As a person of color, Pham finds value in being culturally informed, understanding how social location comes into play with interactions, and will strive to use strengths-based approaches to practice. Pham's strengths lie in working with immigrants, refugees, and people with mental health and intersecting social identities. Hang wants to see her students, families and community, including marginalized populations, get the services they need to succeed. Hang's mission is to bring her social-racial equity lens into her daily work, empower students and families to speak up and advocate for themselves.

Pham wants to take this opportunity to thank the entire MSW department, Leah Brookner and Mathew Uretsky,

who walked her through the MSW program. Pham also wants to express her gratitude to Stephanie Bryson, Eddie May, Margaret Moore and other faculty members. Especially, Pham wants to thank Junghee Lee for her continued support. She inspires Pham so much; she is Pham's absolute role model. She proves that an immigrant woman who speaks English as a second language could be a professor and in an important position, such as the director of the Ph.D. program. Last but not least, she wants to thank her partner, her family and her friends for their unconditional support. Thanks to Portland Public School, the Social Work department at PPS, Woodmere, and Marysville staff, who all helped her transition to her dream job smoothly and meaningfully.

## COMMENCEMENT ADDRESS

### *George Yoshio Nakata*

**GEORGE YOSHIO NAKATA** was born in Portland before World War II and grew up in the “Japantown” section of northwest Portland. His family leased and operated a small hotel on Northwest Second Avenue and his father owned and operated two fruit/vegetable markets on North Columbia Boulevard. Nakata remembers an overall happy childhood playing alongside his sister, Mary, where the children were shielded from much of the existing anti-Japanese sentiment along the West Coast. Japantown was a comfortable environment for a number of Portland-area Japanese families.

On December 7, 1941, the attack on Pearl Harbor started World War II, and an imposed curfew required people of Japanese descent to remain in their homes between the hours of 8 p.m. and 6 a.m., essentially closing down Japantown at the outset of the war. With the signing of Executive Order 9066 on February 19, 1942, eight-year-old Nakata and his family were imprisoned in the Portland Assembly Center for the summer of 1942. In September of 1942 the Nakata family was transferred to the Minidoka War Relocation Camp, where they spent the duration of the war in the Idaho desert.

The Minidoka Camp held some 9,600 Japanese behind barbed wire fences and guard towers, in uninsulated tar-papered

barracks, stripped of their freedom and constitutional rights. An indelible stretch for those imprisoned Japanese that were given a ‘family number’ and treated as ‘enemy aliens.’

Once the concentration camps closed in 1945, Nakata and his family returned to Portland, where they picked berries and beans for their survival. They regained their footing and Nakata graduated from Lincoln High School and later from Lewis & Clark College, where he earned his degree in business administration with honors in 1957. He served in the U.S. Army, with top-secret clearance at Seventh Army Headquarters in Germany (1954–55) and became a successful international business executive with Japanese companies and with the Port of Portland, where he established Far East offices for the Port.

In recent years, Nakata has worked as an international trade consultant and has become a trusted storyteller, sharing his life experiences of incarceration. He has an ongoing desire to have the American public better understand the racial injustices and the imprisonment of thousands of Japanese during those World War II days. A story of a people, a story which few Americans have heard, understand or even believe happened.

## STUDENT SPEAKERS

*Shawna K. Attaway-Jefferson*

**SHAWNA K. ATTAWAY-JEFFERSON**, Master of Science in finance, chose finance because it's a career field where her aptitude with numbers and inquisitive nature are praised. It's a place where she gets to use numbers to problem-solve and provide insight into the unknown. She is most proud of participating in (and winning) the 2021 Association for Corporate Growth (ACG) Cup Northwest while at PSU.

Her immediate family structure is made up of three generations of African American women. As a single parent and survivor of domestic violence, she overcame many financial, physical and emotional challenges to attend and complete two degrees at PSU.

Attaway-Jefferson earned the Laurels Graduate Award, the PWHC/CE Rawlinson Scholarship and the G. & M. Cameron Scholarship. She shared that these donors removed an enormous barrier to access from a woman of color; for that she will forever be grateful to the scholarship and awards committee stakeholders. She also wants to thank her mother, Patricia; daughter, Tajah (pronounced like the end of "Fantasia." Just the "Tasia" part); undergraduate professors Dave Nickel, Michael Dimond, and Eleanor Wynn; and all of the School of Business faculty, staff and their networks, with a special mention for Jessica Rutledge, Janet Hamilton and Jing Zhao. After graduation, she hopes to work as a financial analyst or investment banker.

*Anya Ishita Dhall*

**ANYA ISHITA DHALL**, Bachelor of Science in Finance and School of Business Honors graduate, chose to study finance because she is passionate about reinvesting in product innovation and turning numbers into actionable business insights to improve global sustainability practices.

Her most memorable experience at PSU is making friendships that will last a lifetime through her courses and the organizations she's involved in. PSU's Student Activities and Leadership Programs (SALP) awarded her with the ELSA scholarship. Dhall was a School of Business peer adviser and

executive vice president of the Financial Management Association. Upon graduation, she will be joining KPMG as a full-time risk and financial advisory analyst and one day hopes to earn her MBA.

Her dad has been her biggest role model throughout her life and she can only hope to make him proud and take care of him the way he has of her and her sister. She wants to thank her father, sister, friends and numerous business faculty for their continuous support and guidance throughout her journey at PSU.

*Sebastian F. Schoelen*

**SEBASTIAN F. SCHOELEN**, Bachelor of Arts in management and leadership, chose his program because he wants to be a manager who people want to have rather than one they loath to have. He was inspired by his mother, who was born in Iran and fled the revolution to Germany before coming to the United States. She completed her degree in accounting at PSU. His father, also a college graduate, helped him create balance between working, going to school and homework — which was invaluable.

While at PSU, his most memorable experience was meeting with his team processes team. Of the dozens of group

projects he's had, this team had some of the best people he's ever met at PSU. For fun, he loves doing art and his favorite mediums of artistic expression are fashion, interior design and furniture making.

After graduation, he plans to take the summer off to make up for the past year and then hopes to go into project management or interior design for a career. He would like to thank PCC instructor Heather Griffo for being the reason he became a business major, and PSU instructor Michael Dimond and professors Tien James and Ellen West for being inspiring role models.

## COMMENCEMENT ADDRESS

*Kali Thorne Ladd, M.A., KairosPDX Executive Director*

**KALI THORNE LADD** is a social entrepreneur who is a passionate advocate for equity and education transformation with a background that spans from teacher to program manager to policy maker over the last 19 years. After spending four years as education director for former mayor Sam Adams, Ladd pursued establishing and co-founding KairosPDX, a non-profit dedicated to closing opportunity and achievement gaps for historically marginalized children.

In May 2012, Ladd won election to the Portland Community College Board of Directors, Oregon's largest higher education institution. She served for seven years and is immediate past chair. In 2016, Ladd was appointed by Governor Kate Brown to the Early Learning Council of Oregon, where she currently serves. Ladd was appointed to the Oregon Community Foundations, Metro Leadership Council in 2017. Kali was also appointed to the James F. and Marion L. Miller Foundation board in January 2019. The Miller foundation enhances the quality of life of Oregonians through the support of classroom education and the performing, visual and literary arts.

In addition to her national work, Ladd has worked overseas in South Africa teaching and supporting the development of two community-based projects: a community library and women-owned bakery. In 2018, Ladd was recognized by the Portland Business Journal as a Women of Influence and in 2017 as 40 under 40.

Ladd resides in Portland with her husband, Billy, and two children. For fun, Ladd enjoys running, reading, writing and cooking. Ladd received her bachelor's degree in elementary education and psychology from Boston College and a master's degree in education policy from Harvard University.
