DRC Accommodations
Important Steps

☐ **Service Request:** After you have registered for classes, use your PSU ODIN username and password to access [DRC Online](#) in order to complete your service request for each class each term. Contact the DRC if you have questions (see below).

☐ **Communicate with your instructors:** Introduce yourself and make sure your instructors received your faculty letter. Discuss your accommodation needs with each instructor as early as possible so both you and your instructor know how accommodations will be handled throughout the course. If there are questions or concerns, contact the DRC (see below).

☐ **Communicate with the DRC:** If questions or issues arise regarding your accommodations, please contact the DRC right away so that we can work with you to answer the questions or resolve the issues.
