GSE Assessment Fair 2012

ESL Endorsement Program
Question:

Are ESL endorsement program students demonstrating required knowledge and skills at the point of practicum?
Collect Data

Data Collection Tools/Methods:

Fall 2011 ESL Endorsement practicum scoring guide
Data:
90% or more of fall 2011 ESL practicum completers demonstrated proficient or exemplary knowledge and skill on the 14 competencies for the endorsement.

Analysis/Conclusions:

- Students appear to be demonstrating the required knowledge and skills for the ESL endorsement.
- A broader set of data may reveal areas where the program could be enhanced.
Action steps:

• Look at a broader data set.

• Consider inter-rater reliability of practicum scoring.

• Consider ways of corroborating the data, e.g., TSPC-required ESOL test scores.
