Do you know someone whose equity leadership makes them an ideal future leader? Join us on November 13 to “tap” them for an evening of celebration, networking and recruitment.

The PSU Administrative Licensure Program is committed to recruiting and supporting future school leaders of color and equity allies. Help invest in the future!

“Being part of a talented group of peers allowed me to learn from them, with them and because of them. Listening to their celebrations and challenges when being a leader for equity was the most valuable part of the program. They taught me that this work is possible and we need to continue advocating for what is right for all students.”

— Claudia Kis, Associate Principal at Heritage Elementary School, Woodburn
