OPEN HOUSE
GRADUATE DEGREES IN ENGINEERING & TECHNOLOGY MANAGEMENT

Join us to learn more about our programs with evening classes near you!

Engineering and Technology Management prepares engineers and scientists for leadership positions at the intersection of technology and business.

The Department of Engineering and Technology Management (ETM) at Portland State University is a recognized leader in this field with over 25 years of success. Programs are now offered in three locations, PSU campus, Wilsonville and in Hillsboro.

Degree options include a Master’s Degree in Engineering Management, Graduate Certificates, as well as PhD in Technology Management.

Please join us to learn more and to explore your options.
