Introduction
Any person on PSU owned, leased or controlled property (“PSU Property”) must wear a mask or face covering while indoors. This includes but is not limited to all indoor work settings, and when employees are transported in a motor vehicle for work purposes, regardless of travel duration or distance. Masks or face coverings are also required outdoors when on PSU Property when physical distancing expectations (at least 6 feet apart from those in different households) cannot be met.

This safety requirement is subject to change as future guidance on face coverings is issued from the CDC, OHA, or other local, state or federal health authorities.

Definitions

- Face covering – means a cloth, polypropylene, paper or other face covering that covers the nose and the mouth and that rests snugly above the nose, below the mouth, and on the sides of the face.
- Mask – means a medical grade mask.
- Face shield – means a clear plastic shield that covers the wearer’s forehead, extends below the chin, and wraps around the sides of the face.

In accordance with the CDC, OHA and OSHA, the following are not acceptable substitutes for masks or face coverings under this policy:

Provision of Masks

While everyone may wear their own mask or face covering if it meets the above requirements, PSU will also provide masks or face coverings to all employees, customers, visitors and students, at no charge, upon request. PSU will provide masks or face coverings for employees at no cost to the worker.

Departments that expect visitors / customers must have disposable masks or face coverings available for those who arrive not wearing a mask or face covering. Departments can request reusable cloth face covering (1 per employee) to distribute to employees and/or a box of disposable masks to distribute to visitors, students or employees. Materials Management and Stores will distribute masks and face coverings to Departments in accordance with its Mask Distribution Policy.
