Summer Newsletter
In this issue:

- Include a public opinion survey and design focus groups in understanding if new collective efforts can be used to develop a proposal, "After the Wave: Testing Pre-Tsunami Recovery" that Oregon Sea Grant will fund their resilience research.
- Roundtable discussion on boundary organizations, the Sciences in San Diego, June 24-27. The panel was a governance elements. In particular, the goal is to increase the work, but making resilience a concept that is useful has been this spring.
- Chapters on ocean and coastal GIS, and is a mix of research phenomena in ecosystem service valuation and management:
- Attendees from far and wide, including the University of Montréal researchers... Amy, and Dr. Nathan McClintock Diepen-Hedayat dissertation research and Mary Ann's preparation for co-
- Duwamish River Superfund Site in Seattle, as part of Erin's Rozance researchers from all over the world...
- Vietnam doing pilot research...
- With Roxwell mercados...
- Resulted in a number of great conversations at the Services, and included recent research by IGERT students.
- In June a group of IGERT students organized a panel session ESUR-IGERT Student-Organized Panel in Charleston.
- See them on campus! You can find their bios here.
- Welcome to Erin L., Bruce, Zuriel, Nick, and Erin U. when you included in the first newsletter of the new school year.
- Interviews? Be sure to send updates to Mary Ann, to be included in the first newsletter of the first cohort IGERT students.
- Greetings!
