PORTLAND STATE UNIVERSITY

Minutes: Faculty Senate Meeting, December 5, 2011
Presiding Officer: Gwen Shusterman
Secretary: Sarah E. Andrews-Collier

Alternates Present: Reese for Danielson, Holt for Jaen-Portillo.

Members Absent: Burk, Carder, Caskey, Feng, Johnson, MacCormack, Ott, Pullman, Tarabocchia.

A. ROLL
B. APPROVAL OF THE MINUTES OF THE NOVEMBER 2, 2011, MEETING

The meeting was called to order at 3:06 p.m. The minutes were approved with the following corrections: Vance and Ostlund present.

C. ANNOUNCEMENTS AND COMMUNICATIONS FROM THE FLOOR

Removed from today’s E-1, as review is incomplete: E.1.a.1 program change to MA/MS in Education: Media/Librarianship.

SHUSTERMAN announced that at the request of Academic Affairs, two ad hoc committees are being formed, as joint activities of Academic Affairs and Faculty Senate. The two groups will address, respectively, changes to OAR definitions of faculty ranks, and post tenure review. Academic Affairs representation will be provided from the Associate/Assistant Deans, and the Steering Committee has tasked the Educational Policy Committee to provide the faculty counterpart. For questions, faculty should contact Tim Anderson, Chair, EPC. We anticipate interim reports from these committees commencing no later than February 2, 2012.

SHUSTERMAN noted that on 6 December. Senators would receive their new ‘district’ lists, of 20 faculty each, for Senators to distribute information to, in order to improve communication and engagement. Thanks again to Mark Jones for his work on this project.
DAASCH provided an informational report on the proposal for a PSU governing board, based on SB 242 institutional governing boards, including announcing the faculty ad hoc sub-committee to provide input on design (attachment). At present, the sub-committee is fact finding, and next term they will meet with the administration followed by a Senate discussion item. He noted that comments should be forwarded to him or to facultysenate@pdx.edu. MAIER noted that it is desirable that certain decisions on programs, for example, degree approvals, become local. KOCH stated, hopefully that will be the case, but the structure is still in flux. LATIOLAI'S asked if there would be a clarification around who would hire presidents.

D. UNFINISHED BUSINESS

None

E. NEW BUSINESS

1. Curricular Consent Agenda

LAFFERIERE/WETZEL MOVED THE SENATE APPROVE the Curricular Consent Agenda, as listed in E-1, excluding E.1.a.1.

THE MOTION PASSED by unanimous voice vote.

**Graduate School of Education**

**New Courses**

E.1.b.2
• CI 477/577 Learning Designs: Early Childhood Environments, 3 credits
  Study of quality learning environments and design, emphasizing the roles of children’s learning, adult engagement, and the environment as the third teacher. Investigate space planning, program layout, design theories, and aesthetic values. Prerequisites: Junior level standing, prior coursework in child development, or consent of instructor.

E.1.b.3
• CI 478/578 Constructivist Curriculum: Big Ideas in Early Childhood Education, 3 credit
  Examines the possibilities of exploring big ideas deeply over time and across the curriculum with preschool and primary age children. Focuses on the ways that integrated curriculum and project work support children’s learning and foster the connections necessary for them to construct knowledge. Students have the opportunity to develop resources and design classroom experiences related to big ideas. Prerequisites: Junior level standing, prior coursework in child development, or consent of instructor.
E.1.b.4

- CI 479/579  Young Child as Scientist, 3 credits
  Explores developmentally appropriate science for preschool and primary age children, focusing on experimentation and problem-solving. Students experience and design activities for young children around three questions that derive from traditional science content: can I make it move, can I make it change, and how does it fit? In the process, students will learn more about constructivist teaching and curriculum, particularly as applied to science education. Prerequisites: Junior level standing, prior coursework in child development, or consent of instructor.

In tandem with HON 201 and 202, this course emphasizes undergraduate research, with the city of Portland serving as archive, stage, and laboratory. Students explore the concepts and ecological systems by which cities operate through the application of primarily quantitative science methodologies. Prerequisites: admission to Honors Program.
PSU Faculty Senate, January 2012

Summary: This document presents a constitutional amendment that: (1) reflects a change from “opt-out” to “opt-in” elections; and (2) eliminates the nominations phase of the previous election procedures.

Context: In June 2010, the Faculty Senate adopted a package of proposals aiming to produce a faculty senate that is more pro-active, more participative, and more effective as an advocate for PSU’s future. These proposals included in a change in the rules for eligibility; a reduction in the size of the senate; and a switch in the elections process from opt-out to opt-in. The 2011 Senate elections were conducted according to these proposals, but the faculty constitution was not updated to reflect the change from opt-out to opt-in. The 2011 election process also retained a “nominations” phase from the previous version of the constitution. In their review of the 2011 election process, the Faculty Senate’s ad-hoc “Implementation Committee” concluded that the nominations phase was redundant given the switch from opt-out to opt-in; that it unnecessarily reduced the slate for the election; and that it created complexity and confusion for faculty participants and Senate officers. As a result, the Implementation Committee’s report in June 2011 recommended that the nominations phase of the election be eliminated.

Proposed amendment: The essential details of the amendment are in Article V (FACULTY SENATE), Section 2 (Election of the Senate), Part 2 (Nomination). The following text shows additions relative to the Faculty Governance Guide 2011-2012 in italics and underlining while deletions are indicated using strike-through.

2) Identification of Candidates Nomination. Six weeks prior to the date of Senate elections, the Secretary to the Faculty shall obtain from each divisional administrative officer an approved list of the faculty members assigned to the division. No later than four weeks before the Senate election, each eligible person on this list will receive an invitation to opt-in as a candidate for a Senate position. This list will be circulated with the directions that any potential candidate may delete his or her name if s/he does not wish to be a candidate for a Senate position. No later than four weeks before the Senate election, the Secretary to the Faculty shall submit a list of eligible candidates to every faculty member in the divisions, and request a nomination of a number of names equal to twice the number of Senate vacancies occurring in that division at the end of the school year. The total number of nominees shall equal twice the number of Senate vacancies in that division. Those persons on this ballot who are named the greatest number of times shall be the nominees. All persons whose positive opt-in is received by the Secretary to the Faculty no later than two weeks before the election will be declared final candidates. All persons tied for the final position shall be declared nominees.

Minor administrative changes are also required in Parts 3 and 5 to maintain consistent terminology:
3) Election. On the last Monday in April the Secretary to the Faculty, under the supervision of the Senate Steering Committee, shall mail ballots containing the names of final candidates nominees for Senate election to faculty members of the respective divisions. Each divisional faculty member shall vote for no more than a number of candidates equal to the number of Senate vacancies occurring in his or her division for that year. The person or persons receiving the greatest number of votes shall be elected. In case of ties for the final position, run-off elections shall be held.

5) Interim Vacancies. Interim vacancies that occur in the Senate shall be filled by appointment by the Secretary to the Faculty, who shall designate to fill the unexpired term with the non-elected candidates nominees who in the immediate past Senate election had the greatest number of votes in the division in which the vacancy exists. An interim appointee shall be eligible for election at the end of his or her term.

Notes: (a) As written, the amendment allows a period of two weeks for the Secretary of the Faculty to generate and distribute the opt-in invitations; two weeks for faculty to respond; and two weeks for the Secretary to the Faculty to prepare and distribute the final ballot. Adjustments to this schedule will be required if any of these time periods is considered either too short or too long.

(b) The constitution also describes procedures for election of faculty members to the Advisory Council (Article VI, Section 1) and to the Interinstitutional Faculty Senate (Article VII) that are held at the same time as the main Senate election. In both cases, the constitution specifies that the list of valid nominees will be submitted to every member of the Faculty “no later than four weeks before the Senate election.” This is the same time frame as specified in the revised and original versions of Article V, Section 2. As such, we do not believe that this amendment requires any changes in Articles VI or VII. The only complication is the specification that materials for Advisory Council and Interinstitutional Faculty Senate elections must be sent to all faculty members, while Senate election materials need only be sent to those members who are eligible for election (in particular, this excludes most sitting senators). It would still be possible to send election materials to all faculty, but this might create some confusion (for faculty who are not eligible) and some additional work for the Secretary to the Faculty (to filter out responses from faculty who are not eligible).
Intercollegiate Athletics Board

Fall Term Interim Report, Dec 2011

Members 2011-12 academic year

Chair: David Burgess, OIRP
Melissa Trifiletti, ADM
Cornel Pewewardy, NAS
Toeutu Faaleava, McNair
Michele Toppe, OSA
Nicholas Rowe, student (resigned 04/2011)
Sean Green, student (appointed 04/2011)
Mart Stewart-Smith, student (appointed 04/2011)

The Board is charged by the Faculty Senate to:
1) Serve as the institutional advisory body to the President and Faculty Senate in the development of and adherence to policies and budgets governing the University’s program in men’s and women’s intercollegiate athletics.
2) Report to the Faculty Senate at least once each year.

I. Budget --

2010-2011 total expenses $11.4 mil. -- (IAB will be reviewing the 2011 audited financials in Jan. 2012).

2011-2012 total Budget -- $14.0 mil. -- The increased budget ($2.59 mil.) due in most part to 3 items; $1.2 mil. for assuming management of the Stott Center which is offset by rental income, $0.63 mil. for scholarships and fee remissions (increased tuition cost and phase-out of Western Undergraduate Exchange), and $0.48 mil. for personnel.

$3.86 mil., of the total $14.0 mil., from the Student Fee Committee.

II. Policy --

The IAB is currently reviewing a policy that changes the requirements for the minimum cumulative GPA players must maintain to remain eligible to match the current NCAA regulations. The proposed change would adopt the NCAA requirements which are less strict than the current PSU policy for academic warning, however students who violate the PSU Academic Warning Policy will be barred from competition until they are no longer in violation. This change allows for corrective action toward the student-athlete without penalizing the teams academic progress scores unduly.
III. Accomplishments of our 280+ student athletes –

Academic Progress Rate (APR)* As of December 1, 2011, 15 of 15 teams met or exceeded 925 for single year APR for 2010 - 2011. Men’s Basketball, Cross Country, Tennis and Women’s Cross Country, Tennis and Volleyball all scored a perfect 1,000 for single year APR. 15 of 15 teams met or exceeded multi-year APR goal of 900, ranging from 914 for Women’s tennis to 990 for Women’s Golf.

*APR defined: a measure developed to assess the overall academic performance of individual teams. APR awards 2 points each term to student-athletes who meet academic eligibility standards and who remain with the institution. A team’s APR is the total points earned by the team members divided by the total points possible. Teams need to keep their four year APR avg. at 900 or above to avoid NCAA penalties.

Academic All-Big Sky Conference honors for the spring season (announced July 1st, 2011) – The Big Sky Conference recognizes student-athletes who have maintained a 3.20 GPA or higher and competed in at least half of the season’s competitions. PSU had 19 student-athletes honored.
