

FACULTY SENATE DISTRICTS, 2016-17
Revised Feb. 2017

Faculty Senate Districts are intended to facilitate communication between senators and faculty: to let faculty know about current Senate actions and discussions, and to provide a conduit for faculty to bring questions and concerns to the attention of Senate. The districts have only an informal, not a constitutional status. In particular, the district listing does not determine certification for Faculty Senate elections.

The size of districts varies considerably, due to: 1) the principle that departments (except those with two or more senators) not be divided between two districts; 2) and to some senators' volunteering to include particular departments (other than their own) in their respective districts.

If you find apparent errors—whether of mistaken exclusion, inclusion, or placement—please notify the Secretary to the Faculty: secretary@pdx.edu.
