INTERINSTITUTIONAL FACULTY SENATE ................................................................. 41
FOREWORD

The Faculty Governance Guide is provided to facilitate Faculty governance. It contains the Constitution of the Portland State University Faculty, Bylaws and operating procedures of the Faculty Senate, a roster of constitutional and administrative Faculty committees, and the Constitution of the Interinstitutional Faculty Senate Constitution. The Guide is updated annually each fall and as needed during the academic year. The current version is posted on the Faculty Senate (www.pdx.edu/faculty-senate) and Office of Academic Affairs (www.pdx.edu/academic-affairs) websites. For questions about updates to the Faculty Governance Guide, please contact the Secretary to the Faculty.

Membership in the PSU Faculty includes personnel holding at least 0.5 FTE appointments, who either hold academic rank of at least assistant professor or instructor, or who are unranked appointees with, at a minimum, an earned master’s degree, and with a primary responsibility for “curriculum, subject matter, and methods of instruction; research; faculty status; [or] those aspects of student life that relate to the education process.” All such employees of PSU are entitled to participate in Faculty governance, with the exception that administrative ex-officio members of Faculty Senate may not serve as elected members of the Senate nor as Faculty representatives on constitutional committees.

Meetings of the PSU Faculty are called by and presided over by the President, who is chair of the Faculty. Each academic year, certain regular meetings of the Faculty take place, including Convocation and Graduation. Other meetings may be convened by the President, or by written request of 7.5 percent of faculty members. Until the mid-1960’s the Faculty met routinely as a whole to execute governance responsibilities, but PSU’s growth meant the continuing expansion in size and scale of faculty governance. The Faculty determined at that time that regular business be conducted through a representative body, the Faculty Senate, and accordingly amended the Constitution.

The PSU Faculty Senate meets regularly on the first Monday of every month during the academic year at 3:00 p.m. in Cramer Hall 53. If the agenda is not concluded, the meeting is continued to the following Monday. Adjustments to the schedule to accommodate the academic calendar may be announced by the Presiding Officer at the beginning of the academic year. The Constitution also provides that a special meeting of the Senate may be called upon written petition by five Senate members. Any member of the Faculty may propose agenda items to the Presiding Officer, for consideration by the Senate Steering Committee. Constitutional committees may place items on the Senate agenda and refer motions to the Senate. Any three Senators, acting in concert, may also place an item on the Senate agenda. The Constitution further provides that the Senate must consider any agenda item proposed by petition of 10 percent of the Faculty. Senate meetings are public, and all Faculty members are invited to observe.

Elections for the Faculty Senate, the Advisory Council (AC), and the Interinstitutional Faculty Senate (IFS) are conducted simultaneously each year. In February the roster of Faculty eligible to participate in Faculty governance is reviewed and certified according to constitutional provisions. Faculty who are eligible to stand for election to these bodies are notified in the Opt-In Survey, and are requested to provide notice if they would like to be a candidate. At the end of April, a ballot of candidates for Senate, AC, and IFS is sent to all members of the Faculty. Runoffs are conducted where necessary.

The foundation of effective Faculty governance is the committee structure. Constitutional committees are established by the Faculty Constitution and report to the Faculty Senate, administrative committees are established by administrative action and report to the President or his designee, and ad hoc committees are created for specific tasks and report as charged. Recommendations for action pertaining to any area of Faculty jurisdiction may be made to the Senate by any constitutional committee, as well as by the Advisory Council or PSU’s delegation to IFS. One constitutional committee, the Committee on Committees, is made up entirely of members of the Faculty Senate, elected by divisional caucuses. The Committee on Committees determines all Faculty appointments to constitutional committees, and makes recommendations for Faculty appointments to administrative committees. In order to determine interest in specific committee service, the Faculty Committee Preference Survey is conducted each spring. Between annual surveys, Faculty members may indicate new interests or update availability by contacting the Secretary to the Faculty. Committee schedules and proceedings are administered by the respective chairs and faculty who would like to observe meetings should contact the appropriate chair for details.

Please contact the Secretary to the Faculty for inquiries and concerns related to Faculty governance. The Secretary’s office is in the Office of Academic Affairs, Market Center Building, suite 650; mail code OAA; telephone 503-725-4416; e-mail FacultySecretary@pdx.edu; contact form at http://www.pdx.edu/faculty-senate/contact.

CONSTITUTION OF THE PORTLAND STATE UNIVERSITY FACULTY

Preamble
To ensure the orderly development of our educational programs and policies; to facilitate communications and cooperation among our officers of administration and ourselves as a university faculty; and to promote the stable growth and continued improvement of higher education in the State of Oregon, we, the Faculty of Portland State University, do hereby subscribe to this document as a constitutional statement of our Faculty organization and its various functions and responsibilities.

Article I. Name
The organization herein defined shall be known as the Portland State University Faculty, or the Faculty.

Article II. Membership of the Faculty
The Faculty shall consist of the President of Portland State University, and all persons who hold appointments with a rank that includes the term “professor” or “instructor,” whose full-time equivalent is at least fifty percent teaching, research, or administration at Portland State University. Other persons holding appointments at Portland State University who are certified by the Provost to have academic qualifications sufficient to justify appointment at one of the above mentioned ranks, whose primary responsibility is for such fundamental areas as curriculum, subject matter, and methods of instruction; research; faculty status; and those aspects of student life that relate to the education process, and whose full-time equivalent is at least fifty percent teaching, research, or administration at Portland State University shall also be included in the faculty regardless of title. The University Faculty reserves the right to elect to membership any person who is employed full-time by any Oregon public university.

Article III. Faculty Powers and Authority
Section 1. Faculty Powers
The Faculty shall have power, subject to legal limits, to take action to promote faculty welfare. The Faculty shall have power to act upon matters of educational policy, to enact such rules and regulations as it may deem desirable to promote or enforce such policies, and to decide upon curricula and new courses of study. This power shall include, but not be confined to, action upon the establishment, abolition, or major alteration of the structure or educational function of departments or of programs which include more than one department or instructional unit of the University. The Faculty will normally exercise this power through its representative, the Senate. The Faculty shall, however, have the appellate power to review all actions by the Senate, whenever an appeal is made from Senate action as hereinafter provided.

In all matters, except those granted to the Senate, the Faculty shall have original jurisdiction. Whenever the Faculty is acting within its province as herein designated, its actions shall be effective unless they involve an increase in the expense of instruction or administration. Whenever such an increase is involved, whether by action of the Faculty or Senate, the President shall report the action to the Board of Trustees with his or her recommendations.

University-wide academic requirements shall not be suspended or modified without prior consideration by the Faculty Senate. In an emergency, the Academic Requirements Committee and/or the Graduate Council; the Advisory Council, and the Presiding Officer of the Senate shall first be consulted. Notification of any change made shall be submitted to the Senate immediately with a request for ratification.

The University shall not establish, abolish, or effect major alteration in the structure or educational function of departments or of programs, including those of more than one department or academic unit, without prior action by the Faculty Senate upon advice of the Educational Policy Committee.

Section 2. Faculty Authority
The authority of the Faculty is based upon the need for appropriately shared responsibility and cooperative action among the components of the academic institution and upon applicable laws and Oregon state regulations. The principle of shared authority is based upon the recognition that important areas of action involve at one time or another the initiating capacity and decision-making participation of all the institutional components, and that differences in the weight of each voice, from one point to the next, should be determined by reference to the responsibility of each component for the particular matter at hand. The Faculty has primary responsibility for such fundamental areas as curriculum, subject matter, and methods of instruction, research, faculty status, and those aspects of student life that relate to the education process.

Section 3. Faculty Authority in the Selection of Higher Administrative Officers
The selection of principal administrative officers above the departmental level shall normally involve the active participation of representative Faculty committees; these may be augmented by student and community membership as judged appropriate by the appointing authority. Prior to the creation or abolition of a principal administrative office, the Advisory Council shall normally be consulted by the President, and the Council may ask for wider Faculty consideration.
Section 4. Faculty Authority in the Selection of Department Chairpersons

The Faculty of each department shall elect its chairperson. The Faculty shall decide, by secret ballot of all full-time members (0.5 FTE or more), the mode of election. The procedures shall be published and filed with the Office of Academic Affairs. They shall be implemented by April 15 of the department chair’s third year in office and otherwise upon the occurrence of a vacancy in the office of department chairperson. Any revisions of the procedures must be made and filed at least one month before an election.

The department shall forward the name of its choice to the appropriate dean, who shall promptly review it and forward it to the Provost, who shall promptly review and forward it to the President.

The dean and the Provost may attach comments concerning the ability and willingness of the elected chairperson to carry out the duties of that office.

If the President agrees with the department’s choice, then the elected chairperson shall be appointed. If the President has substantive reasons for not making the appointment, a written explanation shall be given to the department and a reconsideration requested.

Within two weeks, the department shall consider again its choice of chairperson and shall forward promptly its decision to the dean, who shall promptly review it and forward it to the Provost for review and transmission to the President. If the department has elected another person than the one originally elected, the President shall proceed as with the previous election.

If the department elects not to alter its choice, and the President still will not accept the department’s choice for chairperson, then the matter shall be submitted promptly to the Advisory Council for mediation. If mediation is unsuccessful in achieving a resolution satisfactory to both the department and the President, then the department shall conduct another election to select another person.

The department chairperson shall serve a stated term of three (3) years. Eligibility for re-election shall be determined by departmental procedures.

Section 2. Special Faculty Bodies

The various committees and bodies requisite for the work of the Faculty are listed and defined later in this document.

3) Report on issue, concerns, and potential for actionable ideas.
4) Conduct research on implementation of best practices and make recommendations to Faculty Senate.
5) Maintain a “dashboard” that evaluates progress on implementation of academic quality initiatives.

6) Report to the Faculty Senate at least once each year.

**Article V. Faculty Senate**

**Section 1. Membership**

1) **Elected Senators.** Elected members of the Senate shall be chosen from the members of the Faculty. Representation shall be proportional by the divisions defined above (Article IV, Section 4). Administrative ex-officio members, defined thereafter (Article V, Section 2.1.3.b) shall be eligible to vote if they are members of the Faculty, but ineligible to serve as elected senators. Elected senators shall have full rights of making motions, participating in discussions, and voting.

2) **Alternates.** Elected members of the Senate are expected to attend its meetings regularly. However, prior to any meeting a senator may designate in writing to the Secretary to the Faculty an alternate who shall act in the senator’s absence with full rights and powers. Designation as alternate may be for a specific meeting or for a stated span of time, and may be changed by the senator’s written notification to the Secretary at any time.

3) **Ex-officio Members**
   a) Ex-officio members shall have rights of making motions and participating in discussion without further recognition, but not voting.
   b) Administrative ex-officio members shall be the President, the Provost, all vice presidents; all deans; all vice provosts; all assistants to the President; the Secretary to the Faculty; and the President of the Associated Students of Portland State University. These administrative ex-officio members are not eligible to become elected senators, nor to be Faculty members of constitutional committees as listed above (Article IV, Section 4.4).
   b) Chairpersons of constitutional committees, members of the Advisory Council, and representatives to the Interinstitutional Faculty Senate shall be ex-officio members if they are not already elected senators.
   c) Members of Steering Committee or any other executive committee specified in the Senate’s Bylaws shall be ex-officio members if they are not already elected senators.
   e) Ex-officio members shall also include one representative who holds an appointment of less than fifty-percent full time equivalent but who otherwise meets the criteria given in Article II. Nominations (including self-nominations) for this position for the subsequent academic year may be submitted by anyone in this category to the Secretary to the Faculty by the end of winter term. From the list of nominees the Advisory Council shall, by the end of spring term, choose one ex-officio member of Faculty Senate, as well as an alternate who will serve in case a vacancy occurs during the academic year.

3) **Alternates.** Each elected member of the Senate is expected to attend its meetings regularly. However, before the first meeting of the fall term each senator shall designate in writing to the Secretary to the Faculty an alternate who shall serve in the senator's absence with full rights and powers. A senator may change his or her alternate at any time by so informing the Secretary in writing. A senator who takes a leave of absence or sabbatical leave for one academic year or more, or is absent for more than three consecutive meetings must resign his or her Senate seat, which shall be filled in accordance with Section 2, Paragraph 5 of this Article.

**Section 2. Election of the Senate**

1) **Determination of Divisional Representation.** By the first Monday in March of each year, the Secretary to the Faculty, in consultation with the administrative officers of the respective divisions (see Article IV, Section 3) and under supervision of the Steering Committee, shall prepare a list of members of the Faculty in each division, based on relevant University data systems and adhering to the criteria for membership in the Faculty set forth in Article II. The Secretary shall then determine the number of senators allocated to each division, apportioning one senator for each multiple of twenty Faculty members, with an additional senator for any remainder of ten or more Faculty members. Any division with fewer than twenty Faculty members shall have one senator. A newly instituted division shall elect its senator(s) in the next regular senate election.

2) **Identification of Candidates.** At least eight weeks prior to the date of Senate elections, each person on the certified Faculty list shall receive an invitation to opt-in as a candidate for a Senate position. All persons whose positive opt-in is received by the Secretary to the Faculty no later than two weeks before the election will be declared candidates.

3) **Election.** On the last Monday in April the Secretary to the Faculty shall send ballots with the names of Senate candidates to Faculty members of the respective divisions. Each divisional Faculty member shall vote for no more than a number of candidates equal to the number of Senate vacancies occurring in his or her division for that year. The person or persons receiving the greatest number of votes shall be elected. In case of ties for the final position, run-off elections shall be held.

4) **Terms and Limits of Membership.** Senate members shall be chosen for three-year terms except when (1) senators are being elected to represent a newly created division, or (2) it is necessary to arrange terms so that approximately one-third of a division’s senators shall be elected each year. In these two cases, a faculty member in the said divisions receiving the largest number of votes will be elected to three-year terms, and those with the next highest number of votes will be elected to two-and one-year terms as necessary to provide that approximately one-third of the Senate shall be elected each year. The Secretary to the Faculty shall inform each division as to the number of vacancies and length of term of each position to be elected each year.

No member shall be eligible for re-election until one year has elapsed following his or her term of office or resignation. No person shall be eligible to represent more than one division.
5) Interim Vacancies. Interim vacancies that occur in the Senate shall be filled by appointment by the Secretary to the Faculty, who shall designate to fill the unexpired term with the non-elected candidate who in the immediate past Senate election had the greatest number of votes in the division in which the vacancy exists. An interim appointee shall be eligible for election at the end of his or her term.

Section 3. Organization of the Senate
1) Officers and Their Duties. The Senate shall choose a Presiding Officer and other officers in such manner as shall be prescribed in the Senate Bylaws.

The Secretary to the Faculty shall be the ex-officio Secretary of the Senate and shall keep all records of the deliberations and actions of the Senate for use members of the Faculty and members of the Board of Trustees. The Secretary shall make available to the Faculty within one week of a Senate meeting a summary of all actions taken by the Senate at that meeting.

2) Rules of Procedure. The Senate is empowered to make rules governing its own internal organization and procedures, subject to the following:
   a) A majority of elected members of the Senate or their alternates shall constitute a quorum for transaction of business.
   b) All actions or recommendations of the Senate shall be by majority vote except as specifically required elsewhere in this Constitution.
   c) Voting shall be by secret ballot if requested by any five senators. If this provision is not requested, voting may be by roll-call at the discretion of the Presiding Officer.

3) Meetings of the Senate. Regular meetings shall normally be held during the academic year on the first Monday of each month at 3:00 p.m. To accommodate the academic calendar, the Presiding Officer may transfer the regular monthly meeting to another week by announcement at the beginning of the academic year. If the University is unexpectedly closed on the day of a regular meeting, it will be transferred to the next Monday (excluding holidays). If the agenda of any regular meeting is not completed, the Presiding Officer may call for an additional meeting on the following Monday. Special meetings may be held at the call of the President or upon written petition to the Secretary by any five members of the Senate.

Section 4. Authority and Functions of the Senate
1) Authority. The Senate shall be subject to the same general legal limitations as the Faculty. Its authority shall not be construed as limiting the legal right of the President, the chief administrative officer of a division, as defined for purposes of representation, or the chairperson of a department to initiate changes in educational policy, curricula, or new kinds of work. However, no curricular offerings shall be established except with the approval of the State Board of Higher Education upon recommendation of the Senate and the President.

Whenever the Senate is acting within its proper province, its actions shall be effective without approval.

2) Functions. The Senate shall:
   a) Determine requirements for admissions and for degrees.
   b) Act upon all new courses and curricula, changes in established curricula, and such new courses of study as involve consideration of educational policy or relations between divisions. The establishment, abolition, or major alteration of the structure or educational functions of departments or of programs which include more than one department or instructional unit of the University shall be construed as being within the meaning of this provision.
   c) Receive and consider reports from faculty committees and administrative officers, and take the appropriate action thereon within the scope of its authority.
   d) Encourage and conduct studies on matters of University policy.
   e) Make such rules and regulations as desirable to promote the interests and policies of the University.
   f) Establish such committees as necessary for the conduct of its business.
   g) Inform the Faculty concerning its actions and recommendations.

Section 5. Appeal
All actions of the Senate shall be subject to review by the Faculty upon written request for an appeal submitted to the President by ten percent of the members of the Faculty. This appeal shall be made within fourteen days of the posting date of the summaries of actions of the Senate. Any such action appealed shall be reviewed by the Faculty at a meeting called by the President for that purpose, after all faculty members have been given a two-week period of notice of the meeting. When a valid appeal has been filed under this section, no further action may be taken on the appealed motion of the Senate until the Faculty has acted on the appeal.

Section 6. Initiative
The Faculty may petition and secure consideration by the Senate of any appropriate matter upon written request of ten percent of its members. An item to be initiated shall be presented in writing to any member of the Senate, who shall, at the next meeting, give notice of the proposal to the Senate.

Article VI. Advisory Council
Section 1. Election
The Faculty shall elect, during spring term by secret ballot, three members of an Advisory Council of six members, from the membership of the Faculty other than ex-officio members of the Senate (see Article V, Section 1, Paragraph 1), with no more than four members from any single Senate division, and with no more than one member from any single department. The election shall be administered by the Secretary to the Faculty under the supervision of the Senate Steering Committee. The Secretary to the Faculty shall contact eligible members of the Faculty with the directions that any potential candidate may submit his or her name if s/he...
wishes to be a candidate for an Advisory Council position.

Current Advisory Council members, with the exception of interim appointees having served one year or less, are to be excluded, since no member may serve two consecutive regular terms.

On the last Monday in April, ballots bearing the names of those willing to serve shall be mailed to the members of the Faculty. Each member shall vote for no more than three candidates; ballots not so marked shall be declared void. The three persons receiving the greatest number of votes shall be elected.

In case of a tie vote for the final position or positions, an additional ballot listing only the nominees involved in the tie vote shall be taken. All such election procedures shall take place before June 1.

Section 2. Date of Office Taking and Period of Service

All terms of office shall date from June 1, following the election of council members; each member shall serve for two years.

At the call of any two members, the new Council shall convene and elect a chair person and a secretary from its membership.

Section 3. Vacancies

Vacancies on the Advisory Council occur through voluntary resignation submitted to the President by the elected member, or by interruption of service to the Council through leave of absence or sabbatical leave for one term or more.

Vacancies occurring on the Advisory Council shall be filled through appointment by the Secretary to the Faculty, who shall designate that nominee not elected who in the immediate past Advisory Council election had the greatest number of votes. An interim appointee shall complete the regular term of office. An interim appointee having served one year or less shall be eligible for election at the end of his or her term.

Section 4. Powers and Duties

The Council shall:
1) Serve as an advisory body to the President on matters of policy.
2) Serve the President as a committee on ad hoc University-wide committees.
3) Appoint membership of hearing committees and panels as required by applicable University policies and standards.
4) Perform those duties related to constitutional amendments, as described in Article VIII.
5) Upon its own initiative or upon the initiative of a member of the Faculty, the Senate, or the administration, give advice to the President on the meaning and interpretation of this Constitution.
6) Conduct studies and make recommendations on matters of faculty welfare to be presented to the President and/or the Senate.
7) Report at least once each year to the Senate. It may report, with or without recommendation, on any legislation, or matters referred to it. This report may be unanimous or in the form of a majority and a minority report.

Article VII. Interinstitutional Faculty Senate

The Faculty shall elect during spring term by secret ballot a representative to the Interinstitutional Faculty Senate, to serve for a three-year term, from among the Faculty other than administrative ex-officio members of the Senate. The election shall be administered by the Secretary to the Faculty, under the supervision of the Steering Committee, according to the procedures described in Article VI, Section 1 (except that the election shall be at-large rather than by divisions). An interim vacancy shall be filled by appointment by the Secretary non-elected nominee with the next greatest number of votes.

Article VIII. Amendments

This Constitution may be amended by the members of the Senate. A proposed amendment must be endorsed by ten senators and filed with the Secretary for inclusion on the agenda of the next Senate meeting, subject to specifications in the Bylaws about deadlines for setting the Senate agenda. The Secretary will include in the announcement of the agenda the text of the proposed amendment.

The proposed amendment, if then introduced at the meeting, is subject to debate and modification by majority vote. After opportunity for debate and modification, the resulting version, whether or not modified, of the proposed amendment will then be transmitted by the Secretary to the Faculty to the Advisory Council, which shall review the proposed amendment for proper form and numbering. The Advisory Council will return the proposed amendment to the Secretary to the Faculty prior to the next regular meeting of the Senate. At that meeting the presiding officer shall submit the amendment to the Senate for debate and consideration of final passage.

A two-thirds majority of those present and voting shall be required for passage of an amendment to this Constitution. After this vote a mail vote of the entire Faculty may be requested by one-fourth of the members of the Senate present, and if this vote is taken, a two-thirds majority of returned ballots is necessary for passage.

All amendments to this Constitution adopted by the Senate without referral to the entire Faculty shall take effect after the Faculty has had an opportunity to exercise its rights to appeal Senate actions as set forth in Article V, Section 5.
FUNCTIONS AND PROCEDURES OF THE FACULTY SENATE

Bylaws

Article V of the Faculty Constitution describes Senate membership, election procedures, organization, authority and functions. Within certain limitations, the Senate is empowered to make rules governing its own internal organization and procedures.

Meetings

As required by the Portland State University Faculty Constitution, the Faculty Senate meets normally on the first Monday of each month during the academic year. To accommodate the academic calendar, the Presiding Officer may transfer a regular meeting to another week by announcement at the beginning of the academic year. If there is an unexpected University closure on the day of a regular meeting, the meeting shall take place on the subsequent Monday (excluding holidays). If the agenda at any regular meeting is not completed, the Presiding Officer may call for an additional meeting on the following Monday. All Faculty members may attend Senate meetings as visitors; Senators may request privilege of the floor for visitors at meetings. Special meetings during the academic year may be held at the call of the President, or upon written petition to the Secretary by any five members of the Senate. Summer meetings of the Senate may be called during the eight-week term by the Steering Committee, with at least two academic days notice being given Senators before each meeting.

Alternates

Senators may designate an alternate, empowered to act on their behalf, by notifying the Secretary in writing prior to the meeting. The designation may be for a specific meeting or for a stated span of time. Senators may change their alternate any time by written notification to the Secretary. Senators, to facilitate the holding of summer meetings, are expected also to submit names and addresses of summer alternates (as well as their own summer addresses) to the Secretary by 10 June.

Resignation

The Constitution requires that a senator who takes a leave of absence or sabbatical leave for one academic year or more, or is absent for more than three consecutive meetings must resign his or her Senate seat, which shall be filled in accordance with Article V, Section 2, paragraph 5.

Presiding Officer Elect, Presiding Officer, and Past Presiding Officer

The Senate shall elect from among its members, each year at the last regular scheduled Senate meeting of spring term, a Presiding Officer Elect for a term of one year. The previous Presiding Officer Elect shall thereupon become the Presiding Officer for a term of one year, and the previous Presiding Officer shall become the Past Presiding Officer for a term of one year.

Following nominations by voice or in writing to the Secretary, election of the Presiding Officer shall be by secret ballot. If no candidate receives a majority of the votes cast on the first ballot, successive run-off elections shall be held among the leading candidates whose combined votes total at least 50 percent of the votes cast, until one candidate receives a majority of the votes cast.

The Presiding Officer Elect, Presiding Officer, and Past Presiding Officer shall be members of the Steering Committee. If they are not already elected members of the Senate, they shall be ex officio members of the Senate.

The Presiding Officer shall serve for a term of one year and chair all meetings of the Senate and its Steering Committee. After completing this term, the Presiding Officer becomes Past Presiding Officer for a term of one year. If the Presiding Officer resigns or is otherwise unable to complete the one-year term, the Presiding Officer Elect shall become Presiding Officer for the remainder of the term and continue in that position in the subsequent year.

The Presiding Officer Elect shall preside in the absence of the Presiding Officer at all meetings of the Senate and its Steering Committee and, after one year serving in that position, shall succeed as Presiding Officer. If the Presiding Officer Elect resigns or is otherwise unable to complete the one-year term, the Senate shall choose a new Presiding Officer Elect at its next regular meeting, in accordance with the procedure described above.

The Past Presiding Officer shall serve in that position for one year, after completing a one-year term as Presiding Officer.

Secretary

As provided in Article IV, Section 1.2, of the Faculty Constitution, the Secretary to the Faculty shall be ex officio Secretary of the Senate.

Steering Committee

After the election of a Presiding Officer and a Presiding Officer Elect, the Senate shall elect two of its members each year to serve two-year terms as members of the Steering Committee of the Senate. Following nominations by voice or given in writing to the Secretary elections of the two members of the Steering Committee shall be by secret ballot. If two candidates do not receive a majority of the votes cast on the first ballot, successive run-off elections shall be held among the leading candidates whose combined votes total at least 50 percent of the votes cast, until two candidates receive a majority of the votes cast.

In addition to the four members each elected for two-year terms, the Steering Committee shall comprise the Presiding Officer, the Presiding Officer Elect, and the Past Presiding Officer. The Secretary to the Faculty, the Chair of
the Committee on Committees, the representative from Portland State University to the Interinstitutional Faculty Senate with the greatest seniority in that position, and the faculty member of the Portland State University Board of Trustees shall be ex-officio, non-voting members of the Steering Committee. An elected member of Steering Committee who is not already an elected member of the Senate shall be an ex-officio, non-voting member of Senate.

The Steering Committee shall meet prior to each scheduled meeting of the Senate. During the summer, the members of the Steering Committee who are on campus or in town will also be available to meet occasionally on Senate business.

The Steering Committee shall expedite the work of the Senate by:

a) Scheduling Senate action on committee work.
b) Referring problems to appropriate committees and coordinating the work of the different committees.
c) Assuring the Senate that agenda items submitted by Senate members and committees are properly prepared for Senate action.
d) Initiating motions for Senate referral to committees, or, where appropriate, for direct Senate action.
e) Making representation pursuant to Senate resolutions on educational matters and faculty interests to the State Board of Higher Education and other national, state and local government bodies. (In cases of urgency and in the absence of a Senate resolution on a policy matter at issue, the Steering Committee may make representations in the name of the Steering Committee.)

c) Discussion Item (optional)

**Agenda**

The Constitution empowers the Senate to establish its own rules governing its agenda. Items may be placed on the Senate agenda as follows:

- a) By the Presiding Officer at his or her discretion. Ordinarily the Presiding Officer will not place matters on the agenda which should have been brought before the Senate through routine means. The Presiding Officer’s prerogative in the matter is reserved for extraordinary circumstances which might require admission of unforeseeable matters to the agenda. It is not the normal function of the Presiding Officer to initiate Senate business or to relieve the Senate members from their obligations to present materials well in advance and after careful consideration. Senate members must conform to agenda rules in order to avail the body’s full membership of access to all details of proposals and motions sufficiently in advance to permit careful deliberation and consideration.
- b) By notice of any member of the Senate in open meeting, providing that any two other members concur. This notice will appear in the minutes of the meeting which will be published by the Secretary.
- c) By written notice of the chairperson of a faculty committee delivered to the Secretary by 12:00 noon seven calendar days after the prior Senate meeting, or after summer break, 14 calendar days before the meeting.
- d) By action of the Steering Committee in accordance with its functions given above.

The agenda for special meetings will be published with the call for the meeting.

Except by a two-thirds majority of the voting members present, motions may be made and votes taken only on those subjects listed on the agenda for the meeting.

In general, the Senate meeting agenda will be constituted with these elements:

1. Roll, Approval of Minutes of Preceding Meeting, and Approval of Consent Agenda
2. Announcements
3. Discussion Item (optional)
4. Unfinished Business
5. New Business
6. Question Period
   - 1) Questions for Administrators
   - 2) Questions for the Presiding Officer
7. Reports from Officers of Administration and Committees
8. Adjournment

**Meeting Materials**

At least one week before each regular Senate meeting, a packet of materials containing the full agenda and relevant supporting documents shall be distributed to senators and ex-officio members, and posted on-line. Electronic copies of all Senate proceedings are posted at www.pdx.edu/faculty-senate.

**Question Period**

The Senate has adopted the following rules for this portion of the question period involving administrators:

1. Questions for administrators must be submitted to the Secretary to the Faculty by 12 noon on Monday one week preceding the Senate meeting.
2. Questions should be designated for a particular officer of the University who is an administrative ex-officio member of the Senate (viz., President, Vice President, Assistant to the President, Provost, Vice Provost, or Dean) who is responsible for the policy or action at issue. If the senator drafting the question is uncertain to whom it should be directed, the Secretary will be available to help the senator make that designation.
3. Questions shall be clearly framed and focused on a single issue.
4. Supplementary questions must be directly related to the original question. The Senator drafting the original questions will be given the first opportunity to ask a supplementary question. Equity and Robert's Rules, however, demand that other Senators have a chance to put supplementary questions before anyone has a second chance to do so.
5. The question period in any one Senate session will be allotted one-half hour on the agenda, with any additional time being at the discretion of the Presiding Officer.
Division Caucuses

When a division has an opening on the Committee on Committees, the division shall caucus to elect its representative(s). The meeting will be called by the Secretary to the Faculty. The outgoing member of the Committee on Committees or, in the absence of that person, the senior senator from the division, shall serve as chair of the caucus. Normally, the caucus will take place at the June Senate meeting to select Committee on Committee member(s) for the subsequent year; however, when a mid-term vacancy occurs, a caucus will be called at that time. Within three days after the caucus, the chair of the caucus shall report in writing to the Secretary to the Faculty of the chosen Committee on Committees member(s), along with the names of those present at the meeting.

Submitting Proposals and Reports

Persons wishing to bring business before the Senate should contact the Presiding Officer or Secretary to the Faculty no later than the Friday after a regular Senate meeting for inclusion in the agenda at the next Senate meeting, and be available to meet with Steering Committee on the Monday following the regular Senate meeting (generally the second Monday of the month).

Chairs of constitutional committees and groups of senators wishing to place items on the Senate agenda in accordance with the Bylaws are strongly encouraged to follow the above procedure, but may submit agenda items up to the Monday two weeks prior to the Senate meeting.

When an agenda item involves a proposed motion or resolution, it is strongly encouraged that the anticipated motion or resolution also be submitted in writing following the above procedure. In any event, all motions and resolutions to be voted on by Senate must be submitted in writing, whether in advance of the meeting or from the floor.

Committee chairs and other persons submitting reports should give notice of this to the Presiding Officer or Secretary to the Faculty no later than the Friday after a regular Senate meeting for inclusion on the agenda at the next Senate meeting. If the report is to be included on the consent agenda, a written draft for review by Steering Committee should also be submitted by this deadline.

Final version of all materials (agenda items, motions, reports, supporting documents) must be received by the Secretary to the Faculty, in electronic .doc, .docx, or .pdf format, no later than 5:00 p.m. on the Monday two weeks prior to the Senate meeting. If the Secretary does not receive the material by this deadline, the corresponding item may, at the discretion of the Presiding Officer, be struck from the agenda of the meeting.

Preparation of committee reports and proposals for inclusion in the Senate packet is the responsibility of the chairperson of the committee.

Faculty governance committees at Portland State are established either by the Faculty Constitution or by administrative action. (See the Faculty Constitution, Article IV, Section 4 for additional general information on constitutional committees.) This Directory includes both constitutional and administrative committees that are regular or standing committees. It does not include ad hoc committees which may be established from time to time to serve particular limited functions, nor committees with exclusively administrative membership.

During academic years 1974-75 and 1987-88 the Constitution was amended so that the Committee on Committees took responsibility for appointing members for all constitutional committees, and nominating members for administrative committees unless otherwise stated. As an aid to securing interested and appropriate nominees, the Faculty Committee Preference Survey is distributed annually to all members of the Faculty to enable them to indicate those committees on which they would like to serve.

From time to time university committees may have matters they wish to bring before the Faculty Senate. Also, all constitutional committees (and some administrative committees) are required to make annual reports to that body. The process for placing items on the Senate agenda and annual reporting dates for committees are discussed in Procedures of the Faculty Senate, above. It should be noted that when written reports, whether special or annual, are to be made to the Senate, it is the responsibility of the committee chairperson to submit copies of the committee report to the Secretary to the Faculty for inclusion in the Senate packet as well as to arrange to meet with the members of the Senate Steering Committee prior to the Senate meeting.

**Guidelines for Constitutional Committees**

*Guidelines for Constitutional Committees* were adopted by the Faculty Senate on 5 April 1971:

The following recommendations are intended to be general, helpful guidelines, whose application in each committee is to be broadened or narrowed or otherwise varied according to that committee's particular needs and best judgment.

**Committee Size.** Small committees are preferable, since that tends to speed up the process, but for reasons of adequate representation, large ones can become necessary. Workloads, however, may make subcommittees desirable.

**Chairperson.** The chairperson’s chief function will be to bring out opinions by questioning, and then to develop a consensus statement. Formal votes need not be taken for every decision. The chairperson will ensure that the committee will establish working procedures, including agreement on a ‘quorum’ and selection of a secretary to draft the decision statements and the working preliminary, and final reports. These should be presented in the agenda in print, so they can be discussed, amended, polished, and approved. Work will be facilitated if the chairperson will see that the agenda include as many preliminary decision statements as possible in the form of working drafts. At his or her discretion, the chairperson may call meetings of voting members in executive session.

**Secretary.** The secretary will arrange meetings and schedule them at a time acceptable to all, if possible. He or she should notify all committee members of meetings. The minutes of each meeting should include a complete record of all decisions taken, not of the discussions and varied views expressed during the meeting. These minutes should be distributed to committee members and also made available to other members of the University community who may be interested in the decisions, which in many cases will include the dean of colleges and schools.

**All Members.** Committee members represent the colleges and schools, the student body, and the Faculty in general as they participate in the decisions and actions of the constitutional committees.

Circumstances sometimes arise which make it impossible for a person to discharge his or her responsibilities as a member of his or her committee. For example, increased commitments cause a member to be regularly unable to attend meetings; this means that his and her area and his or her colleagues are unrepresented in that committee.

It is recommended, when a committee member finds himself or herself unable to serve effectively for any reason, that s/he consider resigning from that committee. Official resignation consists of written notice to the chair of the committee in question and to the Secretary to the Faculty.

**Reports.** The committee’s reports, although typically written by the chairperson, should represent committee consensus and should be prepared in time to allow committee consideration. When there is a division of opinion, the report should indicate the lack of consensus. If there is a strong division of opinion, the report should make room for a minority opinion, or at least be prepared in time for the minority to present its report at the same time as the committee report.

Constitutional committees are indicated by green headers.

(b) The Interinstitutional Faculty Senate of the Oregon University System shall have no authority over those matters delegated to the faculties of the individual institutions and nothing in this constitution shall be construed to impair the right of these faculties to communicate through appropriate channels with the Chancellor and the Oregon State Board of Higher Education.
