

# Physical Geography 2023-2024 AY

## **GEOG 210** Introduction to Physical Geography

*GEOG 210 is required for all upper-level Physical Geography courses.*

### **Climate**

**GEOG 311U**  
Climatology

**GEOG 312U**  
Climate Variability

**GEOG 314U**  
Severe Weather

**GEOG 333U**  
Climate Weather

**GEOG 4/512**  
Climate Change  
Science and Impact

### **Water**

**GEOG 310U**  
Climate & Water

**GEOG 340U**  
Global Water Issues  
and Sustainability

**GEOG 4/514**  
Hydrology

### **Landforms**

**GEOG 320**  
Geomorphic Processes

**GEOG 322U**  
Alpine Environments

**GEOG 4/515**  
Soils & Land use

### **Biomes**

**GEOG 313U**  
Biogeography

**GEOG 4/513**  
Disturbance Biogeography  
of the Pacific Northwest

**GEOG 4/518**  
Landscape Ecology

**GEOG 4/540**  
Ecology and Management  
of Fire

*Students are encouraged to take another 300 or 400 level Physical Geography course before taking Topics or Seminar in Physical Geography*

**GEOG 4/510** Topics in Physical Geography

**GEOG 4/507** Seminars in Physical Geography
