Transfer credits are defined as credits taken at any institution other than PSU at any time (i.e., pre- or post-admission to a graduate program at PSU). All doctoral Transfer credits must be graduate level courses from a regionally-accredited institution, and must be applicable to a graduate degree at originating institution without qualification. Refer to the PSU Bulletin for information on transfer credits from foreign institutions as these require additional documentation.

Transfer Credits

Transfer credits from other institutions are not computed in the PSU graduate GPA and are not entered on PSU's transcript, but they are entered into DARS and are computed in the degree program GPA on the DARS audit.
