

Creating Conscious Communities with People Outside (C3PO) Intake Form

C3PO is an emergency response to the COVID-19 public health crisis. We are working to provide temporary shelter and access to resources for people living outside.

This form asks information about the identities you hold, your risk level for COVID, your ability/mobility needs and partner/tent partner information. We are asking this information in order to assess how we can best provide for your needs and respect the identities that you hold. This information is sensitive and will be kept strictly confidential between members of the intake committee.

We ensure our volunteers are vetted through a background check and 2 references, as well as existing community connections and shared commitment/values to the populations we are trying to organize for. Please let us know if you have any concerns about the following and need special accommodations

Please answer each question to the best of your ability.

* Required

1. Do you consent for us to release your name and contact info to whoever manages the camp? *

Mark only one oval.

Yes

No
