Montgomery Court was constructed in two phases between 1916 and 1925. It has four stories and a basement. Montgomery consists of 144 Single Sleeper units, community bathrooms (designated by gender) and a community kitchen in the lounge on the first floor. Montgomery is also the host of the campus area desk.

Due to the size of the sleeper units, no roommates, family members, or pets are allowed in the building.

**Important Phone Numbers**

- **University Housing Office**: (503) 725-4375
- **Montgomery Help Desk**: (503) 725-4385
- **Residence Life Office**: (503) 725-2450
- **RA After Hours On Call**: (971) 246-1585
- **CPSO Non-Emergency**: (503) 725-4407
- **CPSO Emergency**: (503) 725-4404
Card Access
The Montgomery Building front and back doors operate on a card access system. This requires all residents to get a badge with a current picture on it from ID Services. ID Services is located in the first floor of the Neuberger building just south of Blackstone and across the Park Blocks. A picture and badge cost $12, and the amount is charged to your PSU Student Account.

If a resident has a picture on file prior to moving in, the badge will be printed automatically and be available for the resident to pick up at the move-in station.

Laundry
The laundry room for Montgomery Court is located in the basement. Washers and dryers are card-operated and require residents to purchase a card and load money onto it prior to its use. This can be done at one of several kiosks located on campus. There is one in the Montgomery Court lobby across from the Help Desk, another in the Smith Student Union Viking Court on the first floor, and in the first floor lobby of the Ondine Building.

The room is accessible using the same key as for the lounge in Montgomery Court.

Pests
University Housing strives to maintain a pest-free environment, but pests are an unfortunate part of life, especially in large communities. This can include cockroaches, rodents, fleas, and bed bugs, which are becoming more and more prevalent on college campuses throughout the country. Please report any pest problem you have immediately to University Housing, as early detection is the key to elimination of most pests.
Community Bathrooms
Community bathrooms are located on each floor and are segregated by gender. Men’s and women’s bathrooms are accessible with separate keys assigned at check-in. There is also a single uni-sex restroom in the north hallway. Cleaning staff clean the bathrooms every weekday, except for major holidays. Each room has its own vanity sink.

Community Kitchen and Lounge
There is a community kitchen and lounge on the first floor, down the hallway behind the Help Desk. This space is a gathering space for all Montgomery residents. Cleaning staff do clean the kitchen and lounge daily, but residents are responsible for cleaning any of their own things. Any personal items or food left out will be disposed of. Please note that a safety feature on the stove requires pans to be magnetic. The burners will not work otherwise.

Each resident is given a key for this space when they move in. It also unlocks the laundry room door. Current Montgomery residents may reserve this space for special events through the office of Residence Life, but the community kitchen must remain available for all residents to use.

Each room is provided with a mini-fridge and a microwave.

Furniture
All rooms are furnished for single occupancy. Please note that all furnishings are inventoried and belong to the university and must be present at the time of checkout. We do not have extra room to store any items you do not want in the room. All items are a part of a complete set and must remain together.
HELP Desk
The Help desk is located on the first floor of Montgomery. Currently, the desk is open seven days a week from 9:00am to Midnight with the exception of select holidays or school breaks. This desk serves the needs of all University Housing residents across campus. In most cases, residents go to the Desk when checking in or out of Housing, picking up packages and keys, or when they need general information and assistance. Please be aware that residents and other students will be in and out during these hours to use the services of the desk.

Garbage and Recycling
Dumpsters for trash are in the parking lot behind the building. If you leave trash, abandoned furniture, and other goods in common areas (including the laundry room or hallways) you or your community will be charged for the cost of removal. Recycling bins are located near the dumpsters behind Montgomery. Items contaminated with food particles cannot be recycled (example: pizza boxes). Please do not dump your non-recyclable garbage in recycling areas.

Bike Storage
There are bike stands located inside of the laundry room, where residents may choose to store their bikes. University Housing recommends locking bikes at all times. The University is not responsible for any lost or stolen bikes. ONLY bikes may be stored here. Other items left in the room will be removed and discarded, for which the community may be charged.

Bikes may not be stored inside or around stairwells and hallways. The laundry room bike rack is the ONLY designated area where residents may store their bike. Bikes stored in other common areas may be removed by University Housing at any time.
Maintenance
University Housing has a staff of trained maintenance technicians to maintain our buildings. Residents are responsible for reporting any damage they notice through our maintenance work order system, which is accessible via the Housing website: www.pdx.edu/housing. Please do not attempt to make any repairs to the room on your own.

In the event of a clogged drain, please DO NOT pour any chemicals (such as Drano) into the pipes. These products erode plumbing pipes and are dangerous to employees who work on the plumbing.

Heat
Montgomery uses a steam heating system. Here is some information on how to control the heat in your apartment:

- A boiler is set to activate at a predetermined temperature. When activated, the boiler heats a tank of water creating steam. The steam rises throughout the pipes. When the valve in your unit is opened, the steam is released into your radiator unit thereby heating your unit.
- You may hear a knocking sound. This is due to a collection of condensation in the steam pipes. This is normal and not a cause for concern.
- If your unit is too warm, you can prevent the steam from entering your radiator unit by turning the knob to close the valve. The pipes that carry the steam may still emit some heat into your unit.
- Simply opening the valve will not mean that you will get heat to your unit immediately. When the temperature drops to a predetermined level (based on the temperature outdoors), the boiler will turn on. The boiler will begin to create the steam that will be distributed throughout the building. If the boiler is not activated at that moment, your radiator will not receive the steam to heat it. Please be patient.
• There are a couple of things to look out for to ensure your radiator is properly operating. Be vigilant about looking for signs of steam or water leaking out of the unit. If the valve on your radiator is closed but your radiator unit is still getting hot, the valve may not be properly closing. Please enter a work order for Maintenance staff to take a look at your radiator.

If the knocking sounds are excessive, condensation may be building up. The pipes may not be releasing water properly so please enter a work order and be patient.

Tips for making sure your heat operates efficiently:

• Do not place or leave items too close to the radiator. The heat may cause personal items to turn dark from the heat exposure.

• If your unit is perpetually too warm, close the valve by turning the knob. Some units may have more than one radiator in a unit. If this is the case, try turning all but one off. If this is not enough, consider cracking a window.

• With any heated item, don’t leave the valve open when you’re not there as there will be no one to monitor anything out of the ordinary.

Networking and Telecom Services

Phone
All units include a phone line in the room. Provide a land-line phone and connect to the ivory jack located in your room. Local calls are included in the cost of the unit. To make long distance calls either purchase a long distance card or obtain a MobileSphere Long Distance Account with OIT.

Internet
Residential campus buildings have been retrofitted with a wireless network. Using your device, search the available networks for PSU or PSU Secure. You’ll need your ODIN ID and password to log into the network. To obtain an ODIN account, visit OIT.
Residents are also able to connect to the internet using an Ethernet cord. Locate the Orange jack in the room to connect.

Cable
Due to the age and design of the building, cable is not able to be provided and satellite installation is not permitted.

Phone and Cable Questions? Call NHTS (503) 725-4434
Internet Questions? Call OIT Help Desk (503) 725-4357

Where to go for Assistance
Montgomery Help Desk
Residents visit the Help Desk located in Montgomery Court to check into University Housing, pick up keys, packages, and ask general housing questions. This desk serves the needs of all University Housing residents across campus. The Help Desk is open seven days a week from 9:00am to midnight, except during University breaks and select Holidays. The Desk may be reached by phone at (503) 725-4385 or email at mbdesk@pdx.edu.

Housing Office
Residents may visit the Housing Office located in the Broadway Building, Suite 210 to discuss their contract, building and room options, transfer requests, and housing specific billing questions. The Housing Office is open Monday through Friday from 9:00am to 5:00pm (except for Thursday when the office opens at 10:00am). The Housing Office can be reached by phone at (503) 725-4375 or by email at housing@pdx.edu.

Residence Life Office
The Residence Life Office is available to answer questions about programs, provide opportunities for students to get involved, review the conduct of residents within the halls, and as a resource to solve interpersonal conflicts between roommates. The Residence Life Office may be contacted by phone at (503) 725-2450 or by email at reslife@pdx.edu and is located in Broadway Building, Suite 230.
Residence Life Staff

*Area Coordinator (AC)*
ACs are responsible for community-building, advising and counseling, crisis management, residential education and student conduct hearings.

*Resident Director*
RDs are responsible for assisting in the implementation of ResLife programs, residential education, community development, crisis management, student conduct, and community operations.

*Resident Assistant*
RAs are responsible for general administration, development, and implementation of programs in the residence halls. RAs can help you find a class, submit a work order, or find the academic or emotional support you need.

**RHA (Residence Hall Association)**
The Residence Hall Association is the governing body representing Housing residents of Portland State University. RHA is the voice of the residents within the residence halls. Residents engage with RHA in programs, social events, and leadership opportunities. The office for RHA is located on the first floor of Montgomery, around the corner from the Help Desk. To contact the RHA office by phone, call (503) 725-4514 or email them at [rha@pdx.edu](mailto:rha@pdx.edu).

**CPSO (Campus Public Safety Office)**
The CPSO team is here to ensure your safety. Please contact CPSO if you feel unsafe or threatened while on campus. Please do not contact CPSO for noise complaints from within your building; contact your RA instead.

In case of an emergency, please contact CPSO at (503) 725-4404. For non-emergencies, please call (503) 725-4407.
