IAC Charge to the Council:

IAC will promote and oversee the continued implementation of assessment across the campus, working closely with three offices: Undergraduate studies, Institutional Research and Planning, and the Office of Academic Innovation. It will create guidelines for assessment planning and implementation that reflect student learning at the program, department and institutional level.

In cooperation with the ex-officio members, the Council will design a strategy for addressing assessment long term. It will oversee the implementation of key learning goals for institutional assessment. The IAC will serve as the review mechanism for assessment on the campus and coordinate with the assistant and associate deans group the implementation of systematic annual reporting by schools and colleges. It will create an annual document on the status of assessment that will form the basis for institutional reports, such as those required by the PSU Faculty Senate and the regional accreditation body, NWCCU.
