8.026 Cost Containment

The presidents of Oregon State University and the University of Oregon are instructed to work with each other and to pursue within the Northwest region, the Pac-10, and the NCAA appropriate cost containment measures such as grants based only on need, fewer grants, reduced recruiting efforts, smaller coaching staffs, and other appropriate measures.

If such efforts, over a five-year period, are unsuccessful, the Board will reassess its position and instruct the University of Oregon and Oregon State University whether or not to implement those cost containment policies even in the absence of Pac-10, NCAA, and regional action.

Portland State University, Oregon Institute of Technology, and the three regional universities are instructed to adopt similar cost containment measures, as appropriate.
