Academic Advising, Department of Physics

Academic advising is a collaborative educational process in which students and their advisers are partners in meeting the essential learning outcomes that support student success. This partnership requires participation and involvement of both the adviser and the student and spans the student’s whole educational experience.

Department: Physics  
Website: http://www.pdx.edu/physics/  
Email: physics@pdx.edu  
Office Coordinator: Laurie Tull  
Email: laurie.tull@pdx.edu  
Phone: 503-725-3812  
Location: SRTC room 134  
Department Chair: Dr. John Freeouf  
Email: jfreeouf@pdx.edu  
Phone: 503-725-9876

Portland State utilizes both professional and faculty advisers in delivering advising for students.

Faculty advisers primarily support students with major specific advising which may also include potential careers and professional opportunities within the discipline.

Faculty Adviser: Dr. Andrew Rice  
Email: arice@pdx.edu  
Appointments: 503-725-3095  
Location: SRTC room 472  
Drop-in Schedule: posted outside SRTC 134

Professional advisers are available to assist with university general education (University Studies or Honors) and degree requirements, assist with academic standing issues and petitions, and provide referrals to various campus services.
