Committee Reports:

- Socioeconomic Analysis – Update (Paul)
- Access and Set Aside Committee – Seeking Consensus on Final Desired Conditions Recommendations (Carl and Mark)

Following Up on Next Steps in Developing a Forest Plan: Small and Large Group Discussion

*How can the BIC continue to work together to build trust and relationships as the recommended desired conditions are integrated into the forest plan to develop standards and guidelines and to bring the public along in the process?*

Pursuing Joint Learning and Understanding - Brainstorm and Discussion:

*What are areas where further information, education and joint action could be useful to the BIC?*

Public Comment (2 minutes):

Next Steps & Adjourn

---

**Suggested Topics for Future BIC Discussion**

*How will the socioeconomic analysis data be applied in the development of the forest plan and beyond?*

*What role can the BIC play as the plan is developed and where might there be points of input during the process?*

*What are the differences between the past rules and the 2012 process in how the public can be engaged? What are the potential options for public engagement & ways BIC can help*
