

General Survey for the Oregon Population Forecast Program

Jurisdiction:

Date:

1. Observations about Housing
(Vacancy rates, seasonal occupancy,
demolitions, renovations)

2. Planned Housing Developments or
Group Quarters Facilities. Include
the lot location, number of units,
housing type, occupancy, and
estimated year of completion. If
available, supporting materials are
encouraged (e.g., GIS layer or
address list). Supporting materials
may be emailed separately if
necessary. *Specific responses are
appreciated!*

3. Observations about Population (e.g.
birth rates, aging, immigration,
racial and ethnic change)

4. Economic Development (e.g. new
employers or facilities, including
number of jobs and est. year of
completion)

5. Infrastructure Projects (e.g.
transportation and utilities)

6. Other Factors Promoting Population
or Housing Growth

7. Other Factors Hindering Population
or Housing Growth

8. Other findings, including, if not
discussed above:
(a) Summary of current or proposed
policies affecting growth in your
jurisdiction
(b) Findings related to growth or
population change from studies
conducted in your jurisdiction
(c) The effects of wildfires or other
disasters in your jurisdiction on
housing, employment/economics,
and infrastructure
(d) The effects of the COVID-19
pandemic and policy measures on

employment and current and planned developments	
9. For representatives from counties only: We invite you to provide tax lot data if available. These may be sent via email.
