Transportation.

# Proposed Forecast Results

*Josephine County experienced the highest population growth in the 1980 Census, where the county showed an AAGR of 5% between 1970 and 1980. Growth varies between 0.6% and 1.9% between 1990 and 2020. The 2020 Census showed an AAGR of 0.6% between 2010 and 2020.*

### Historical Census Population

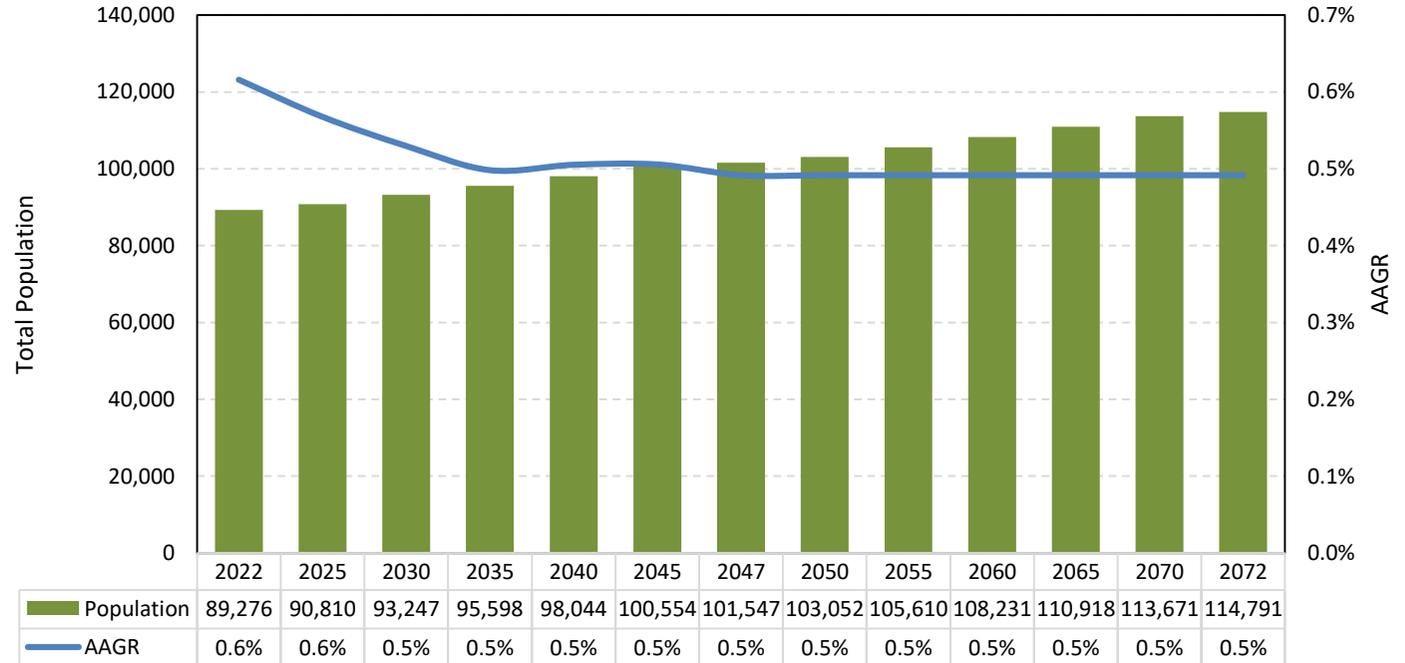

Source: US Census Bureau Decennial Census

# Proposed Forecast Results

*Josephine County's population is projected to grow at an AAGR at around 0.5% during the forecast period. The population in 2072 is projected to be 114,791, a 29% increase from 2022.*

**Population Forecast (2022-2047)**

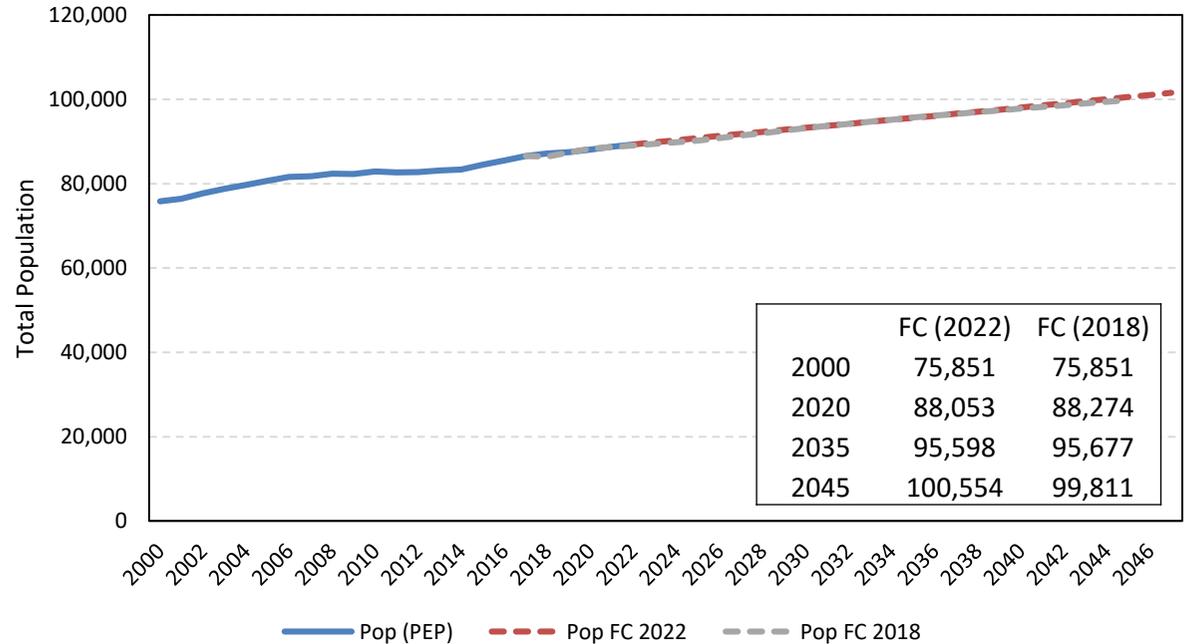

Source: Forecasted by Population Research Center (PRC)

# Proposed Forecast Results

*The current forecast display a similar trend to the 2018 forecast. County population is expected to reach 100,554 by 2045 in the current forecast, compared to 99,811 in the 2018 forecast.*

### Population Forecast Comparison

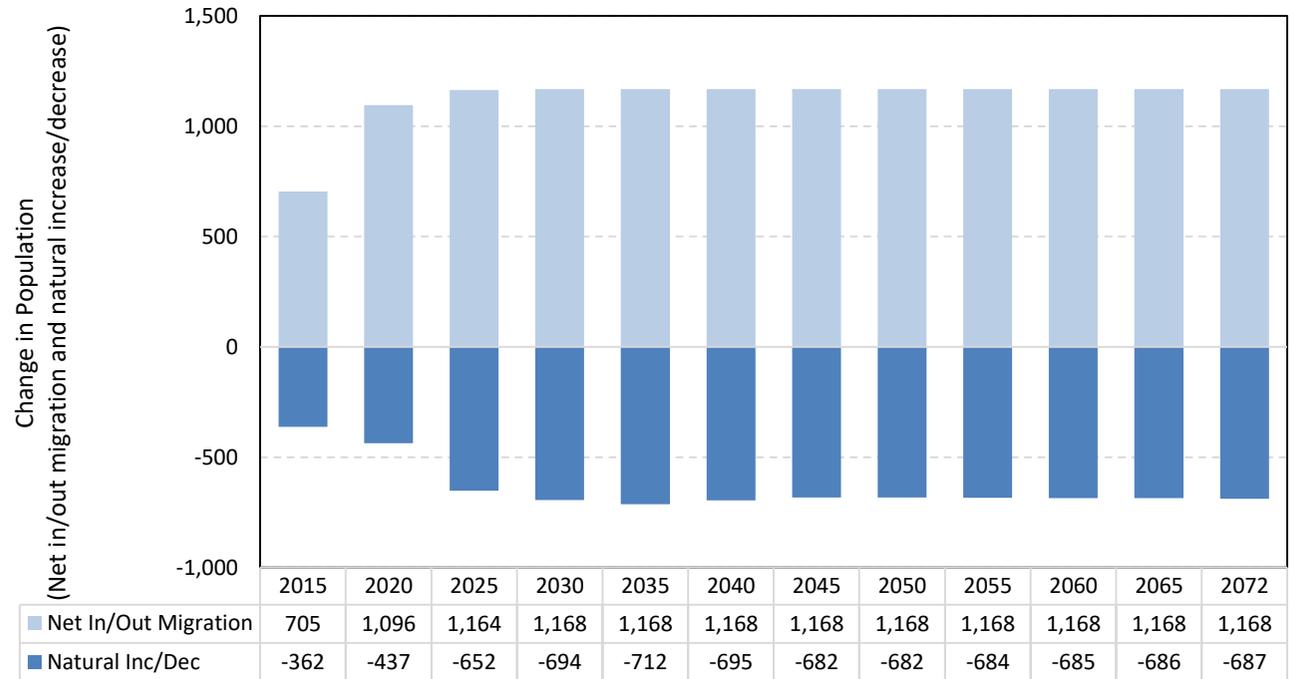

Source: US Census Bureau Population Estimates Program (PEP). Forecast by Population Research Center (PRC)  
Note: PEP estimates may be different from the 2020 Census.

# Proposed Forecast Results

*Natural decrease in Josephine County is projected to continue. Annual net migration is assumed to maintain at a consistent range in the lower 1,000s. Over time, natural decrease is projected to remain in the upper 600s.*

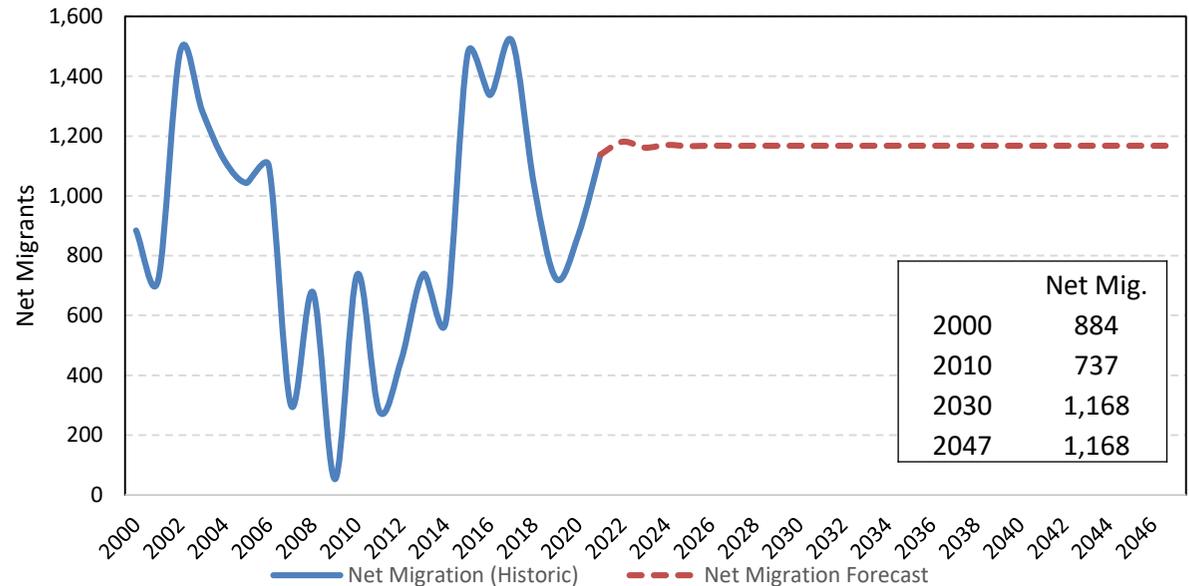

**Components of Population Change by 5-year Intervals (2015-2072)**

Source: Forecast by Population Research Center (PRC)

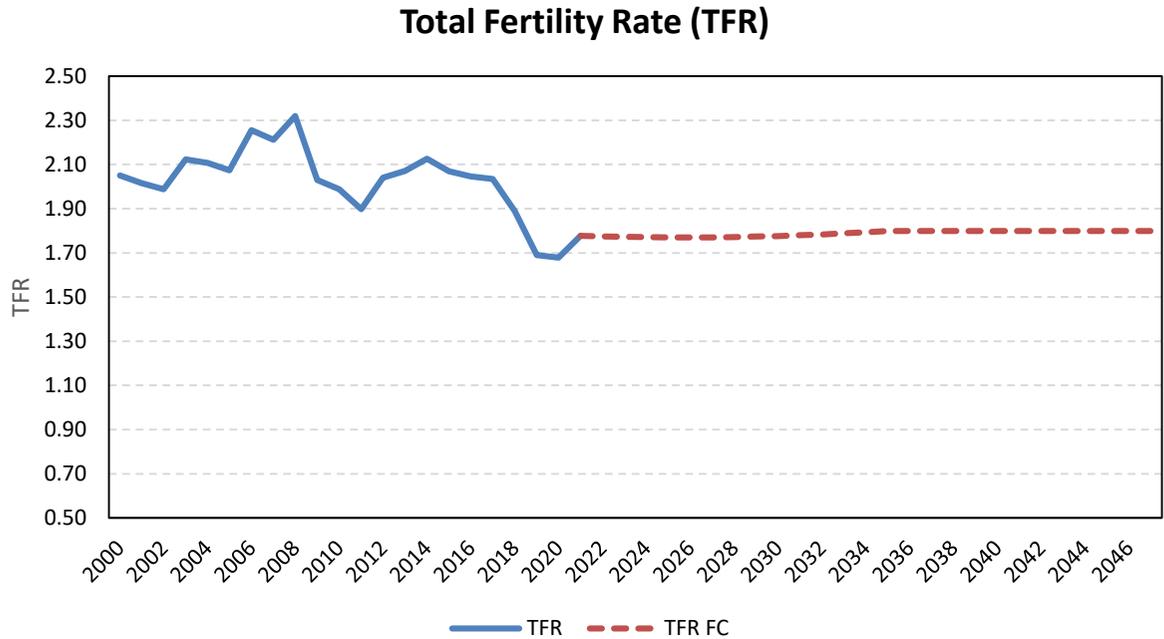

*Annual net migration reached a low point in 2009 but has shown an increasing trend over the past few years. The projected net migration reflects an average range based on historic data.*

### Annual Net Migration (2000-2047)

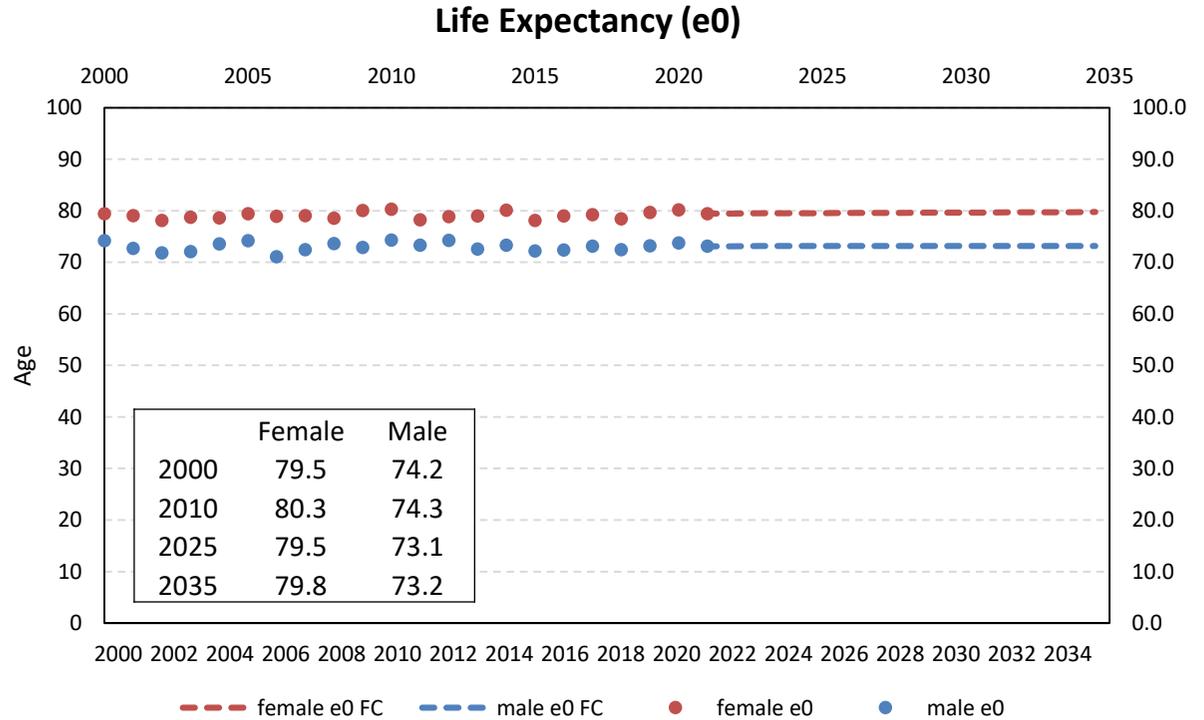

Sources: US Census Bureau. Forecast by Population Research Center (PRC).

*The total fertility rate (TFR) for women age 15-44 in the county has decreased in the past few years, from 2.03 in 2017 to 1.7 in 2020. We project the TFR to be around 1.8 throughout the forecast period.*

Sources: Oregon Health Authority, Center for Health Statistics. Calculations and forecast by Population Research Center (PRC).

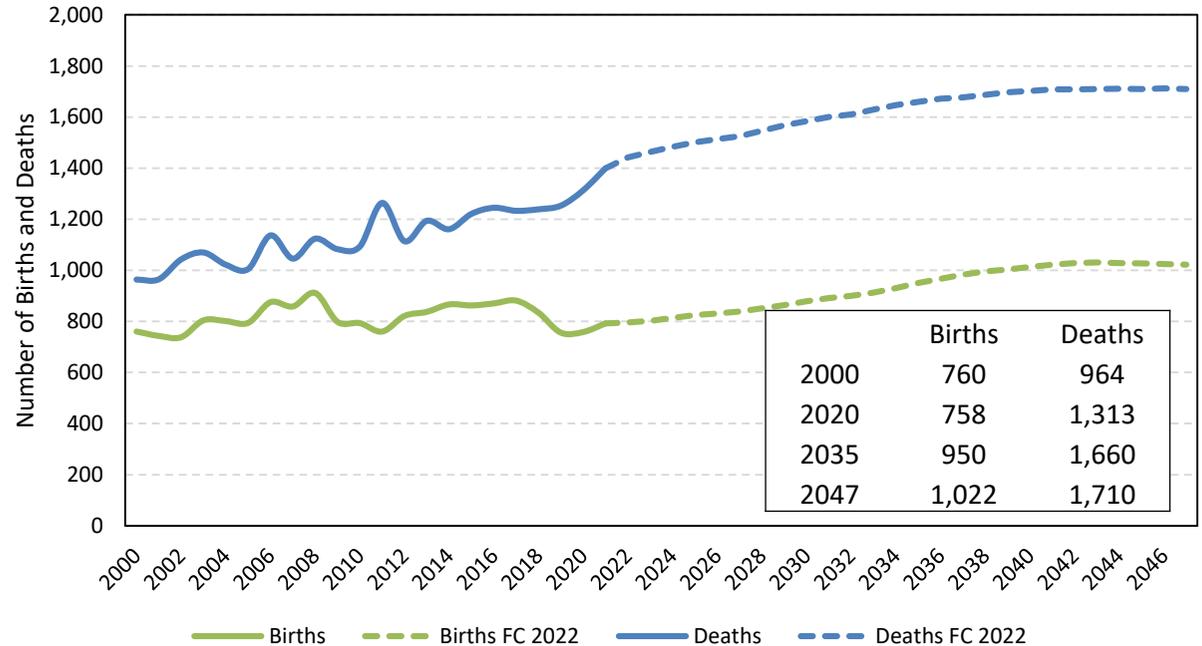

*Life expectancy for both female and male is projected stay relatively stable. Female life expectancy shows a slight increasing trend and is projected to be 79.8 in 2035. Male life expectancy remains relatively consistent compared to historic trend.*

Sources: Oregon Health Authority, Center for Health Statistics. Calculations and forecast by Population Research Center (PRC).

*Annual deaths are expected to continue out pace births, even though both births and deaths appear to increase over time. Annual deaths will almost double in 2047 compared to the 2000 data. In 2019, annual deaths have reached 1,253.*

# Historical and Forecast Trends

## Historical and Forecast Population for Josephine County and its Sub-Areas

	Historical			Forecast				
	2010	2020	AAGR (2010-2020)	2022	2047	2072	AAGR (2022-2047)	AAGR (2047-2072)
<b>Josephine County</b>	82,713	88,090	0.6%	89,276	101,547	114,791	0.5%	0.5%
<b>Larger Sub-Areas</b>								
Grants Pass	36,572	44,833	2.0%	45,633	58,617	74,392	1.0%	1.0%
<b>Smaller Sub-Areas</b>								
Cave Junction	2,883	3,147	0.9%	3,081	3,338	3,562	0.3%	0.3%
<b>Outside UGBs</b>	43,258	40,109	-0.8%	40,562	39,592	36,837	-0.1%	-0.3%

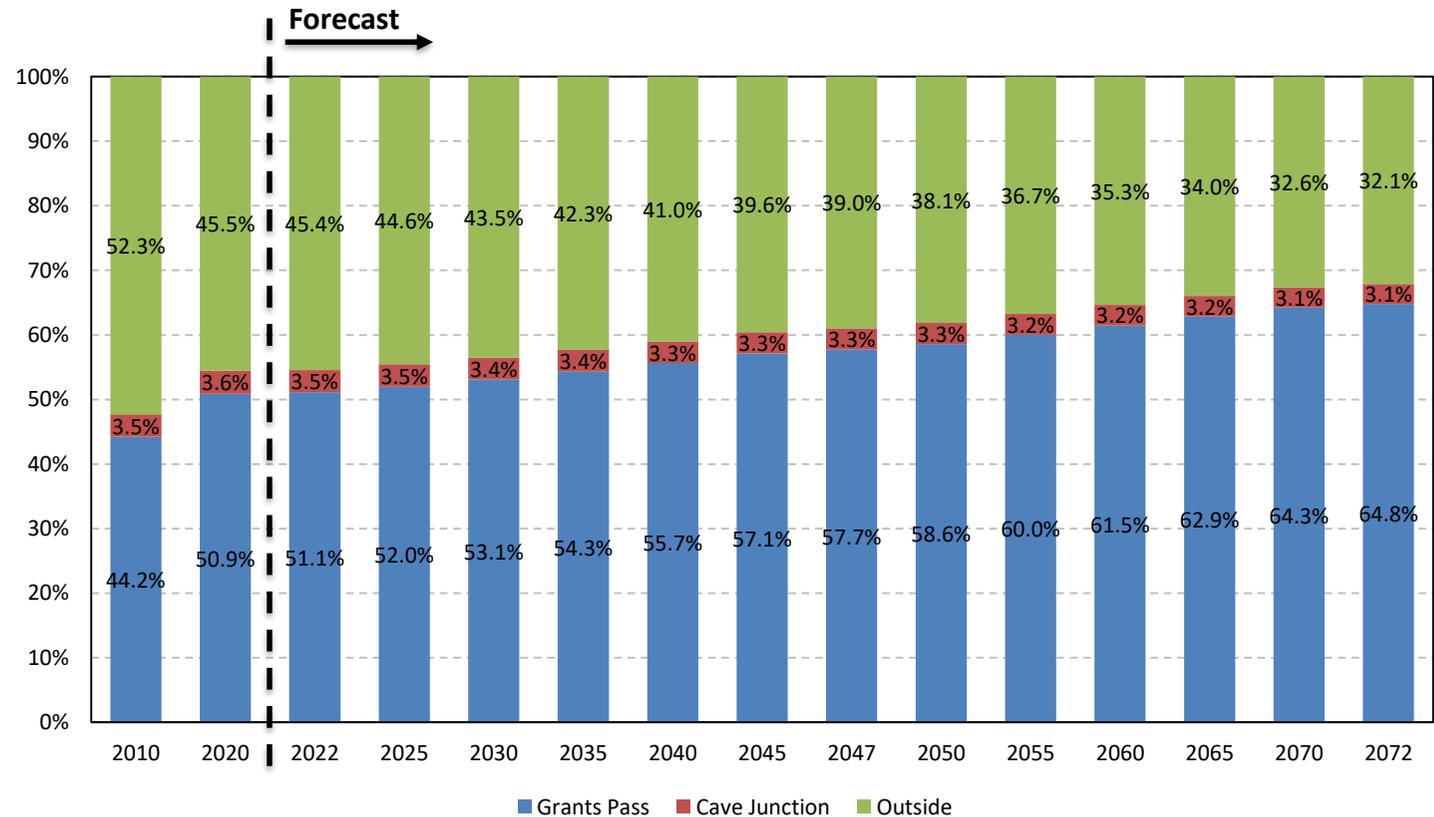

*Note: UGBs are indicated by their city names. Larger sub-areas are those with populations over 8,000 in 2020.*

Sources: U.S. Census Bureau; Forecast by Population Research Center (PRC)

# Proposed Forecast Results

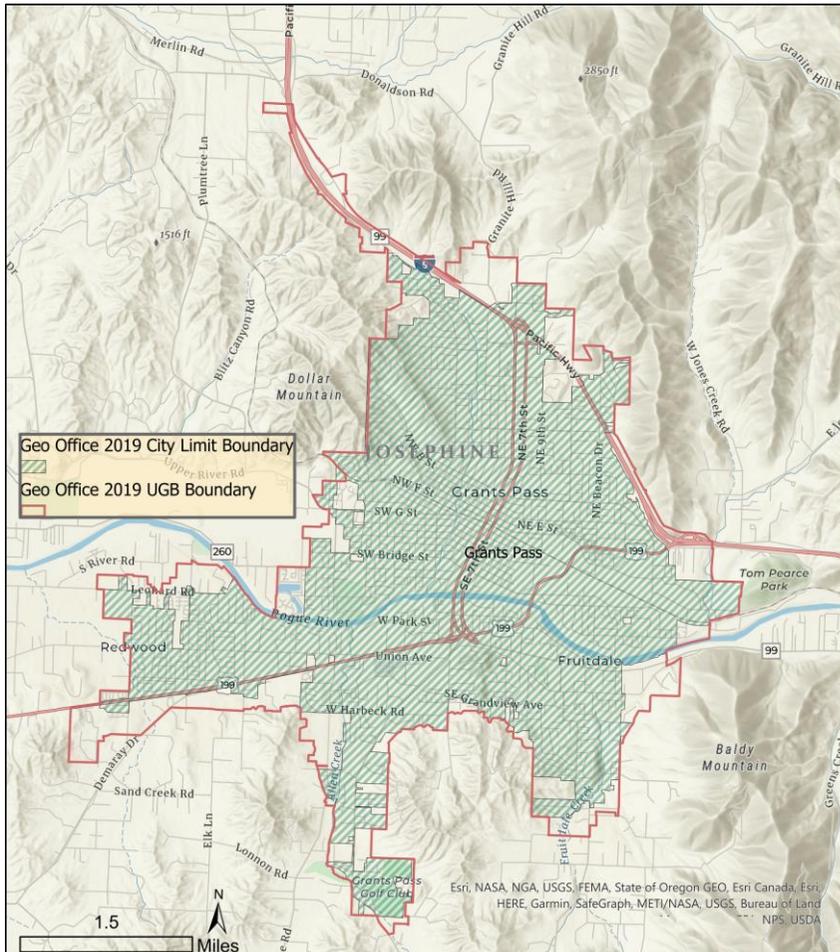

## Josephine County – Population Shares of Sub-Areas and Outside UGBs

*This figure shows the percentage of the county population that is in each group of sub-areas. Over time, the share of population living inside the UGBs increase while the share of population outside of UGBs decrease. Grants Pass is projected to increase its share of population over time and reach nearly 65% by 2072.*

Sources: U.S. Census Bureau; Forecast by Population Research Center (PRC).  
 Note: Sub-areas with populations under 8,000 in 2020 were considered smaller UGBs

# Proposed Forecast Results

## Population Distribution in Larger Sub-Areas

	Population	Share of County
<b>Grants Pass UGB</b>		
<b>2022</b>	45,633	51.1%
<b>2047</b>	58,617	57.7%
<b>2072</b>	74,392	64.8%

Sources: Forecast by Population Research Center (PRC)

These numbers represent *Proposed* Forecast Results

## Population Distribution in Smaller Sub-Areas

	Population			Share of County Population		
	2022	2047	2072	2022	2047	2072
<b>Josephine County</b>	89,276	101,547	114,791			
Cave Junction	3,081	3,338	3,562	3.5%	3.3%	3.1%
Outside UGBs	40,562	39,592	36,837	45.4%	39.0%	32.1%

*Note: Smaller sub-areas refer to those with populations under 8,000 in 2020.*

Sources: Forecast by Population Research Center (PRC)

1. We expect Josephine County's population to grow at an AAGR of ~0.5% during most of years within the forecast time horizon.
2. Annual net migration is projected to remain in the lower 1,000s throughout the forecast period with little change.
3. Both annual births and deaths are expected to show an increasing trend. Annual deaths will continue to outnumber births.
4. The population ages forward over time, with the oldest age group account for a larger share of population. Younger population displays some recovery, which may mainly be associated with in-migration in those age groups.
5. The Grants Pass UGB will continue to take the largest share of population in the county. Over time, the share of population outside of UGBs is expected to drop.

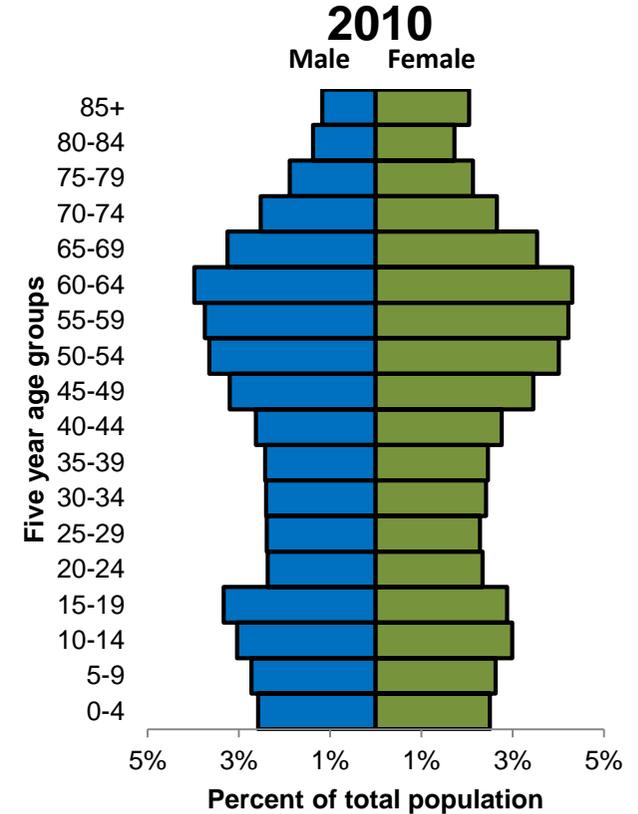

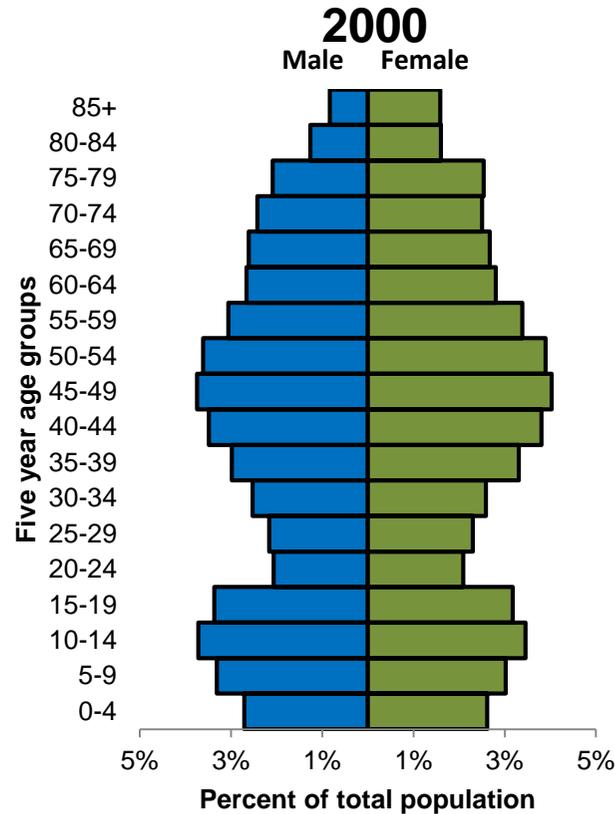

## Race and ethnicity breakdown in 2010 and 2020

Hispanic or Latino and Race	2010		2020		Absolute Change	Relative Change
<b>Total Population</b>	82,713		88,090		5,377	6.5%
<b>Hispanic or Latino (of any race)</b>	5,251	6.3%	7,037	8.0%	1,786	34.0%
<b>Not Hispanic or Latino</b>	77,462	93.7%	81,053	92.0%	3,591	4.6%
<b>White alone</b>	73,289	88.6%	72,730	82.6%	-559	-0.8%
<b>Black or African American alone</b>	295	0.4%	368	0.4%	73	24.7%
<b>American Indian and Alaska Native alone</b>	966	1.2%	883	1.0%	-83	-8.6%
<b>Asian alone</b>	667	0.8%	870	1.0%	203	30.4%
<b>Native Hawaiian and Other Pacific Islander alone</b>	117	0.1%	123	0.1%	6	5.1%
<b>Some Other Race alone</b>	77	0.1%	493	0.6%	416	540.3%
<b>Two or More Races</b>	2,051	2.5%	5,586	6.3%	3,535	172.4%

Sources: US Census Bureau, 2010 and 2020 Decennial Census

# Additional Historical Trends

*These two age pyramids show the population from the 2000 and 2010 Census. Over time, the population ages forward. The older population accounts for an increasing share of the total population while the share of younger populations decreased.*
