Campus Public Safety Committee (UPSOC) – August 28, 2018

Convened: 2:05 pm

Topic: Welcome to new members attending and guests

Discussion: The committee was joined by Constantin Severe, new UPSOC member from the community. Mr. Severe is the Director of the Independent Police Review for the City of Portland.

Topic: Requests for Qualifications

Discussion: Co-chairs reviewed the committee’s recommendation from their previous meeting: to hire Margolis Healey to do the top-to-bottom review of UPSOC. The committee indicated its continued support for this recommendation.

The co-chairs opened the floor to discussion regarding the selection of a firm to execute the internal review of the officer involved shooting. It was the consensus of the committee that a different firm execute the incident review, so the campus community would be assured that full attention was being paid to each review.

UPSOC members felt either of the firms, OIR or Dagle, would do a thorough investigation of the officer involved shooting incident. The committee indicated that thoroughness and speed were critical factors, and that they supported either firm, subject to the firm’s current obligations and availability.

Topic: Membership

Discussion: Co-chairs informed the committee that the remaining membership slots have been filled. New members will begin attending UPSOC at the September 21 meeting.

Adjourned: 3:05pm
