

Access Control

PAST, PRESENT, AND FUTURE

Past

- ▶ Prior to June 2013 all academic buildings were open until 10pm M-F and all day on the weekends. In June of that year two things happened:
- ▶ The Access Control system (Lenel) was integrated with Banner. This was done so that all current faculty/staff and students would have access to all academic buildings from 730am-930pm M-F.
- ▶ Because of the integration, we were able to limit the hours of the academic buildings. Having most of them close at 8pm M-F.

Access Control as of June 2014

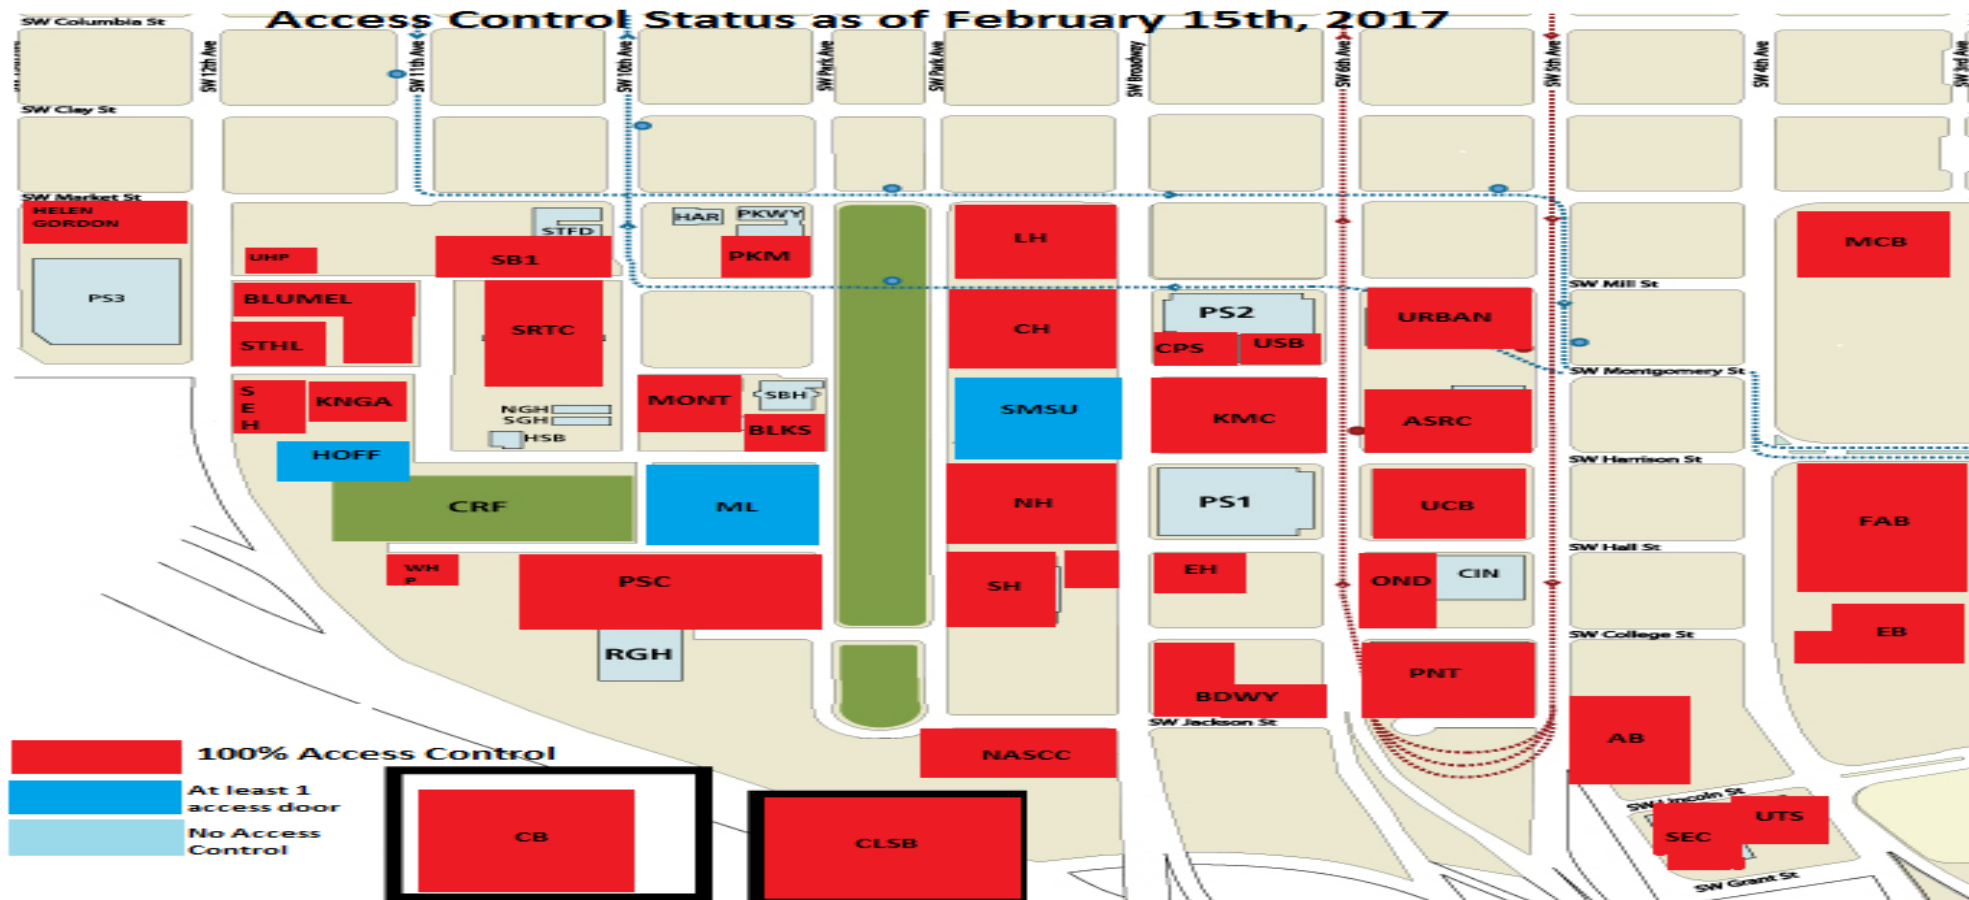

University Access Control Status as of June 24, 2014

Present

- ▶ Currently Portland State University sits on 50 acres, with 50 PSU buildings and 10 residential buildings.
- ▶ There are approximately 4,477 faculty/staff, 4,385 of them with current access badges.
- ▶ There are approximately 29,000 students, 29,966 of them with current access badges.
- ▶ We have 588 card readers and 132 cameras on campus.
