PORTLAND STATE CAMPUS REC
2016-2017 Member Survey Results

Portland State Campus Rec has evolved tremendously since the Academic & Student Rec Center opened in 2010. With a new building came new ambitions, and we are proud to have established ourselves as a leader in collegiate recreation.

Hearing from our members is critical to our success. In spring 2017, we conducted a member survey to help set a baseline for our work over the next five years. We’re pleased to share these results so everyone understands our strengths and where we strive to improve.

Our accomplishments over the last seven years have laid a solid foundation for a promising future. We are strengthening our commitment to serving the PSU community by dedicating more time and resources toward long-term planning. As a result, we created a new five-year strategic plan and are excited to track our growth through 2021.

Thank you to the nearly 800 people who participated in this survey – you invested in our future and our vision of creating a healthy, happy and engaged Portland State community.

I’ve been inspired to try new things and I always leave feeling good. Thank you for all you do for the campus community.

Strongly or somewhat agree that Campus Rec is important to their Portland State experience. 87%

Strongly or somewhat agree that Campus Rec is committed to equity, diversity and inclusion. 86%

Strongly or somewhat agree that Campus Rec helps to create a healthy, happy and engaged Portland State community. 82%

The staff are among the most professional, knowledgeable, courteous and helpful that I have ever encountered in any rec center – thank you.

The Rec Center is a cultural anchor at PSU. Keep up the wonderful work!

Survey was distributed to members by email and taken electronically May 22, 2017 - June 5, 2017. Results are anonymous and based on aggregate data from 781 respondents.
I don't think I could make it through grad school without my Campus Rec routine.
