

How to Join a Team

1. Navigate to the “Teams” tab at the top of your Walker Tracker page.
2. From here, you can choose a team to join. If you don’t see the team you’re looking for, you can search for it using the “search teams” search bar.

3. If you are still having trouble joining a team (or are joining one that is “invite only”), contact the team leader and ask them to invite you.
