WELCOME TO CAMPUS REC! We are excited that you have chosen to become a member of the Student Rec Center. The possibilities for good health, memorable experiences, and learning are at your fingertips and we would like to help you get started. As a new member, we immediately want you to know:

- We strive to create a comfortable, welcoming, and learning environment for you and will gladly answer any questions you might have.
- Almost every staff person you meet working in the Rec Center is a student who is learning – we are proud to work with over 200 student employees who make this place awesome.
- We close the facility for approximately 12 days during the year for cleaning and student staff training; we are also closed for all state recognized holidays. All of our membership pricing and our amazing membership benefits take these days into account and we do not pro-rate memberships and services for the days we are closed.
- Whether you are new to a recreational environment, or an experienced user, please check out pdx.edu/recreation for schedules, outdoor trips or equipment rental, personal training, swimming classes, sports leagues, and much more.
- Drop-in Group X fitness classes, taught by certified instructors and ranging from yoga to cycling, are included in your membership at no additional cost.
- Some services are available for an additional fee, such as but not limited to: locker rental, towel service, and personal training.

LEARNING: Campus Rec’s culture is grounded by student development. We are a hub of student wellness and learning, and consider the Rec Center a classroom. We employ over 200 students per year, some of whom have never had a job or lived in this country before. We invest heavily in training; teaching students how to work within a diverse and inclusive environment. Thank you for joining us in this learning process with your understanding and patience. We will always do the best we can to provide the best possible member experience.

RESPECT: Campus Rec recognizes and celebrates the human differences that surround us. Join us in embracing this philosophy by treating everyone, from staff to other patrons, with respect and kindness.

SAFETY AND CONDUCT: Being in an urban environment, we work hard to ensure safety and security by providing intentional policies and procedures that protect every person who enters our facility. We encourage all participants to read through, and adhere to, our conduct guidelines, found at pdx.edu/recreation/house-rules-policies. Please be prepared to always provide a PSU or government-issued photo ID when entering the Rec Center.

SUSTAINABILITY: Sustainability can help create healthy people and healthy communities. We strive to promote the link between recreation and sustainability by: championing environmentally friendly practices, striving to be socially responsible, and being effective economic stewards. The Student Rec Center is a Gold LEED certified building and we practice sustainability to preserve this beautiful facility and the broad range of people who use it.

For questions, comments or concerns, please contact us at 503.725.2931 or campusrec@pdx.edu. We are thrilled that you have joined us!
