SBA PATHWAYS

APPLICATION

Pathways is more than a scholarship program. It is a commitment of financial and academic support, and a chance for a brighter future. We are committed to the success of each Pathways student. It is our Pathways promise that our underrepresented students obtain a sense of belonging and community not just within The School of Business but also on the greater Portland State campus.

It is the Pathways plan that our students who are first generation, students of color, LGBTQ, Pell Grant eligible, veterans, students with disabilities, and undocumented, will defy the odds-and national statistics in terms of retention rates and earning their business degrees on time.

Among other support programs to engage its students, the Pathways Program provides scholarships that celebrate the contribution of diverse perspectives to the business world.
