Enclosures (1 packet)
Advanced Training in Therapy with Adoptive & Foster Families

This is a series of advanced, evidence-based courses on specialized theories and practices for treating adopted and foster children and their families.

It is relevant for those working with children and families impacted by adoption, foster care, relative care and child abuse, trauma and neglect

Flexible Format
- Advanced training workshops and online courses
- Distance option available
- Academic credit available (graduate credit)
- Post-graduate training certificate

Sponsorship: This program is a collaboration between: Portland State University (Graduate School of Education/Continuing Education and Counselor Education and School of Social Work and the Child Welfare Partnership), the Oregon Department of Human Services (DHS) and Oregon Post Adoption Resource Center (ORPARC)

Mental Health Therapists: The series provides the therapeutic and knowledge and skills to:
- Identify and enhance adoptive and foster care families’ strengths and resiliencies to support their children
- Treat the mental health issues of children with histories of child abuse, trauma and neglect
- Guide adoptive and foster families in developing alternate approaches, expectations, and interactive strategies for helping their children develop and thrive
- Provide accessible mental health services to adoptive and foster families throughout Oregon

Oregon Directory: A directory of mental health professionals who have completed the training certificate is available from Oregon’s Department of Human Services, the Oregon Post Adoption Resource Center (ORPARC), and Oregon licensed private adoption agencies.

Child Welfare and Other Professionals: The series provides the advanced training to:
- Recognize and encourage adoptive and foster care families’ strengths and resiliencies to support their children
- Recognize the emotional, behavioral, and mental health issues of children with histories of child abuse, trauma and neglect
- Support adoptive and foster families in developing alternate approaches, realistic expectations, and strategies for helping their children develop and thrive
- Improve skills to prepare and select families for parenting children recovering from abuse, trauma and neglect

Continuing Education Hours: For mental health therapists, 100 contact hours of continuing education. For child welfare and other professionals, 82 contact hours of continuing education.

Faculty: Each element of the program features national and regional experts. Our in-class and online facilitators are an experienced adoption professionals.
Program Schedule: Each course can be taken as a stand-alone workshop. All courses are offered one time per year. Professionals can enter the program at any time during the year.

Program Cost: Participants pay a registration fee for each workshop and online course, due at the time of registration. Upon acceptance into the full certificate program, there is a one-time administrative fee of $150. Academic credit (up to 8 credits) is available for the courses in this program; tuition is set by PSU.

Post Graduate Training Certificate Information: Mental health therapists who have been accepted to the Postgraduate Training Program receive a Certificate of Completion in adoption and foster family therapy upon successful completion of the program. To earn the certificate, therapists must be accepted to the program and complete all requirements. The Certificate can be completed in one year if all workshops are taken in consecutive order.

Applications are accepted throughout the year. If you plan to complete in one year, a September start is required.

Acceptance Requirements
Therapy with Adoptive and Foster Families
Postgraduate Training Certificate Program

Applicants to the Therapy with Adoptive and Foster Families Postgraduate Training Certificate Program are evaluated on the basis of their academic background, practical experience in the field and personal qualifications appropriate for effective application of the program studies. A master’s degree in a counseling-related field is required. Preference is given to licensed therapists. Please complete the following sections and return to Kellie Herold.

Section A: Background and Practical Experience
- Complete the Application form
- Submit a current resume.
- Submit a signed copy of the Oregon Department of Human Services policy on holding therapy.

Section B: Essay
Answer the following questions (please be specific):
- How will the Certificate Program prepare you to work with or enhance your work with adopted and foster children and their families?
- Based on your current knowledge of counseling/therapy in working with adopted and foster children and their families, what theoretical/philosophical approaches make the most sense to you? Why?
- What areas of study or research are of particular interest to you?

Your response should be typed, double-spaced, and limited to two pages per question.

Section C: References
- Provide two professional letters of reference. One letter should be from a clinical supervisor who is acquainted with your practical experience in the field. Both letters should speak to your professional qualifications. References may be contacted for additional information.

When you have completed and assembled all the information, send your application packet:
