

# CASCADES TO COAST

GK12 FELLOWSHIP

## Data Storm Project

**Research Question:** Do neighbors influence lawn watering patterns?

**Data Objective:** Observe patterns of lawn watering in your neighborhood, record data and send to the Cascades to Coast Project.

Water

NA

No Water

**Step 1:** Determine if the lawns in your neighborhood are watered.

**Key:**

**Water** – Lawn is watered

**No Water** – Lawn is not watered

**NA** – Not applicable, no lawn

**Step 2:** Print out a Google Map of your street and record you data.

**Step 3:** Give the map to your teacher. Your teacher will send your map to the address below.

**Address:**
