Supervisor: ____________________________  Term: _______________________
Supervisor’s E-mail: ______________________

Instructions:

For each CFS Program Learning Outcome, work with your supervisor to decide on at least one distinct
learning experience that will enable you to demonstrate your achievement of this outcome. In other
words, give yourself an assignment for the placement: what can you do in this site to fulfill this learning
outcome? Learning experiences should be stated as concretely as possible, including the criteria for
evaluation.

In addition to the three CFS Program Learning Outcomes, you will also develop one learning outcome
unique to your professional development and purposes for having chosen this specific placement. Think
carefully about what you wanted to learn when you chose this site, and work with your supervisor to
identify a learning experience or task that will help you meet that learning outcome.

At the end of the placement, you and your supervisor will evaluate the degree to which you completed
the learning experience, articulate what challenges you encountered, and reflect on the connections
between this experience and the learning outcome.

Once you and your supervisor have decided on the learning experiences in this Learning Agreement,
you will both sign it and return it to the Practicum Coordinator. You will get the Learning Agreement
back, so you and your supervisor can evaluate your progress at the end of the experience.
CFS Program Learning Outcome # 1: Describe the development, roles, and interaction patterns of children, youth, and families within their social systems.

Learning Experience:
