PROBLEM ASSIGNMENT # 2    DUE: Monday, February 23, 2009

Read the section on BAM in NeuralWorks NC-87 to NC-93, and do some experiments with the BAM example, as described on pp NC91-93. There are a variety of attributes of the model that you can vary, as suggested in the text. “Play” with this, and submit a 1-2 page summary of what you did, and what your experiences with it were.
