	Quantitative Methods Elective II (4) – offered in Fall and/or Winter				
	Qualitative Methods Elective II (4) – offered in Fall and/or Winter				
3rd Year (Comp. Exam)	SW 603 Dissertation (1+)	SW 603 Dissertation (1+)	SW 603 Dissertation (1+)		
4th-5th Year (Dissertation)	SW 603 Dissertation (1+)	SW 603 Dissertation (1+)	SW 603 Dissertation (1+)		Students can complete <b>PHE 504</b>
	<sup>6</sup> PHE 504 Internship OR PHE 501 Independent Research Project (1 or 3)				OR PHE 501 in FALL, WINTER, SPRING, or SUMMER term.

<sup>\*</sup>PhD SW Note: Total 90 credits including 31 core credits, 16 selected research electives, 16 selected substantive area electives, and 27 dissertation credits. Most research electives are offered with 4 credits, however, some are offered with 3 or 5 credits. Using SW 603 credits, students are strongly encouraged to enroll Research in Progress (RIP) course(s) in the process of preparing their dissertation.

<sup>\*\*</sup>Certificate Note: Total minimum of 18 credits including 11 core credits, 6-8 gerontology elective credits (e.g., any aging-specific or has "aging" in course title), and a 3-credit internship at an aging services program 8 hours per week for 10 weeks <u>OR</u> be concurrent with an aging-relevant dissertation/research practicum for 1-credit research unit with IOA in addition to submitting a reflective paper. If the student's dissertation topic were not relevant to gerontology, then they would have to do the internship (PHE 504) or an independent research paper (PHE 501).
