## *Course Information*

**Course Title, Number:** Introduction to Sociology – SOC200

**Course Delivery:** This class is fully online and available to you at all times except when systems maintenance is performed. There are no face-to-face meetings.

**Course Description:** Sociology 200 introduces students to the basic conceptual framework of the study of human societies. We will discover new ways to think about ourselves and our roles in society by examining social and economic inequalities and exploring the diversity of perspectives in the world around us. I have the following goals in mind as we go through the course:

- introduce students to the foundations of sociology, including the theories used in trying to explain society and its complexities and the methods used to investigate the major structures and processes of social life
- help students develop a “sociological imagination,” or the ability to view what is going on around you in a social context and to view events as a result of social factors

## ***Course Requirements – What is required of you while enrolled in this course***

### **Workload:**

As a general rule, in any 4-credit course, students would be expected to spend 4 hours per week in the classroom and about 8-12 additional hours per week doing coursework outside the classroom. Since this class does not meet in the classroom, you should expect to spend between **12-16 hours per week** completing required coursework. The time commitment may vary from week to week, depending on the amount of reading and other assigned work. Some weeks may require significantly fewer hours, some may require more.

Throughout the course materials, I have included many reminders to you regarding the work that you must complete for this course but it is especially important in a fully online course for students to take responsibility for noting and meeting all course requirements and deadlines.

### **Active Participation in Canvas:**

Your participation in weekly online lessons is critical to your success in this course and therefore required. Do not expect to log into the course once per week. You must have access to the Internet on a regular basis so that you can log on to the class **at least every three days** to check for announcements and email.

All coursework must be submitted in the Canvas course. I will not accept any course work that is emailed or posted outside of Canvas assignment tools.

## Work Independently:

All coursework must be completed individually, without help from other students or anyone else. The only exceptions are cases where I instruct students to enlist help from the PSU Writing Center.

## Canvas Course Structure:

This course is organized in weekly modules. **The weeks begin at 6:00 am Sunday morning and end at 11:59 pm on Saturday night.** This weekly structure may not be consistent with other online courses you have taken, or are currently taking, so please be sure to note this schedule so you can plan accordingly.

Required online activities are described and accessible in the **Modules** tab in Canvas.

Each weekly module includes:

### WEEK #

- \* **Learning Objectives** – Use these to guide your reading and to create a study guide for quizzes and exams.
- \* **Instructor Overview** – Material I provide to supplement or highlight aspects of the textbook readings.
- \* **Review Quiz\*** – Required 20 questions covering the week's reading assignment(s).
- \* **Online Activities\*\*** – Required online activities vary each week and may include a discussion and/or short quiz.

## Assignment Instructions

\***Review Quizzes** – Each week, you are required to complete a quiz covering the week's course materials. The quizzes consist of 20 multiple choice and true/false questions. Quizzes are open book and cover material from the current week's overview, textbook and any assigned online readings. You are allowed 2 attempts at each quiz and a different but similar set of questions will be presented with each attempt. Your highest score will be recorded. You have one hour in which to complete each quiz attempt. Once you begin a quiz, do not exit until you have completed it. Doing so may use up one of your two attempts and may prevent you from using any additional attempts. After submission, you will be able to view the questions you answered incorrectly. I suggest you complete the assigned readings, take the first attempt, then print your quiz and look up all the questions you missed. At the end of the term, your lowest quiz score of the quarter will be dropped. Thus, if you do miss one quiz, it will not affect your grade. The remaining scores will be averaged and weighted at 25% of your overall course grade. Quizzes are accessible from 6 am Sunday morning through 11:59 pm **Saturday** nights.

\*\***Online Activities** – Required online activities vary each week and may include a group discussion or short quiz. All online activities are required and your averaged scores will account for 25% of your overall grade. Online Activity quizzes are not timed and you are allowed just one attempt at each associated quiz. Online Activity quizzes are accessible beginning at 6 am Sunday mornings through 11:59 pm on **Saturday** nights.

**Exams** - There will be two online, open-book exams. The midterm will be available from Friday through Saturday of **week 5**; the final will be available from Sunday through Monday of **Finals Week** (week 11). You will have two hours and just one attempt to complete each exam. The exams will cover all online lectures, textbook readings, and online readings. **You may not use any other sources for the exams!** Exams typically consist of a combination of multiple choice and short essay questions. **Essay Questions:** As is standard with all essay exams, your responses will be evaluated based on the amount of relevant information you take from the course readings and incorporate into your response. **Generally, the more relevant ideas you correctly and clearly incorporate in your response, the more points you will receive.** Refer to Plagiarism policy in the Course Policies module! **No points will be given for essay responses that are not properly paraphrased to avoid plagiarism.** Each exam score is weighted at 25% of your overall course grade. You must complete both exams in order to pass the class.

## Course Exam Schedule

The midterm will be available Friday and Saturday of **Week 5**; the final will be available Sunday and Monday of **Finals Week**.

**You must complete both exams in order to pass the course.**

| Exam                | Availability from          | To                            | Material covered |
|---------------------|----------------------------|-------------------------------|------------------|
| <b>Midterm exam</b> | 6:00 am Friday<br>April 29 | 11:59 pm Saturday<br>April 30 | weeks 1-5        |
| <b>Final exam</b>   | 6:00 am Sunday<br>June 5   | 11:59 pm Monday<br>June 6     | weeks 6-10       |

Missed exams - See deadline policy below.

## Grading Structure:

Refer to [PSU's Grading System](#) for an explanation of the letter grades and other grading policies. Be sure to note that a C indicates satisfactory work. Meeting minimum requirements in a satisfactory manner is C work, NOT A work! In other words, students must do work that is significantly above and beyond the minimum requirements to earn a grade higher than C.

Students taking the course with a Pass/No Pass grading option must earn a C- (70%) or better in the course in order to pass.

The various types of coursework are weighted at 25% of your overall course grade. The scores on your coursework will be weighted as follows:

|                   |                                              |
|-------------------|----------------------------------------------|
| <b>Coursework</b> | <b>Weighted points (Percentage of grade)</b> |
|-------------------|----------------------------------------------|

|                          |     |
|--------------------------|-----|
| Midterm exam             | 25  |
| Final exam               | 25  |
| Weekly review quizzes    | 25  |
| Weekly online activities | 25  |
| Total                    | 100 |

To calculate your course grade:

**Exams** - Take your total points, divided by the points possible and this will give you your percentage score. Multiply that percentage score by 25 to get your weighted points for that exam.

**Weekly review quizzes** – drop your lowest score, average the remaining scores. Multiply your average percentage by 25.

**Weekly online activities** – calculate your total points earned divided by total points possible. Multiply this percentage by 25.

## Course Policies

### Deadlines:

Throughout the course materials, I have included many reminders to you regarding the work that you must complete for this course but it is especially important in a fully online course for students to take responsibility for noting and meeting all course requirements and deadlines.

- **Review Quiz** deadlines are firm. One missed quiz will not impact your course grade and therefore may not be made up. Subsequent missed quizzes may only be made up with my approval.
- **Weekly online activity** deadlines are firm and may only be made up with my approval. Since discussions are a group activity, they may not be made up under any circumstances.
- **Missed exams:**
  - Makeup exams are only allowed up to 5 calendar days after the closing date of the original exam. If you are ill during the exam availability period, you should contact me as soon as possible so an extension can be negotiated.
  - If you miss an exam for any other reason, makeup exams are only allowed up to 3 calendar days after the closing date of the original exam. Ten percent (10%) will be deducted from your score if the exam is completed within 1 day of the original closing date, 20% will be deducted from your score if the exam is completed within 2 days of the original closing date, 30% will be deducted from your score if the exam is completed within 3 days of the original closing date.

## Plagiarism:

It is extremely important that you do not represent another person's work as your own (plagiarism), whether intentional or not. It is your responsibility to acquaint yourself with the intricacies of academic writing and the appropriate use of another person's work and/or ideas. See the Tip Sheet in the Content tab for help with avoiding plagiarism. You may also need to seek assistance from the PSU Writing Center.

I expect you to submit work that is appropriate for 200-level college course. While content should be our main focus, I cannot accept any form of plagiarism. If your writing skills are deficient, you may be referred to the PSU Writing Center before you are given credit for your written work. I will notify you if this applies to you.

## Acceptable sources:

You should not use any materials other than those identified in this course.
